The residence of D. W. Pickering was the scene of a happy event at 8 o'clock last night when his youngest daughter was united in marriage to Hooper Lankie ter, St. Elizabeths. The bride was attended by her sister Miss Theresa while the groom was attended by Jas. C. Wright. The ceremony was performed by Rev. A. D. McInnis in the presence of a number of invited guests. The Guardian extends its wishes to the happy couple.

IN OUR GRANDFATHERS' YOUTH. Analysis was shown in the paper of our grandfathers, and every elderly newspaper contains a record of someone being stricken with this dreadful form of helplessness. Paralysis is in reality a tearing of the nerves, and can always be prevented by the timely use of Dr. Chase's Nerve Food, a preparation which has no rival as a creator of nerve force.

MEDICINES YOU CAN TRUST.

There are no family medicines that have such firm hold on the confidence of the people as those of Dr. A. W. Chase, the famous physician and receipt book author. GAFFNEY, S. C., Sept. 26—Word was received here yesterday of the death at Jellico, Tenn., of Lee Hill, who was killed in the explosion of a powder mill. SUICIDED AT LONDON.

Toronto, Sept. 26—At London this evening H. Hamilton, aged 45, Western Ontario manager for the Imperial Life Assurance Company, shot and killed himself, using a revolver. No reason is assigned. A widow survives.

Dysentery causes the death of more people than small pox and yellow fever combined. In an army it is dreaded more than a battle. It requires prompt and effective treatment. Chamberlain's Colic, Cholera, and Diarrhoea Remedy has been used in nine epidemics of dysentery in the United States with perfect success, and has cured the most malignant cases, both of children and adults, and under the most trying conditions. Every household should have a bottle at hand. Get it today. It may save a life. For sale by all Druggists.

BE QUICK.

Not a minute should be lost after a child shows symptoms of cholera infantum. The first unusual looseness of the bowels should be sufficient warning. If immediate and proper treatment is given, serious consequences will be averted. Chamberlain's Colic, Cholera and Diarrhoea Remedy is the sole reliance of thousands of mothers and by its aid they have often saved their children's lives. Every household should have a bottle at hand. Get it today. It may save a life. For sale by all Druggists.

LIKELY TO SUFFER.

MURDEN, Sept. 26.—Doubts are beginning to be felt as to whether it will be possible to continue the campaign through the winter which begins in November. The Chinese have been unable to harvest their crops and there will probably be much distress, as it is very difficult to bring up stores from China for the native population.

THE PROPER TREATMENT FOR A SPRAINED ANKLE.

As a rule a man will feel well satisfied if he can hobble around on crutches two or three weeks after spraining his ankle, and it is usually two or three months before he has fully recovered. This is an unnecessary loss of time, for in many cases in which Chamberlain's Pain Balm has been promptly and freely applied, a complete cure has been effected in less than one week's time, and in some cases within three days. For sale by all Druggists.

—To hear music at its best get a seat for the Meister Quartette, Here Thursday and Friday of next week. The following speaks for itself: "The Meister Quartette appeared last night and proved that they have not lost a note of the art of delicate harmony. It was extraordinary in a crowded house and in human weather—what a hush they had! There was not a stir or a cough till the end was reached, and the audience would have had them back again and again."—London Star.
