—WON THEIR APPEAL.—Messrs. Brace, McKay & Co. received a telegram from Montreal on Monday stating that they had won their appeal case in the Superior Court there. This case has been before the courts there for the best part of three years. It was tried in the Court and judgment given against Brace, McKay & Co. in November of last year. The firm then appealed and recent judgment in their favor is the result. This suit, as we understand it, hinged upon what is meant by "free on board." The respondents, Wm. Schmidt and others, refused to accept the drafts on a shipment of potatoes claiming the right to examine the potatoes before they did so. The court, we understand, has decided that "f. o. b. Summerside" carried with it that payment had to be made in Summerside and that it was due when the potatoes were shipped on board the steamer here. This suit has given rise to much interest among business men and we congratulate the firm on their success. We learn, too, that there can be no appeal from the last trial court.—Island Farmer.

reached Montreal on July 4, 1919, but Schmidt and Company refused to accept the goods because vendors declined to allow the potatoes to be examined and inspected on their arrival here. They pleaded that the potatoes had been sold "F. O. B. Summerside" and "stock guaranteed good when shipped."

The White-Tailed Deer

—perhaps you know it better as the Virginia Deer—is the best and most widely spread representative of American big game. In one form or another it is found over the greater part of the continent. The splendid antlered heads that adorn the homes of many sportsmen are evidence of the popularity of this animal.

In Canada the White-Tailed Deer is represented by three sub-species. The typical form is found in the east, the prairie form in Manitoba westward to the Rockies, and the Columbian White-Tail or Cotton-Tail Deer, which is found in southern British Columbia, and between the Selkirk and Cascade Ranges. West of these mountains the White-Tail is replaced by the Black-Tail or Coast Deer, light colored examples of which are sometimes taken for the White-Tail. The White-Tail of the west is known as the Red Deer.

The fleetness of the deer makes a well-placed shot necessary and the sportsman should be sure that his ammunition possesses the speed and accuracy of the new

DOMINION 30-30

This cartridge has an additional velocity of 200 feet per second and is one of the most popular cartridges in use. Look for the label on the box as well as the big "D."

Other popular Dominion calibres for big game are the .250 Savage, .33 Winchester, .30, 32 and .35 Remington, .351 Self-loading, .32 Special, .280 Soft Point, .303 British and .30 U.S.—all backed by the big "D" trademark.

Our new game book "The Call of Canada", with illustrations of Canadian game birds and animals reproduced in full colors, contains valuable information that will interest you. Every sportsman should have a copy of this beautiful book in his library.
