Mr. Stephen Muttart, of Carleton, had some apples in town Tuesday that would have been called large, had they been exhibited anywhere but in Summerside, which as the readers of its newspapers know, never exaggerates. Two of those left over from market, were kindly laid on THE GUARDIAN Correspondents tables and their dimensions accurately taken. One measured 14 inches in circumference, the other 14. The editor of the Pioneer why happened along about then, remarked with a longing accent that only an experienced newspaper man can assume, that he had not yet received his winter supply of fruit and shouldering the larger one took it away with him. The other is still on exhibition in this office.

A VERY pleasant affair took place in St. Malachi's Church, Kinkora, Tuesday morning, Oct. 9th, when John E. O'Connor, Bangor, Maine, and Fannie J. Driscoll, were united in holy matrimony by Rev. J. J. McDonald. The bride was attended by her sister Johanna, and Joe McDonald supported the groom. They had breakfast with their pastor Rev. J. J. McDonald, where a couple of very pleasant hours were spent, after which they drove to the home of the bride's brother, John A., where a number of friends assembled, and time there seemed to pass too quickly. The number and elegance of the presents received testified to the popularity of the newly wedded pair. The happy couple left by the Northumberland for their future home in Bangor, Maine.

The regular quarterly meeting of the Summerside Board of Trade was held Tuesday evening, the President Mr. R. C. McLeod in the chair. There was a fairly large attendance of members and citizens. In his opening remarks the president reviewed the questions under consideration since the last quarterly meeting, among them being the train arrangements, harbor dredging and the Summerside Cape Tormentine winter route. There had been much correspondence on these subjects, all of which would be submitted and he was happy to state that a satisfactory conclusion had been arrived at with reference to the two former at least, although the latter is still unsettled. After the correspondence was read, the winter route question was thoroughly discussed, and a deputation, consisting of the President Mr. Neil McQuarrie, Mr. R. T. Holman, and Mayor Campbell appointed to confer with the Minister of Marine and Fisheries on the matter.

What You Pay For Medicine

is no Test of Its Curative Value—Prescriptions Versus Dr. Chase's Kidney-Liver Pills.

Dr. Chase's Kidney-Liver Pills are just as much a doctor's prescription as any formula your family physician can give you. The difference is that Dr. Chase's Kidney-Liver Pills were perfected after the formula had proven itself of inestimable value in scores of hundreds of cases.

Dr. Chase won almost as much popularity from his ability to cure kidney disease, liver complaint, and backache, with this formula, as he did from the publication of his great recipe book.

The idea of one treatment reaching the kidneys and liver at the same time was original with Dr. Chase. It accounts for the success of Dr. Chase's Kidney-Liver Pills in curing the most complicated ailments of the filtering organs, and every form of backache.

As a family medicine Dr. Chase's Kidney-Liver Pills are unapproached. They keep the kidneys, liver, and bowels healthy, active, and regular, and so prevent and cure nine-tenths of the ills to which humanity is subject. One pill a dose, 25 cents a box, at all dealers, or Edmunds, Bates & Co., Toronto.

WE ARE IN THE Monumental Business.

We devote all our time and energies to this line only. We employ tradesmen who thoroughly understand their business, some of them having served their time with the old reliable firm of Cairns & McLean.

Proportion is one of the most particular branches of our trade; without it a Monument cannot look well. This is one of the places where some competitors are continually going astray.

We do not import condemned stock full of cracks and stains, because it is cheap, but we pay the right price and get the right goods.

The Balance of our Stock WILL BE CLEARED OUT AT COST

We don't advertise very much, but when we do we mean just what we say.
