The Success Of The Conference

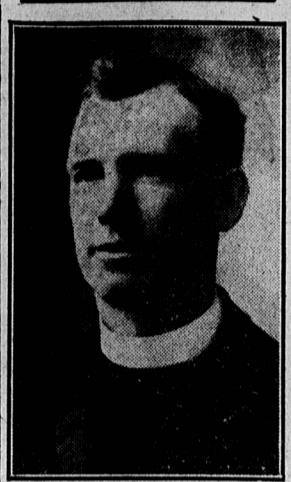

Australian Premier Enthusiastic With Regard To Outcome Of Ottawa Parley — Hopes To Tell The World Saturday That Conference Is A Success.

(Canadian Press)
OTTAWA, Aug. 17.—"We hope by Saturday to announce to the world that this conference is a success," Rt. Hon. Stanley M. Bruce, leader of the Australian delegation to the Imperial Economic Conference, declared here today at a luncheon given in honor of the various delegations by the City of Ottawa. "Our responsibility," he added, "is to lay the foundations truly and soundly in order that the structure will ensure to the benefit of the British peoples and the people of the world."
The luncheon, presided over by Mayor J. J. Allen, was featured by brief addresses delivered by the heads of all nine delegations to the conference. In the main these struck the common note, one of thanks to the capital for the hospitality extended to them during their stay here. Admiration for the beauties of Ottawa was generously expressed.
Echoing Mr. Bruce's sentiment, Rt. Hon. J. G. Coates, New Zealand believed that while the various commonwealth states might not

ITALY WILL RETIRE ONE THIRD OF NAVY

When Program Is Completed The Nation Will Be Without a Single Battleship — Purpose Is To Save Money

ROME, Aug. 17.—(A.P.)—One hundred and thirty thousand tons of Italy's fighting ships—practically one-third of the entire navy—will be retired under a programme beginning August 25. The purpose is to save money.

When the programme has been completed, Italy will be without a single battleship. The Andrea Doria, 22,700 tons, and her sister ship, the Duilio, which were rushed to completion in 1915 when Italy entered the world war, will be placed out of commission. Under the Washington Treaty, Italy has the right to 170,000 tons of battleships, but she has elected to disregard this category in favor of heavy and light cruisers.

A report presented to the disarmament conference showed that the whole Italian navy totals 404,000 tons, including 20 ships still under construction.

The need for economy was indicated by the fact that some new ships are intended for retirement. These are four of the 12 2,000-ton destroyers of the newest Italian type which were striven between North Africa and South America when General Italo Balbo led his air squadron to Brazil in January, 1931.

In addition to the two battleships, the vessels scheduled for retirement include three heavy cruisers, nine light cruisers, 25 destroyers and 12 submarines, all within the age limit.

DELEGATES TO SAIL SUNDAY

MONTREAL, Aug. 17.—(By The Canadian Press)—The Canadian Pacific liner Empress of Britain will sail from Quebec at daybreak Sunday, carrying the British delegation to the Imperial Economic Conference, steamship officials announced here late today. FREE STATE WILL CONCLUDE AGREEMENTS

Delegation Due To Sail Saturday, Postpones Departure Until Middle Of Next Week

OTTAWA, Aug. 17.—(By The Canadian Press)—The Irish Free State delegation, due to sail from New York Saturday, has postponed its departure to Wednesday or Thursday, as a direct sailing for an Irish port offers. Meantime it expects to conclude commercial treaties with Australia, Canada and South Africa, all now nearing completion.

As to its issue with the United Kingdom, nothing further can be said at the moment other than it is inconceivable the present fratricidal tariff war between the two, each best customer of the other, will continue more than a matter of days rather than of weeks.

Lord Hallsham, Secretary for War, will proceed to Western Canada to attend the meetings of the Canadian Bar Association. Sir Philip Cunliffe-Lister, Secretary for the Colonies, will also remain in Canada, it is understood.

The special boat train will reach Quebec Saturday night, the boat sailing at dawn.

