INCREASES IN SUPPLEMENTS

Was Characteristic Feature of Meetings

Held in the Different School Districts of the Province—More Money Voted was for Improvements, Etc.

Continued.

FARK CORNER.

The annual meeting passed off very quietly. John Stewart was re-elected trustee. \$40 was voted for teachers' supplement and \$50 for contingent expenses. The school will be vacant after July 1.

O'LEARY.

The school meeting was presided over by P.N. Pate. \$80 supplements were voted, \$25 to each teacher and \$75 for running expenses. The school grounds will be fitted up and walks laid out. The trustees are K. H. Jelly, Geo. Johnson, Sr., and P. N. Pate.

IRISH TOWN.

The attendance was not as large as on previous years. The supplement has been increased to \$35 and \$105 was voted for running expenses and new seats. The trustees are M. J. Murphy (re-elected), John Campbell, Wm. Paynter; A. W. Delaney, Secretary.

VERNON RIVER.

The school meeting was held according to notice with L. C. Hayden in the chair and thirteen rate payers who though small in numbers show great interest in the work. J. R. McDonald retiring trustee was re-elected. Dr. J. T. Collins took a very active part. \$115 was voted by the district and the best teachers obtainable will be secured.

HUNTER RIVER.

The annual meeting of Hunter River school district was held with a small attendance of ratepayers. Dr. Douglas occupied the chair. Edward McRae was elected trustee in place of Geo. S. McLeod. The sum of \$40 was voted as supplement for the present Principal, A. C. Cullen, \$40 for contingent expenses. A motion was carried favoring midsummer vacation.

SOUTHPORT.

A large and enthusiastic school meeting was held in Southport on Tuesday. \$75 supplement was voted on condition that the present teacher Allison Campbell is re-engaged also \$35 for contingencies and \$40 for repairs. Midsummer vacation was adopted and the trustees intend having the school house repainted during the year. The Trustees for the ensuing year are Daniel Stewart (re-elected) Mack Henry and Ignatius Rosch.

VERNON RIVER BRIDGE.

At the annual meeting of the School District sixty dollars was voted as supplements to teachers viz thirty dollars to principal and thirty dollars to assistant. The Trustees for the ensuing year are John J. McGillivray, William A. Masters, and John M. McLeod. The teachers for the incoming year have not been hired yet but will probably be the same as last year viz John A. McKenzie, Principal and Ella McLeod for the Junior Department.

GEORGETOWN.

The annual school meeting was held Tuesday afternoon. G. A. Aitken occupied the chair. The minutes of the last meeting together with the accounts were read and passed. Two hundred dollars

GRAND TRUNK PACIFIC ENQUIRY

Day of Sensations in Court at Winnipeg

Grand Trunk Witnesses Prove Unreliable—One of them Ordered Out of Court by the Judge.

THE G. T. P. ENQUIRY.

WINNIPEG, June 22—(Special)—Tuesday was a day of sensations in the Grand Trunk Pacific enquiry.

AN UNRELIABLE WITNESS.

One witness for the Grand Trunk Pacific, who produced a statement purporting to be an accurate copy of applications for positions which the Judge showed was entirely inaccurate, was later ordered to leave the court for indecorous behaviour.

CONFLICT BETWEEN WITNESSES.

Another sensation was provided by the direct conflict between two witnesses, one an Englishman named Goddard, who threw up his post in disgust at the way Americans were given the preference.

BRITISH BORN, BUT NOW ALIEN.

The man whose story the foregoing witnesses contradicted is an American named Allen, who was born a British subject, but afterwards naturalised in the United States.

NOTHING LIKE EXPERIENCE.

"One truth learned by actual experience does more good than ten experiences one hears about." Tell a man that Chamberlain's Colic, Cholera and Diarrhoea Remedy will cure cholera morbus, and he will most likely forget it before the end of the day. Let him have a severe attack of that disease, feel that he is about to die, use this remedy, and learn from his own experience how quickly it gives relief, and he will remember it all his life. were voted for running expenses and \$200 for supplements. The attendance was regrettably small. The trustees are W. W. Jenkins, Capt. Hugh McPhee and T. W. McDonald. Principal Jos. Gillis resigned. A complete metric output consisting of weights, measures, and maps have been received from the Department of Interior through the representation of J. J. Hughes, M. P.

TRYON.

The teachers' supplements were doubted and the amount voted for running expenses was the largest in the history of the district. It was enthusiastically and unanimously decided to consolidate the Tryon, Lady Fane and West Tryon schools, the central school to be located where the Macdonald rural school now is.

The people will provide their own vans for carrying the children, and a church opposite the present school has been rented to provide sufficient accommodation for the 120 children of the three districts. The consolidated school is expected to be opened July 10th. The Macdonald fund, through Dr. Anderson, Chief Superintendent of Education, is assisting the district towards consolidation. Votes of thanks were tendered Prof. J. W. Robertson and Sir W. C. Macdonald for the valuable assistance they have given towards the cause of education in the district. The schools at West Tryon and Lady Fane voted the same amounts for supplements and running expenses as last year.

STATUE IN HONOR OF DE MONTS

Corner Stone Laid with Imposing Ceremony

Addresses Breathe Spirit of Peace and Good Will—Rain and Fog Interfere in St. John.

