Marine Gasoline Engines.

For the past six years we have been endeavoring to put a thorough knowledge of the severe conditions under which a fisherman finds himself placed on the exposed coast waters of the Maritime Provinces, to consider the requirements of their business, what style of engine will best meet all demands, put upon it and still not take up too much room or interfere with the handling of sails, trys, etc. in boats. The engine which we are now offering is the result of these years of study and is for all practical purposes far ahead of anything yet sold in these Provinces. Our marine engines require little space, no elaborate pieces to get in the way of weighing, hoists or sails; they are entirely free from mechanical complications that require mechanical training or special engineering skill to operate. Our chief aim has been to secure a durable and simple engine, one that would withstand the severest test of constant usage, and we believe that our efforts in this regard have been entirely successful, and we now have a perfect engine to offer to the fishermen of the Maritime Provinces. We will be pleased to send catalogues and further particulars on request.

Great Reduction Sale Of Elegant New Skirts

25 p c off

These are without doubt, the finest and most up to date skirts on the market today. Stylish in cut, faultless in finish and superior in quality—but through the manufacturers' mistake, a double quantity was sent us. We, of course, held the second lot here subject to their order, but the reply came back that if we could handle the quantity they would give us a big price concession as they kept no stock on hand, manufacturing only from order.

We accepted their offer, and now place not only the second shipment but the whole elegant lot on sale at a uniform reduction of 25 p c off until further notice.

The skirts are of cloth, lustre, venetian, panama, cashmere and voile; in black, navy, brown, myrtle and grey, are handsomely trimmed with satin bandings, buttons &c in the very newest designs.

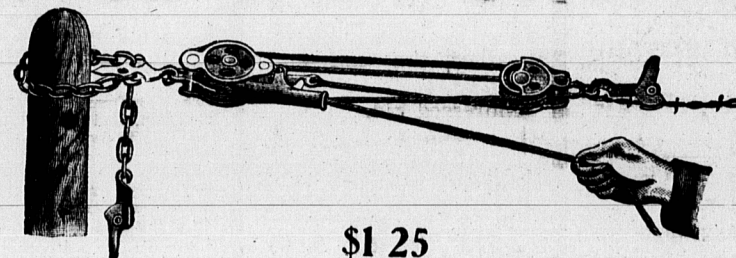

See our window for samples, then come in and select your color and size, as from among such a splendid range you are sure of getting suited. There are skirts neat and stylish for every day wear, and skirts suitable for dressy occasions, at from \$4.50 to \$12.00—less 25 p c off.

We have other skirts ranging in price from \$2.95 to \$4.00 which are net included in this, but are nevertheless splendid values at their present prices. Come in and let us show you these beautiful garments.

It challenges comparison with all other Teas whether put up in lead packets or in bulk as it will stand the test in either case. Do not accept so called just as good or better grades. Insist upon getting from your Grocer the genuine.
