FIRE INSURANCE RATES IN CHARLOTTETOWN ARE TO BE INCREASED.

Owing to the City of Charlottetown having increased the tax on Fire Insurance Companies, the companies have found it necessary to increase rates of Mercantile property commencing the first of August.

The rate of increase has been fixed at ten per cent on present premiums. On the first of August five per cent will be added and the balance of five per cent will come into effect on 1st February, 1913, unless the city instal by that time an up-to-date chemical fire engine. This five per cent has been held in abeyance in order to give a reasonable time to the authorities to make their arrangements. With the present rates prevailing, it is felt by Underwriters, that the fire fighting apparatus in Charlottetown should be brought up to the same standard as in other cities of the same size. The City Council have been formally notified of the above. 7-19M3i.

"The Fever Thermometer is at times invaluable. They are apt to be of important service any time. It is essential that they be absolutely reliable. What we supply we know to be perfect. We have a large variety 50c to $3.00. J. G. Jamieson Druggist. 7-22M1i.

"Mac's Blood Food is a good tonic that will purify the blood and develop the nervous system. It has worked such wonderful cures in every case where it has been used that those who suffer from illness cannot afford to ignore its superior qualities. A box 50c The Two Macs. 7-22M3i.

"Brown's is the place to go for your hats, underwear and furnishings. You are sure of getting the very best goods at the most moderate prices. 7-22 M 2i.

SOME FACTS.

In 1891 The Morning Daily Guardian was established, and is still issued each morning with the latest local and foreign news, including the Canadian Press and a special telegraphic service.

In 1887 The Weekly Guardian was established, but its issue proved too infrequent for readers as the Province advanced, and from time to time was changed, first to a Semi-Weekly, then to a Tri-Weekly, and later to a Rural Daily, so that for years The Guardian has issued two dailies, as at present—one in the morning as a Morning Daily, and the other in the afternoon as a Rural Daily. As the name of the latter was never sufficiently clear as to what it implied, and always required much explanation, it was in May last changed to Evening Daily, and continued as an afternoon paper.

For some time past the management has felt that Prince Edward Island is justly entitled to a twenty-four hour telegraphic news service, as enjoyed by the other Provinces of Canada, rather than the night wire service only, as up to June 30th last supplied by The Morning Guardian and afterwards printed in The Evening Guardian. Accordingly a representative visited St. John and arranged for a Canadian Press day service, which is appreciated by the general public.

It is thus to The Guardian that the people of Prince Edward Island are indebted, first for a night Canadian Press service and now for the day Canadian Press and Special Telegraphic news published since July first and thus enjoyed by its readers.

The friends of both The Morning Guardian and The Evening Guardian are quite expressive of their appreciation that their favorite paper contains the latest day and night, as well as night and day Canadian Press and Special Telegraphic and local news, and thus a complete twenty-four hour service. Advertisers are also more than pleased with the rapid increase of fully two thousand readers already in The Evening Guardian's circulation, as well as several hundred for The Morning Daily.

The Guardian ever realizes its obligation to furnish its readers with the latest and best news service obtainable, and to give to its advertisers the largest and most valuable circulation possible.

The Guardian is now but issuing two dailies, one in the morning and the other in the afternoon, as it has been doing for years, but since July first its afternoon paper contains its own day's news in addition to that of The Morning Guardian, or, in other words, the news of the twenty-four hours immediately before it goes to press. The Morning Guardian occupies a similar position.

BEWARE Young Man

It's The Little Dandruff Germs That are Causing Your Hair to Thin Out.

Parisian Sage Stops Falling Hair

The clever young man of today doesn't take any chances on losing his hair. A man who is bald-headed at 30 looks like 45, and is placed at a disadvantage when seeking employment.

If you have dandruff it means down near the roots of your hair an army of dandruff germs are attacking the hair root and destroying its vitality. Then hair falls out; grows thin and baldness results. Young man, put your faith in PARISIAN SAGE, it will stop falling hair, kill dandruff germs, abolish dandruff and itching scalp, or money back.

PARISIAN SAGE is only 50 cents a bottle at Geo. E. Hughes' and dealers everywhere.

SAGE TEA WILL DARKEN THE HAIR

Restore Faded and Gray uair to Natural Color—Dandr ff Quickly Removed.

There is nothing new about the idea of using Sage for restoring the color of the hair. Our grandmothers kept their hair dark, glossy and abundant by the use of a simple "Sage Tea." Whenever their hair fell out or took on a dull appearance, they made a brew of Sage leaves, and applied it to their hair with wonderfully beneficial effect.

Nowadays we don't have to resort to the old time tiresome method of gathering the herbs and making the tea. This is done by skillful chemists better than we could do it ourselves; and all we have to do is to call for the ready-made product. Wyeth's Sage and Sulphur Hair Remedy, containing Sage in the proper strength, with the addition of Sulphur, another old-time scalp remedy.

This preparation gives youthful color and beauty to the hair, and is one of the best remedies you can use for dandruff, dry, feverish, itching scalp, and falling hair. Get a fifty cent bottle from your druggist today, and you will be surprised at the quick results. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented. Special agent. E. A. Foster, Sunneyside.

DISEASE IS A CRIME DON'T BE A CRIMINAL

Those suffering from disease are being punished by nature for the misuse and abuse of her good gifts. Invalids and disease-laden people have all broken the laws of good health—are criminals according to the statutes of hygiene—and can only regain health, strength and happiness by undoing what they have done, by building up their body and strengthening their brain. This can be done only by filling the veins with rich, red life-giving blood in place of the watery fluid now contained therein.

Nulife is the preparation you need. It is a splendid blood and nerve tonic that strengthens the blood, makes it rich, red and health-giving and fills you with that rich joy of living—that exhilarating sense of happiness, vim and vigor—that all normal people should possess. Nulife is easy to take and secures sure, certain and rich results. It has worked wonderful cures in many cases—no matter how far advanced your affliction may be you will benefit in some way by the use of this splendid tonic.

Don't be content with poor health, with dragging out a mere existence, when Nulife will give you all the glory of health and happiness. Every tablet means that much more and better blood. A box costs 50c, 3 boxes for $1.25 and 6 boxes for $2.50. For sale by the following dealers:—
