The change of program at New Wonderland last night brought another bumper house, and it was certainly worth it. Morgan and West in their change of act made more than good, and received the heartiest applause heard in New Wonderland for a long while. The military song by Percy Sayce, with the chorus behind the screen was splendid, and the Union Jack thrown on the screen in the chorus brought hearty appreciation. The pictures were splendid, and the complete program clean, and the latter subject being omitted in which New Wonderland management has yet provided for the entertainment of the public, and it is receiving the hearty appreciation which it certainly calls for.

Dominion Inspector Vroom returned last week to the City from the eastern part of the province where he had been conducting a series of Orchard meetings. He was pleasantly surprised at the interest that is being taken in these meetings as compared with the series he attended some time since. Plenty of good practical questions are asked and at one meeting particularly a discussion regarding the pruning of a certain tree took place among those present which was worth a lot of lectures as far as those participating in it were concerned. He reports much interest being taken in the Co-operative Fruit Company that has been lately organized and would suggest that a pamphlet be distributed setting forth the nature of the work that was to be undertaken and the benefits that are expected to be derived from co-operation. Mr. Vroom will hold some meetings in the Southern part of the Province after which he will work his way West.

Further resolved, that we the members of the League of the Cross extend our sincere sympathy to Brother and Mrs. McMillan in their sad affliction and commend them to the care of one whose chastisements are meant in mercy. Therefore further resolved that we inscribe a copy of the above on the minute book of our society and send copies to the press for publication and present one to the members of our deceased brother's family.
