MEASURE FOR MEASURE.

A man's deeds, good or evil, usually come home to bless or curse him. The connection, however, is seldom so obvious as in the case of a certain farmer.

The farmer sold butter to the village storekeeper, and took sugar in exchange. It seemed to the farmer after a while that the sugar he was getting was short weight. Accordingly, he made complaint.

"Look here, Mr. Jones," he said, "it seems to me you're giving me short-weight sugar."

"No," said Jones, in a dry voice; "no, that can't be, for in measuring out that sugar of yours I always used a pound of your butter as a weight."

TURF RECORDS MADE IN YEAR 1914 BY MARITIME PROVINCE HORSES

While the turf season of 1914 in the Maritime Provinces was not productive of much record-breaking, and there was no regular circuit of meetings, nevertheless the Acadian Recorder's annual review of the work of the harness performers shows more heats trotted and paced than the previous year, and a larger number of newcomers to the 230 list. Altogether 269 heats were trotted or paced in faster time than ever made by horses in the provinces entered the 230 list, while 21 already in the list lowered their records.

The champion stallions of the provinces, Frank Patch and Dingola, both owned by J. B. Mitchell, Halifax, were paced on the Grand Circuit and made faster time than ever made by horses from the provinces before, both entering the 210 list. Dingola reduced his record to 2:05 1/2, while Frank Patch made a race record of 2:06 1/2, and made the remarkable showing that he was never behind the money. Had these horses raced at home, there is little doubt that several maritime province records would have been lowered.

Honoured Place for Island Horses. Prince Edward Island horses occupied a most prominent place in racing on provincial tracks. The fastest mile of the season was by Helen R., owned by Captain D. A. McKinnon, Charlottetown, in an exhibition mile, which she paced in 2:12 1/2 at Charlottetown. This is also the fastest mile ever made by a provincial bred pacer on a provincial track.

The fastest mile by a trotting stallion was 2:18 1/2, made at Charlottetown by Mayor Todd, owned by H. Kelly, Charlottetown, which was also the fastest mile by a stallion any gait in the provinces, and the fastest by a green trotter. Dr. Sharper, owned by Captain D. A. McKinnon, Charlottetown, reduced his record at Halifax to 2:18 1/2, which was the fastest mile trotted by a gelding.

The following is a list of new 230 performers: Alice Hal (p), b.m., by Direct Hal, Houlton, Me., July 28th 2:14 1/2; Rexlight (p), b.g., by Commodore Ledyard, Charlottetown, Sept. 5 2:17 1/2; Lady Patchen (p), blk m., by The Patchen Boy, Calais, Me., Sept. 5 2:18 1/2; Mayor Todd (t), b.h., by Todd, Charlottetown, Sept. 23 2:18 1/2; Princess Etta (p), g.m., by Princeton, Charlottetown, Sept. 24 2:20; Queensboro (p), by Kingsborough, Halifax, Sept. 17 2:20 1/2; Barou Patchen (p), b.h., by The Patchen Boy, St. Stephen, Sept. 10 2:20 1/2; Moth Miller (p), n.m., by Banito, Charlottetown, Sept. 23 2:20 1/2; Lloyd Achille (t), b.g., by Achille, Halifax, Sept. 16 2:21 1/2; Bob Mac (p), b.g., by Commodore Ledyard, Sydney, Oct. 2 2:22 1/2; Bessie Bingen (t), b.m., by Bingen, St. Stephen, Sept. 17 2:23 1/2; Jerry Border (t), ch.g., by Border, Halifax, Sept. 18 2:23 1/2; Nellie K. P. W. C. TEAM WON GAME AND CHAMPIONSHIP

The last game of a series of three between the Prince of Wales and St Dunstan's College for the intercollegiate football championship of P.E.I. was played at the A.A.A.A. grounds yesterday. The first game of the series was won by P.W.C. with the score of 3-0, and the last two were draws, so that the Prince of Wales College team are now the intercollegiate football champions of P.E.I.

The game from the beginning was marked by hard and fast playing on the part of both teams—they realised that the championship was depending on the result of the struggle. After the game had been going on for some time the Saints were forced down to their touch-line and the P.W.C. team scored the first goal of the day. As the player who made the touch-down let the ball go the P.W.'s were not allowed to try to convert the goal. The first half ended in a score of 3-0 in favour of the P.W.C's.

The second half was even faster than the first. The Saints worked with all their strength to break through the Prince of Wales line, but without result, until by a long kick they got the ball in the P.W.C. territory and worked it over the touch-line. Cahill made an excellent try to convert, but drove the ball a shade under the bar. The whistle blew for the conclusion of the game with the score 3-3, thus giving the Prince of Wales team the intercollegiate football championship of the Island.

This is the first time in many years that the Prince of Wales team has won the intercollegiate championship, and the greatest credit is due their present team for having secured the laurels of victory. Every man on the team worked with all his energy for the honour of the College and it would not be fair to discriminate between the players. The Saints also fought hard to win the day.

