RUSSIA SUFFERING FROM SOCIALISM

STOCKHOLM, Sept. 29.—Charles R. Crane, of Chicago, a member of the American Commission to Russia, who spent two days in Stockholm en route from Petrograd to England and France, describes Russia as facing a long period of trial and inner chaos and to be suffering from an over-estimate of exaggerated modernism in Socialist reform ideas. Russia's many leaders, he declares, are groping blindly for egress from the present troubles, but are inspired by a sincere desire and intent to find a satisfactory solution and to bring new Russia to her proper place among her present allies.

Mr. Crane sees no immediate prospect of a clarification of the situation. He thinks some time may elapse before Russia gets on her feet again and takes any vigorous part in the prosecution of the war, but he believes much can be done, and must be done, by America to help her regain her footing.

The Russian leaders should be assisted and encouraged by the presence of American specialists in various fields.

"Russia," said Mr. Crane, "is now the sick man of Europe. Perhaps what Russia needs most is not social medicines but the rest cure."

T. P. O'CONNOR LOOKS TO U. S. FOR VICTORY

NEW YORK, Sept. 29.—Prediction that the United States soon will have 1,000,000 troops in France and that if necessary "American can and America will put in double, treble or quadruple that number," was made by T. P. O'Connor, the Irish leader, in an address in Brooklyn tonight.

"America is as determined to accept none but a decisive peace as she is to carry on the war vigorously to success," Mr. O'Connor said. "It is to her strong right arm that we must look for the decisive blow against the central powers."

MOTHER! DON'T TAKE CHANCES IF CHILD'S TONGUE IS COATED

If cross, feverish, sick, bilious, clean little liver and bowels

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up, with waste, liver gets sluggish, stomach sour.

Look at the tongue Mother! If coated or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."
