**NEXT TO ENGLAND, UNCLE
 SAM'S NAVY BEST IN WORLD**

Chief Designer of British Warships for Twenty years on American Fleet. He Thinks Ship For Ship That They are Equal to any in the World

BOSTON, April 23—In a lengthy interview, published today, Sir William Henry White, who was for more than twenty years, up to 1902, the responsible designer of all British warships, comments on recent criticisms of the American navy. After declaring that the criticisms are unfounded on fact and supplementing this declaration by a long and technical explanation, Sir William says: "There is one thing more that I should like to say, and I think it is vital. I have known the American navy from the start. It is not generally known that the modern American navy started with the purchase of two of my designs from Armstrongs. That was in 1885. From those designs the Charleston and Baltimore were built.

"The first thing I want to say in this connection is that you have in your naval architects, men as capable as any, in my judgment, in the world, because they have been properly trained, and, besides, they are picked men.

"The second thing I want to say is

A WONDERFUL COLD CURE. Just think of it, a cold cured in ten minutes—that's what happens when you see "Catarrhose." You inhale its soothing balsams and out goes the cold—sniffles are cured—headache is cured—symptoms of catarrh and gripe disappear at once. It's the healing pine essences and powerful antiseptics in Catarrhose that enable it to act so quickly. In disease of the nose, for irritable throat, bronchitis, coughs and catarrh it's a marvel. Sale even for children, 25c. and \$1.00 sizes at all dealers.

Incompetents Will Not Get Same Pay as Good Men

WINNIPEG, April 23—A conference between C.P.R. officials and representatives of the men affected by the new working rules, was held today at Winnipeg. The company says wages are not reduced by the new rules, but the system under which they had to pay incompetent men as much as others will be done away with.

It is evident that the trouble will not be confined to the C.P.R. alone. The fact that Messrs. Fitzlugh, Brownlee & Gillen are in New York today attending a meeting of the American Railway Association, gave rise to a story that the G.T.R. was in it. This is the association that proposed to reduce wages on five American railways which has been postponed until July. The understanding is that the meeting today is called to obtain the co-operation of all the roads.

Meetings have been arranged by C.P.R. men from St. John to Winnipeg of all branches of the system, organized and unorganized to consider the situation.

that your shipbuilding yards are quite equal to any we have in their equipment and management and all that. They have come later and they have the advantage of all the accumulated experience we have had to go upon. And there is American ingenuity at the back of all that on the mechanical side. And the result is that in my opinion, you have a fleet that, ship for ship, comparing the ships designed at a given date, and that is the only fair comparison, is equal to anything the world contains, and next to the British navy I think your navy is the best in the world."

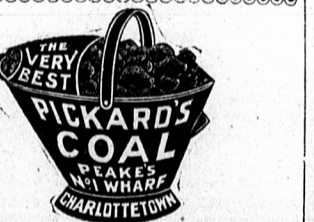

**FRENCH FLEET
 FOR ENGLAND**

For Marvellous Naval Display To Mark Visit of the President

LONDON, April 22—When President Fallieres, of France, visits England next month it will be the signal for one of the biggest naval demonstrations ever seen off the coast of England. The French Channel squadron will escort President Fallieres to Dover, where it will be received by the home fleet. There will be sixty French and English warships, not counting the torpedo boats.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for testimonials. Address: F. J. CHENEY & CO., Toledo, O. Something New For Spring

This is the cry we hear about this time of the year, and it is only right. When nature is renewing itself, why should not man renew his apparel. If he wants to succeed in his line of business, (no matter what it may be) he must, look the part, because a man is judged by his appearance, if his attire is correct he will command the respect of his fellow man, and (women also.) Think the matter over and when you have decided come to us and see what we can do for you in the line of clothing, you will be more than repaid for your trouble, for we have the goods, and have a knack of putting them up that make their wearers look prosperous, and up to date.
