### RESPONSIBILITY FOR PASSABLE FOOTWAYS.

Matters are not quite as bad as they formerly were in regard to our sidewalks and footways, but there is still much to be desired. We have excellent permanent sidewalks, in the heart of the City, procured at large cost to the citizens, and maintained in excellent order during seven or eight months of spring, summer, and fall. The failure comes in the winter season. The City Government is responsible for this. It imposes upon resident citizens and property-owners the duty of cleaning off the snow and ice from the walks in front of their premises. Some attend to this duty, while others attend to it badly and still others shamefully neglect it. Behind all the City Government is responsible for what is done or left undone. It cannot escape the responsibility of enforcing its own by-laws. On Queen's Square we are up against the old question of divided

responsibility. There are on the Square the civic Market Building, the Dominion Building containing the Post Office, and the Legislative Building and the Court House which are owned by the Province. The approaches of the Post Office from both sides are looked after pretty well. But from the Post Office eastward there is now and always has been sad neglect of the footways in winter. Our own view is that the Provincial Public Works Department has neglected an obvious duty in not clearing the approaches to its buildings from the streets on both sides of the Square. However that may be, either the Province or the City authorities, or both are responsible for existing dangerous and troublesome conditions. Surely it is high time that the question of responsibility should be settled, if such a question exists, and all the walks across the Square made passable.

### WHAT IRELAND COSTS.

Here we sometimes have a little discussion as to what this Province pays to and receives from the Dominion, in regard to which the disputants were not able to agree. A like discussion as to what Ireland pays and receives as the result of her partnership in the United Kingdom has been going on over there with still wider differences of opinion. Recently Mr. Birrell, the Secretary for Ireland, publicly made the statement that "Ireland did not contribute a brass farthing to anything Imperial," but rather had been a financial drain upon England. According to Mr. Birrell there had been a loss of \$10,000,000 yearly on account of Ireland since old age pensions were instituted. He hoped that home rule would wipe out this loss and that Ireland would become a contributing member as respects imperial expenses.

On the other hand John Redmond, in an address before the City Liberal Club in London, contended that for the last century or more Ireland has been paying some \$12,000,000 yearly more than her fair share of imperial taxation. If the relative proportion had been diminished in recent years,

### Does Your Back Ache?

If you have Bladder or Urinary Troubles and Weakness of the Kidneys—Read Below.

Your back aches and fairly groans with the distress of kidney trouble. You're discouraged, but you mustn't give up. The battle can be quickly won when Dr. Hamilton's Pills get to work. These Kidney specialists bring new health and vitality to

young and old alike. Even one box proves their marvelous power. Continue this great healer, and your kidneys will become as strong, as vigorous, as able to work as new ones.

Remember this: Dr. Hamilton's Pills are purely vegetable; they do cure liver, bladder and the kidney trouble. They will cure you, or your money back.

Mrs. W. U. Rossiter, wife of a well-known merchant in Kensington writes as follows:—

"Ten years ago my kidney trouble started. I suffered dreadful pains in my spine and around my waist, my back feeling as if hot irons were running through. I couldn't sleep had no appetite, was pale, thin and very nervous. Cruel headaches, and drowsiness added to my burden. Not until I had used Dr. Hamilton's Pills did I get any relief. They proved capital and helped me immediately. Eight boxes made me well, and now I do my own housework, feel and look the picture of health."

Your complete restoration to health is certain with Dr. Hamilton's Pills of Mandrake and Butter-nut. Refuse substitutes. 25c per box, or five for \$1.00 at all dealers or the Cartarhobone Co., Kingston, Ont.

It was said, it was because of the outrageous cost of Irish administration. A proof of this he affirmed that while in Scotland there were 938 officials with salaries large enough to be assessed for income tax and drawing a total of \$1,600,000, there were in Ireland 4,560 officials, drawing an aggregate income of over \$7,000,000. According to Mr. Redmond Ireland's government is the most costly in the world, and he foresees a great saving to the British treasury in making a bargain by which the new rule government in Ireland would take the responsibility for the conduct of the country and would control the cost of its administration. It is quite beyond question that the government of Ireland has been very costly, but whether the cost would be greatly reduced under home rule, or whether Mr. Birrell or Mr. Redmond's nearest right in summing up the account are matters which we have no means of determining.

### GOLD AND PAPER MONEY.

Canada is shortly to have new gold coins from our own Canadian mint of the value of five and ten dollars respectively, and these are to have the words Dei Gratia stamped thereon, thus supplying an omission in the earlier Canadian coinage. All of which is so far satisfactory. The new coins will also, it is said, pass at their face value in the United States and will, for that reason, have a certain vogue among the few. The discount upon Canadian bank notes in the States can thus be avoided by Canadians who have occasion to travel across the border, as many do.

