

# So much more vigor

## -when the system is cleansed of poisons we all have

Do you know that poisons form all the time in your system? They get into the blood stream and rob you of the vigor, life, youth and energy you should have. Hardly anyone escapes them. Food wastes accumulate and fermentation takes place. As many as 36 of these ever-forming poisons are already known to science.

But nature has provided a natural sort of antidote. In a scientifically pure state this antidote is available to everybody under the trade name of Nujol. Nujol is a unique substance unlike anything else known to man. It cannot be absorbed by the body or any of the organs of the body. At the same time, it has an affinity for body poisons. It takes hold of them, absorbs them, and carries them out of the system safely and harmlessly. It also softens waste matter and brings about normal evacuation of the intestines. Gets rid of poisons, gets rid of food wastes, tends to heal and soothe irritated membranes. Contains no drugs or medicines. Absolutely harmless.

Perfected by the Chemical Products Division of the Standard Oil Company of New Jersey.

Nujol contains no drugs or medicine. It's in a class by itself. You can take it with perfect safety under any conditions. It won't cause gas or griping pains, or affect the stomach or kidneys.

Every corner druggist has Nujol. Make sure you get the genuine. Look for the Nujol bottle with the label on the back that you can read right through the bottle. Don't delay, get Nujol today.