FOG AND RAIN AT ST. JOHN.

ST. JOHN, June 22—(Special)—Fog and rain today interfered with the outdoor celebrations in honor of the Royal Society.

Important papers were read and discussed at today's session.

IN HONOR OF DE MONTS.

At Annapolis the corner stone of the statue in honor of De Monts was laid with imposing ceremony, Governor Jones delivering the dedicatory speech.

A PLEA FOR CONCORD.

Sir Charles Parsons in an excellent speech expressed the hope that peace and

good will shall continue between France and England whose pioneers discovered Port Royal, the United States whose inhabitants made it British and Great Britain in whose possession it now is.

IN WOMAN'S FAVOR.

Few treatments stand so high in woman's favor as Dr. Chase's Nerve Food. This is not only because of the extraordinary control which this preparation has over diseases and weakness peculiar to women, but also because of its power as a tissue builder. By weighing yourself while using Dr. Chase's Nerve Food you can prove that new flesh and weight is being added to the body.

RUSSIAN FORCE IS AMBUSCADED

And Suffers Loss of 1200 Men—Oku and Kuroki about to Join Forces—Japs Occupy New Ground—Generous Donation of British Red Cross in Aid of Russian Wounded.

A NOBLE OFFERING.

ST. PETERSBURG, June 22—(Special)—Lady Harding, wife of the British Ambassador presented the dowager Empress with ten thousand pounds contributed by the British Red Cross Society toward the relief of the Russian wounded.

JAPS OCCUPY NEW GROUND.

LONDON, June 22—(Special)—General Oku reports that detachments of Japanese troops have occupied Hsi Hung Yao Chong, south west of Hai Ting.

RUSSIAN FORCE AMBUSHED.

While a Russian force of 8000 under General Kondratsvich were traversing Wafungho ravine, southeast of Kai Chow, they were surprised by concealed Japanese artillery force.

HEAVY RUSSIAN LOSSES.

The Russians lost heavily, their casualties being 1200 in number.

OKU TO JOIN KUROKI.

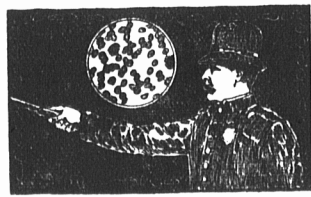

It is understood that General Oku is following up his intention to join General Kuroki, who has moved out to meet him.

The apparent determination of

Generals Oku and Kuroki to effect a junction of their forces can only mean that they intend to attack the Russian army under General Kuropatkin. In the meantime doubtless the preparations for the siege and bombardment of Port Arthur will go on, but the more serious fighting of the near future may be looked for in the north. A series of severe engagements may not be expected, upon the result of which will depend whether Kuropatkin will or will not be forced to retreat toward Harbin. The entire Russian force is understood to be on or near the main line, extending from Kai Ping, 150 miles north of Port Arthur to Mukden, say 270 miles, with Liao Yang as head quarters, midway between.]

A BOOK FOR THE HOME.

Dr. Chase's Last and Complete Receipt Book, containing over three thousand miscellaneous recipes, is sold at \$2.75 post-paid. There is no book published which is so useful in the home. After using it a month you would not exchange it for \$10. If you don't consider it worth more than the price return the book in good condition and get your money back. Illustrated circular free. E. THE GUARDIAN OF OUR BODY.

The foremost biologist of our day, M. Metschnikoff, has shown the world of science that there are leucocytes in our blood that act as scavengers or policemen. These policemen which are called phagocytes look out for the noxious or poisonous elements in our blood. Various offending elements are picked out of the blood and tissues by these policemen and destroyed. Therefore our lives are protected by these blood-cell-policemen, the phagocytes, and we enjoy immunity from disease so long as our blood contains plenty of phagocytes and red blood corpuscles. "A new broom sweeps clean"—and in order to put our own house in order we must get rid of all the poisons in the blood with a new broom such as an alterative extract made from roots and herbs—with Golden Medical Discovery, a specific for making rich red blood—for eradicating the poisons from the blood. In some way the policemen in the blood are increased in number and strength—so that we are put in the best possible shape to resist disease—to cure neuralgia, colds, catarrh, and incipient consumption. "The more study and time is given to the subject the more we find that the blood is the center of life"—says Dr. R. V. Pierce, the noted specialist of Buffalo, "the health and comfort of the average person depends entirely on the blood supply—for the heart must have pure blood or it will not pump and keep the body supplied regularly like the beautiful automatic engine it is. The nerves must be fed on pure blood—or we suffer the pain of neuralgia, which is the cry of the starved nerves for food. Headaches, cold in the head, catarrh—and many other things are due to stagnation of the blood." Dr. Pierce's Pleasant Pellets are a mild laxative. No other medicine equals them for gentleness and thoroughness.

DIED.

At North Rustico June 22nd, Carrie M. Gillis, daughter of Norman Gillis.

In this city, Albertha Craswell, infant daughter of William and Mary Wiltshire, aged one year.

At Tryon on June 21st, 1904 of paralysis of the throat, Rufus C. Leard, son of John N. Leard, aged 41 years. [Funeral to-day at 2:30 p. m., to Tryon Cemetery.]
