Too much praise cannot be tendered to the young and promising folks without distinction for the very clever and intelligent manner in which they performed their parts. At the close of the program the baskets were disposed off by our good auctioneer H. B. S. Birch, in his usual business like manner, the proceeds of the evening amounting to the nice little sum of 40 dollars leaving tangible evidence of the appreciation and good will of the audience And we would like to convey the hearty thanks of every one to Miss Edith McIntosh. Miss Gertrude Montgomery, Miss Mabel Taylor and Miss Bell Montgomery for their very kind assistance on the organ and choir and the very efficient manner in which they performed their parts in every way and also to thank all our friends for their valuable assistance and the boys for the very good order maintained. The evening was very pleasantly spent. After singing The National Anthem the meeting closed.—COM.

"It's good Tea"—that's what is said of Red Rose. The statement is true. +

A E. Morrison was the lecturer at the meeting of the Natural History and Antiquarian Society last night, his subject electricety as one of the forces of nature. The nature, production and conveyance of electrical force, the various purposes for which electricity is utilized, and, indeed, the whole field of the subject up to the Marconi system of wireless telegraphy now occupying the public mind so fully, was covered in a pleasing intelligible manner which held the attention of the audience throughout the reading of the paper. The only fault to be found was the brevity of the communication. An animated discussion followed, participated in by Messrs Newson, Doull, C. G. Duffy, Bulman, and Silas Hodson. F. St. C. Brecken moved a vote of thanks seconded by Percy Pope. A committee consisting of Messrs Newson, Bulman and Watson was appointed in connection with the project of securing accommodation for the Society's museum and the meeting adjourned.

NERVOUS PROSTRATION.

The Result of the Pain and Irritation from Hemorrhoids.

Nervous Prostration is often the result of neglecting a case of hemmorrhoids or piles; the pain and irritation attendant upon this disagreeable trouble inconveniences and annoys one, but it is possible to go to business and to do the ordinary day's work, so the trouble is neglected until the nerves become exhausted and the patient is a victim of nervous prostration.

Hemorrhoids cause a sensation of heat, tension and itching in a region where is located the most sensitive nerves of the human system and the continued irritation will eventually cause a collapse of the nerves. This would easily have been avoided if the patient had carefully treated the case of piles from their first appearance. No other trouble can be so quickly and safely overcome if treated in an early stage, and even if the case is an old one, there is a remedy which will act with remarkable results if faithfully applied.

The Pyramid Pile Cure is in suppository form and can be conveniently applied to the afflicted parts, the soothing oils and medication reaching and healing the enlarged hemorrhoidal veins of the rectum and acting at once upon the inflamed tissues.

Every sufferer from this trouble should send at once to the Pyramid Drug Co., Marshall, Mich. for their book on Piles or Hemorrhoids, which will be sent free. The Pyramid Pile Cure is so well known and the hundreds cured by it have so advertised it that the little book is merely sent to give each patient a clearer view of his or her particular case and the proper treatment for it.

The onion is everything. "The onion," said a grocer, "is undoubtedly the earth's best product. It is a medicine, it is a food and it is a narcotic. "I used to be troubled with insomnia. My doctor said: 'Eat a raw onion with a slice of bread every night before retiring.' I did so. I peeled the onion, I put salt on it, and I devoured it with delight, for it was good. I never had insomnia thereafter. Decidedly and indubitably, a raw onion taken each night will cure the most obstinate and long-standing cases of this disorder. As a seasoning the onion is as universal and as necessary almost as salt. Soups, sauces, fillings, ragouts—hardly a dish of the unsweetened sort would be palatable but for the humble onion. "If the onion cost about a dollar, the world would appreciate it: poems would be written in its praise. Because it costs less than a cent its virtues remain unsung."—Philadelphia Record. We have them tens of thousands of them—not at $1 each but for the small sum of 25c for 10 lbs of them, If a dollar a bottle medicine is needed, give the druggist a call but if your pockets are not bursting with coins, it will be to your advantage to have Gay's peck of medicine for 25c.—Two cases of Boston market Celery just arrived per S. S. Minto—in the market at Gay's Stalls today. J. J. Gay & Son. 13 Fri. Tues. 3 wks

It depends entirely upon the people whether this great singer appears in Summerside or not.

FEAR OF THE FUTURE.

Most people who dread the future are victims of some terrible disease, Mrs. W. Francis, 204 Colborne St., Kingston, was in a bad state with kidney disease. She had severe pains in back and legs, was gradually losing flesh and felt a dread of the future. A friend recommended Dr. Chase's Kidney-Liver Pills and the result was a complete cure. There is no medicine more reliable, none so certain to produce a thorough cure. One pill a dose 25 cents a box.