CANADA'S REQUESTS ACCEPTED

Asks British Delegation To Meet Russian Menace And Protect Her Primary Products In The Markets Of The United Kingdom.

(By Thomas Green, Canadian Press Staff Correspondent)
OTTAWA, Aug. 17.—Imperial Conference developments have taken a much brighter turn. The Soviet Russia crisis in connection with the Canada-United Kingdom situation is understood to be nearly removed.

The United Kingdom has agreed to the report of the committee on commercial foreign relations to free itself from existing treaties which would interfere with mutual preferences agreed upon by the Commonwealth. This is accepted to mean that steps will be taken by Great Britain to abrogate its treaty with Russia.

The treaty requires six months' notice of cancellation, but it is understood that administrative action by the United Kingdom will take care of the situation of "dumping" by Soviet Russia in the interim.

Canada's requests to meet the Russian menace and protect her primary products in the markets of the United Kingdom are understood to have been accepted to a very considerable extent by the British representatives. A few details on this part of the proposed agreement remain. But they are described as very minor.

In Canadian circles, it was stated late tonight that the formula will be announced "shortly"—possibly within twenty-four hours. Canada and the United Kingdom are in agreement on the wording.

Administrative and curative action by the United Kingdom to prevent the "dumping" and underselling of primary products such as are produced in Canada, including wheat and lumber, is the basis of the formula. No country is specified; but the formula is aimed at Soviet Russia products entering the British market.

Ultimate cancellation or modification of the present United Kingdom-Russia trade pact is generally expected to result from the conference.

The Canadian Cabinet sat until a late hour. United Kingdom delegates likewise conferred.

Solemn Services Mark Close Of First Congress

Pontifical Mass Celebrated Outside Miscouche Convent. Sermon On The Eucharist Eloquenty Delivered By Rev. Dr. MacLellan.

The ancient village of Miscouche was in gay attire on Wednesday for the closing scene of the Eucharistic Congress.

The Convent of Notre Dame, draped in the papal colors was the centre of the morning's proceedings.

An outside altar and pulpit were erected and the whole scene with the officers of the Mass, at the altar, the Clergy and Sisters seated in front and the thousands of people reverently standing round the grounds made a very imposing and beautiful setting.

The day was perfect and nothing marred the sacred ceremony, which will live in the memory of the Catholic people for many years. Never before has there been such a gathering of Catholic clergy and laymen in the history of the province.

Pontifical Mass was celebrated by His Excellency the Rt. Rev. Joseph O'Sullivan, D. D., Bishop of the Diocese. Assisting the Bishop was Rev. J. A. Murphy, D. D. of St. Dunstan's University; Deacons of Honour, Rev. M. J. Rooney, and Rev. Urban Gillis; Deacon of the Mass, Rev. J. A. Sullivan, St. Dunstan's; sub-Deacon, Rev. G. A. McDonald, St. Dunstan's University; Master of Ceremonies, Rev. P. McMahon, D. D., Rev. Louis Dougan, Mr. Eric Robin.

The massed choirs of Miscouche, Egmont Bay and Fifteen Point, under the direction of Rev. J. N. Poirier of St. Dunstan's University and Mr. Arsene Poirier of Miscouche, assisted by Rev. Dr. O'Sullivan of Charlottetown rendered very impressively Votive Mass of the Blessed Sacrament. Rev. Theodore Gallant, of Fifteen Point, presided at the organ.

Inspiring Sermon
The sermon was by Rev. G. J. MacLellan, D. D., parish priest of St. Paul's Church, Summerside. His inspiring message was based on the fact that the Eucharist is the centre of Catholic family life. His text was, "I am the Way, the Truth and the Life" taken from St. John, chap. 14, verse 6.

In eloquent words the speaker pointed out that our Saviour, Jesus Christ, the Son of God, is the centre of our family life. He became man that He might by His example show the way to heaven and life eternal. Everything He did here below was for a Divine purpose.

By His coming into the world, born of the Blessed Virgin Mary, He instituted the "Holy Family of Nazareth" from which other societies have sprung.

By this means He raised the blessed union of man and woman in the bonds of matrimony to a