The teams lined up as follows: P.W.C.—Full, E. Bearisto; halves, A. A. Murphy (capt.), R. Murchison, F. Draelan, E. McLeod; quarters, L. Lewis, T. Rogers, S. Paoli; Prof. Davidson, B. Auld, G. Roe, R. McKenzie, L. Shaw, F. McCormack, S. McLean forwards; M. Nicholson and A. Gillis spares. St Dunstan's—Full, J. Rooney; halves, R. St John, C. Cahill, G. Morrissey, J. McIntyre; quarters, C. Conway, S. DesRoches, A. Sinnott; forwards, R. Brown, Justin Hughes, L. Goodwin, R. McCarthy, L. Murphy, J. Pragg and H. Smith.

Mr James McMillan handled the game in his usual efficient manner. Alice Hal, 2:14 1/2 (p), b.m., by Direct Hal, Houlton, July 20 2:16 1/2; Prince Wilkes, 2:16 (p), g. g., by Noble Wilkes, Halifax, September 6 2:18 1/2; Miss Alcione, 2:18 1/2 (p), blk m., by Alcyonium Boy, Halifax, September 15 2:18 1/2; A Game of Chance, 2:14 1/2 (p), b.s., by The Patchen Boy, Calais, September 1 2:19 1/2

R. J. MACKENZIE TO RETIRE HIS STRING.

CINCINNATI, Oct. 29.—Bringham, owned by J. M. Camden, won the fourth race, the feature of the offering of six races at Latonia this afternoon. The Camden representative went to the front shortly after the break and forced the running from end to end. Gypsy Love was as easily second, while Grover Hughes was third.

Helen Barbee, owned by R. J. Mackenzie, the well-known Canadian, did not run up to her previous races and failed to finish among the placed horses. Helen Barbee has had a severe drilling this autumn and has earned a rest up.

Owner Mackenzie was a visitor at the track this afternoon and he and his trainer, Jack Aikins, have decided to retire the string of racers to winter quarters following the close of the present meeting. This stable will figure among the greatest winners on the turf this season, Buckhorn accounting for the greatest portion of the amount. The summary:

WHEN PLANTING

For every tree or bush you plant dig a bigger hole than you think you need. Give the roots a chance to spread out and grow through the newly turned soft soil. Put the richer top soil closely about the feeding roots; the poorer soil thrown in on top will gradually be improved by manuring, cover cropping and cultivation.

Cut back all excessively long branches, but leave the serious pruning till Spring. Some shoots may be killed back by frost, so the longer they are now the better. Besides, no growth will take place until after the Spring pruning season.

Use plenty of water. This rule is vital in Spring and Summer, and decidedly important even in October. In planting trees, bushes and perennials, fit the soil so that it will be strong and rich for several years to come. Mix with it plenty of well rotted manure and bone meal if available. Most rose beds and perennial borders need retrenching and manuring every two or three years. But there is no reason at all why they should if the work is done well at first.

Set any plant slightly deeper than it grew in pot or nursery row, but don't bury the crown completely (save that of asparagus). Leave a slight depression around the stem or trunk so that moisture will sink toward, and not away from, the roots. After every heavy rain or watering, rake up loose soil much half an inch deep. This, of course, is not necessary if you use a regular mulch of straw, leaves or manure.

Farmer Brown and Farmer Jones were near neighbors, and many a dispute took place as to who was the earlier riser. "About four years ago I had rheumatism very badly. It affected my right arm and leg, and was so bad that I could hardly move my hand. I was quite helpless, and could not do my work—could not even dress myself, but had to be attended to like a child. The rheumatism in my leg made walking almost impossible, and at times I could hardly move across the house. A friend advised me to try Zam-Buk. I obtained some and had it rubbed thoroughly into the affected muscles. It was soon evident that Zam-Buk was doing its work, and in a short time I could walk around the house with ease. My arm got better, I could dress myself, and needed very little personal attention. I continued with the treatment, rubbing Zam-Buk in thoroughly every day, and in a few weeks' time the rheumatism was driven out of my system. The cure was permanent, too, as since that time I have never been troubled with rheumatism."

Mr. Lawrence Cameron, of Richmond, P. E. I., says: "I have been a great sufferer from a severe and crippled back, but after persevering with Zam-Buk I am completely cured. I feel that I cannot praise this remedy enough. Numerous other similar cases could be cited. Zam-Buk has benefited many. Why not you?"

Use Zam-Buk also for eczema, piles, cuts, burns, bruises, cold sores, chapped hands, or for any disease or injury of the skin. At all druggists and stores 50c, or post-paid from Zam-Buk Co., Toronto, on receipt of price.

RHEUMATISM CRIPPLED HER Zam-Buk Gave Quick Relief.

For rheumatism, sciatic, and stiffened muscles, nothing can equal Zam-Buk. Mrs. Mary Harman, Wheatley, Ont., writes: "About four years ago I had rheumatism very badly. It affected my right arm and leg, and was so bad that I could hardly move my hand. I was quite helpless, and could not do my work—could not even dress myself, but had to be attended to like a child. The rheumatism in my leg made walking almost impossible, and at times I could hardly move across the house. A friend advised me to try Zam-Buk. MRS. CARMAN NOW RELEASED ON BAIL.

NEW YORK, Oct. 29.—Mrs. Florence Carman left the court house in Brooklyn early this afternoon a free woman. She was released on \$25,000 bail, following the failure of a jury which tried her for murder to reach an agreement. It is generally understood the case, so far as the State is concerned, is closed.