American notes as well as American gold have long been current in Canada and it will be something to show our neighbors that if they object to our notes we can pay in gold, at least as far as travelling expenses go. But for all the ordinary purposes which money serves the average citizen will prefer Dominion notes or the notes of our excellent chartered banks. Notes are much lighter in weight, than gold, they do not wear the pocket and are less liable to be lost than gold coins are, and for these reasons it is not expected that the new gold coinage will come into common circulation to any very large extent.

Some objection is made by fastidious persons in regard to paper money that in passing from hand to hand it becomes soiled and even dirty, and it has been suspected as being the medium for the transmission of infectious or other diseases. As to the danger of infection from soiled bank notes, which some of the doctors have thought might be considerable, Mr. Boville, the Deputy Minister of Finance at Ottawa, is quoted in the negative. He tells that in his department some thirty to forty women are employed from the beginning to the end of the year every day in counting the soiled, mutilated and condemned one and two dollar notes and the health of these women has been better than the average of those employed in the civil service. And some of them had been constantly engaged in handling and counting these notes for forty years past.

### A CIVIC GOLD MINE.

Most Canadian cities gave away to the first comer the free use of their streets to car companies, telegraph

companies, telephone companies and any other sort that chose to ask for a street franchise. Nearly all of them came to regret this action later. The wise men of Toronto devised better things for themselves and seem to have struck a gold mine in the way of a street railway.

Some twenty years ago the bargain was made which gives the city 20 per cent of the receipts of the street railway from May to the end of August yearly, with decreased percentages during the remaining months. The city's share of the street railway company's receipts during 1911 was \$687,650 in addition to \$83,000 in mileage rates and \$50,000 in taxes, a grand total of \$820,000.

Here is a little income of \$68,333 per month flowing into the Toronto exchequer, and this income increasing rapidly from year to year, which but for prudent forethought twenty years ago would have simply gone to fatten a wealthy company. Now it serves to pay no small portion of the taxes of the citizens. There is a lesson in this for much smaller cities than the Ontario capital.

### GAS, INDIGESTION AND DYSPEPSIA GO IN FIVE MINUTES

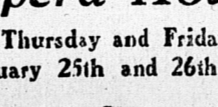

Why not get some now—this moment, and forever rid yourself of Stomach trouble and Indigestion? A dieted stomach gets the blues and grumbles. Give it a good eat, then take Pape's Diapepsin to start the digestive juices working. There will be no dyspepsia or belching of Gas or eruptions of undigested food, no feeling like a lump of lead in the stomach or heartburn, sick headache and dizziness, and your food will not ferment and poison your breath with nauseous odors.

Pape's Diapepsin costs only 50 cents for a large case at any drug store here, and will relieve the most obstinate case of Indigestion and Upset Stomach in five minutes. There is nothing else better to take Gas from Stomach and cleanse the stomach and intestines, and besides one single dose will digest and prepare for assimilation into the blood all your food the same as a sound, healthy stomach would do it. When Diapepsin works, your stomach rests—gets itself in order, cleans up—and then you feel like eating when you come to the table, and what you eat will do you good. Absolute relief from all Stomach Misery is waiting for you as soon as you decide to take a little Diapepsin. Tell your druggist that you want Pape's Diapepsin, because you want to become thoroughly cured this time. Remember, if your stomach feels out of order and uncomfortable now, you can surely get relief in five minutes.

as an upright, honorable man whose life was beyond reproach. His wife (Miss McKenzie) predeceased him seven years ago and he leaves to mourn a family of six. Mrs. Isaac Hardy, Pleasant Grove, James and Wallace in Winchester, Mass; Pamela and Eliza in Malden, Mass and Fred on the homestead. The remains were laid to rest in the York Cemetery, beside those of his wife, Rev. E. A. Westmoreland performing the funeral ceremony.

Princes and lords are but the breath of kings  
An honest man is the noblest work of God."

OBITUARY.  
A gloom was cast over Morell and

vicinity on Friday, Dec 22nd, when the sad news issued forth of the death of Mrs. William Sinnott of that place. She was a cheerful, kind hearted Christian woman and always appeared to enjoy good health until one week previous to her demise when she contracted pneumonia and all that medical aid could do was to no avail. Kind hands strove to comfort her, and her devoted pastor Rev. A. J. McIntyre, visited her daily during her short illness. The deceased who had reached the age of 55 years was the mother of thirteen children, three of whom predeceased her. She leaves to mourn their irreparable loss a husband, three sisters and two brothers. The remains were interred in St. Joseph's Cemetery, May her soul rest in peace. Com. Other Provincial papers please copy.

A whirlwind of Bargains a regular avalanch of timely economies.

Come in and see the buying power of a single dollar.  
**Money Saving Opportunities For Everybody Is Here**

Our main object in this sale is to clear our floors of as much stock as possible by Jan 31st which is **Inventory Day**. We wish also to dispose at once of odd sizes remainders of broken lines that have been discontinued by the makers. THE drastic price reductions which figure in the following short list show how determined we are on quickly clearing our stock of these oddments.
