QUEEN'S COUNTY GUARDIAN

Head Offices in New Prowse Block—Charlottetown

The Northumberland arrived Saturday night at 8.30.

A summons for first offence against the Prohibition Act has been served on A. S. Hewitt, returnable on next Thursday.

Delicious home made candy will be sold at Zion Church concert in the Opera House, May 28th.

A. G Putnam, of Sackville, N. B., arrived last week to join Mrs. Putnam, who has been visiting her old homestead, in Eldon.

Plan for Zion Church concert opens at Jamieson's and Rankin's Drugstores at 9 a.m. for coupon holders and at 12 noon for the general public.

Advertisers are asked to have "changes" not later than ten a. m. each Saturday or the Morning Daily and Rural Daily, as Guardian employees have a half holiday each Saturday. The business, editorials and news departments are open a on other days.

The death occurred at Long Creek on Friday, of Edward Lowrie. Deceased was in the seventy-fifth year of his age, being born in this Province in 1832. He leaves to mourn one daughter Mrs. A. F. McNeill, Long Creek, and one son John Lowrie, Montague. Funeral took place yesterday afternoon.

Every structure of brick or stone adds materially to the worth of a city; when that structure is a church, the architecture of which shall be a thing of beauty to the eye, surely it is every citizens' loyal privilege to assist so worthy an object. The concert of tomorrow evening is for that specific object. See the program in another column.

Sometime between now and the end of June, sittings of the Exchequer Court of Canada to be held in the autumn, at Charlottetown, and other places, will be fixed. Notice of this will be published in the Canada Gazette and the official gazette of this province. There are about two dozen cases pending in this province. Stipendiary Inman of King's County has been notified by the registrar of the Court to the above effect.

J. B. Haley of Southport, has taken 50,000 salmon, all lively, active fish, from the hatchery, and deposited them in the head waters of the Morell River. Another deposit of the same size will be made this week, in this river. On Wednesday a similar number was placed in the Midgell. This week Winter, Wheatley and Dunk Rivers will each receive their 50,000. About 900,000 fish were hatched out this spring, the first appearing about the first of March.

The Sons of Temperance concert held in Kindergarten Hall, May 23, was largely attended and proved a very successful affair. The program consisted of solos by Harry Sterns and Percy Stanley; Misses Nettie Ross and L. Blakeney; readings by Misses Rodd and Stewart, Messrs. Lawson, Toombs and Hudson; a duet by Mr. Duffy and Miss Calder; piano selections by the Miss Waterman, and several quartettes and choruses by the choir. Home made candy was sold during the intermission.

It may allay the anxiety of those who were concerned about the reported accident to the train between St. John and Boston to know that a Boston despatch of the 24th, to the St, John Sun, says: -The train which left St John last evening for this city ran into the rear end of a freight train on the Maine Central road near Gardiner, Me. today. The locomotive was derailed and five cars of the freight were wrecked. The St. John train was several hours late, and the engineer was unable to see in the fog. Conductor Wm. H. Donolly of the freight sustained a broken leg, but no one on the St. John rain was hurt.

One of the most pleasurable sports in the world is boating, and in this Province it is very easily obtained. But the enjoyment depends largely upon having at one's service a proper boat. With a good boat sailing or rowing discounts many other forms of enjoyment, but with a poor craft it is often a miserable business. In another column will be seen the ad. of H. W. Embree & Son, boatbuilders of Port Hawkesbury, whose boats have won a splendid reputation for their comfortable and seaworthy qualities. The firm build craft of all dimensions, from rowboats to steam boats, and all that are turned out are characterized for graceful model, strength, and satisfactory results in the work for which they are intended. There are a number of these boats now in Charlottetown harbor and their owners are thoroughly well pleased with them.

Albert Colwill has returned to the city from Philadelphia.

Joseph W. Dorsey has returned to the city from McGill University.

Miss Hattie McKie, Amherst, N. S. is visiting her sister Mrs. H. H. Horne of this city.

The prohibition case against Wm. McCallum tried before the Police Court on the 23rd was adjourned until the 30th.

In future all classified and other advertising, verbal replies to which are to come to this office, will be charged at double rate.

Alex McQuarrie, who spent his boyhood days in Prince Edward Island, is conducting a first class milk business at Oakland, California.

The premises of Peter Gillis Sydney Street, were raided May 23rd, by the police officers. A number of samples of beer were seized to be analyzed.

Among the several fine horses which came from P. E. Island to Moncton recently on the Empress was a matched team of drivers for parties at Portland, Maine.

The schooner Raeburn, Capt. Beck, has arrived in port from Crapaud, Prince Edward Island, with a full cargo of produce, including potatoes, oats, feed, etc. This is the first cargo of produce to arrive in port this season.—Sydney Record,

The Rev. Dr. A J. Sinclair, son of Rev. R. G. Sinclair of P. E. Island, has been offered a chair in Manitoba College. Two of the Professors of the Montreal College staff to be appointed by the approaching General Assembly are natives of P. E. Island.

A fine bay horse horse (Barrister) was sold to the City last week by J. W. Rodd of Harrington. This handsome animal is only four years old and is admired by competent horsemen to be one of the nicest horses that has been on the streets for some time. This is the second horse Mr. Rodd has disposed of to the City, and handsome prices were realized for both.

The death occurred at Wood Islands on Thursday of Angus Panting, aged 88, brother of Mrs. McKenzie, Garfield. He leaves three sons Daniel and George at home, and Frank in Wood Islands East, and the following daughters, Mrs. Briggs and Miss Maggie in the United States, Mrs. Daniel Docherty in Cardigan, Miss Mary and Miss Katie at home.

The St. John Star of the 23rd inst., says: Mrs. Ellen Delaney, said to be a native of P. E. Island, was found dead in bed this morning in a house on White street. Mrs. Delaney who was not well off in worldly possessions, had been for some time a sufferer from consumption. Arrangements were being made to have her admitted to the Home for Incurables and until a vacancy occurred she was living with Mrs. Robinson, on White street. This morning when Mrs. Robinson went to the room, she found that Mrs. Delaney had passed away during the night. The dead woman was about fifty years of age and is thought to have relatives living at Tryon.

YOUR PAIFUL CORN.

What it wants is the soothing attention of Putnam's Corn Extractor, which lifts out the very root and branch in short order. No pain, no after effect, just clean wholesome cure—that's Putnam's."

Good News. Ask your dealer for Inverness Coal. Positively no soot on stove covers or bottom of pots. Nothing cleaner [except Authracete.]
