DOES INDIGESTION WALLOP YOU BELOW THE BELT?

Help Your Forgotten "28" For The Kind Of Relief That Helps Make You Rarin' To Go

More than half of your digestion is done below the belt—in your 28 feet of bowels. So when indigestion strikes, try something that helps digestion in the stomach AND below the belt.

What you may need is Carter's Little Liver Pills to give needed help to that "forgotten 28 feet" of bowels.

Take one Carter's Little Liver Pill before and one after meals. Take them according to directions. They help wake up a larger flow of the 3 main digestive juices in your stomach AND bowels—help you digest what you have eaten in Nature's own way.

Then most folks get the kind of relief that makes you feel better from your head to your toes. Just be sure you get the genuine Carter's Little Liver Pills from your druggist—25¢.

We held a cake sale in March to aid our Camp Fund and Brownie Pack. For thinking Day we were the Guests of the 4th Ch'Town Co., at the Holy Name Hall, we had a most enjoyable evening.

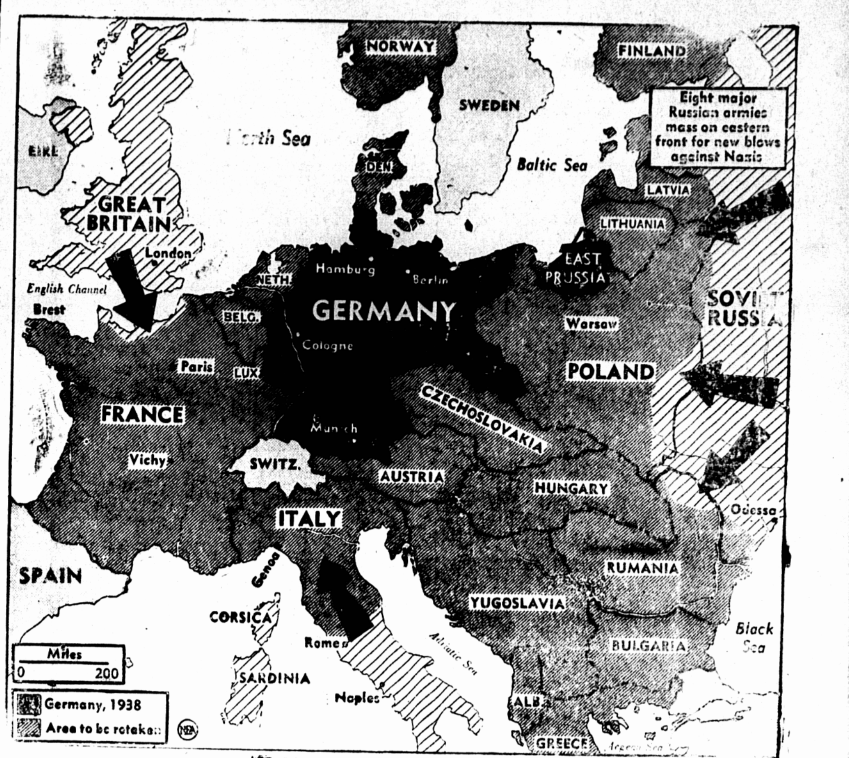
There were 8 dresses, 4 pairs mitts, 4 pairs socks completed for the sewing competition under the helpful instructing of Mrs. Hill and Mrs. F. R. McLaine.

Betty King passed her first class Hike, and we hope to have 3 or 4 more try again this fall.

The Guides packed 3 Christmas Dinners for the Needy and decorated the Church for Thanksgiving also kept fresh Flowers on the War Memorial during the year.

We hope to be able to enjoy a few days at camp, but as yet our plans are not completed.

Three-Way Squeeze on Hitler's Europe



Weight of mighty Allied military machines presses from three sides upon the heart of Germany. Map shows how General Eisenhower's invasion forces are entering northern France, the Allied 5th and 8th armies are climbing the Italian boot and Russia's 5,000,000 soldiers are poised for a blow from the east.

TOO CARELESS

An Aberdonian met his old friend and invited him to have a drink.

"What will you have?" he asked when they reached the bar.

"A double whisky wouldn't come amiss," was the reply.

"Here," gasped the startled Aberdonian, "less of that careless talk."

SAVE WASTE FATS

A single chop bone weighing 2 ounces will provide the explosive necessary to fire two rounds of ammunition from the guns of an RAF Hurricane. It will provide enough glue to stick a square yard of aeroplane fabric; enough food to keep a hen for half a day, enough fertilizer for one square yard of earth.
