STOP! MR. AUTO OWNER!

You may suffer loss any day through Collision, Personal Injury, Damage to Property, or Fire

We will Insure You Against ANY ONE OR ANY COMBINATION of the following hazards

FIRE

And transportation, because your automobile is not only subject to the same dangers as other property but other dangers as well. Fires originate within the cars themselves by backfiring of the carburetor, overcoated muffler, short circuits, and all the hazards attendant upon the handling of gasoline in filling the tank.

Everyone admits the necessity of insuring their buildings, yet Insurance on your car is even more necessary. Protection is also afforded against damage from any cause while the car is being transported on land or water. In addition, there is the danger of

COLLISION

What person is there who has not seen an automobile smashed almost beyond recognition through collision with another machine, a street car, telephone pole, bridge railing or fence. Such accidents are becoming so common as to be of only passing interest now. You may be a very careful driver, but you have to consider the hundreds of careless drivers whom it is difficult to dodge. Careful as you may be, you may have to choose between a collision and killing someone when in a close corner. Skidding is also a real danger.

PROPERTY DAMAGE

It is bad enough to have to pay for the repair of your own car in event of a collision but it is doubly hard when you have to pay for the damage done to some other person's car or property as well. Is it worth taking a chance when a Ten Dollar Bill will buy you \$1,000 Property Damage Insurance?

PERSONAL LIABILITY

This is without doubt the most important the most necessary form of automobile protection. If your car is burnt, is stolen, or smashed, you just suffer the loss of the car which may inconvenience you, but will not seriously affect your financial standing.

But—if you are unfortunate enough to kill someone or injure them through the operation of your car, you may immediately become liable for damages as high as \$10,000.00, and your financial standing may be seriously impaired for some considerable time.

The danger of injuring someone is a very real danger. Why not let us relieve you of this liability and all the embarrassment and annoyance of a lawsuit? We can offer you a complete Insurance service on most reasonable terms. Quotations cheerfully furnished free of charge.

The member of the crew of the Bethalma who was ill of smallpox in the Marine Hospital is still under treatment there, but is now almost completely recovered.

ISLAND ORGANIST.—The following items taken from the "Evening News," New Glasgow, N.S., will be of interest here: The choir of Our Lady of Lourdes church gave a send-off to Miss Hennis' singing.

Miss Germaine Hennis, at the home of Miss Tena Mahoney on the eve of Miss Hennis' departure for her former home in Belgium. Her pastor, Rev. Father Butts, presented her with a diamond and pearl ring on behalf of the choir, of which she has been a valued member for some time. Father Butts, in a few well chosen words, expressed appreciation of her services in the choir and the very general regret felt due to her departure from amongst them. Miss Hennis was greatly surprised at this evidence of appreciation and thanked those assembled for the kindness shown her and for the beautiful gift which she would always cherish. The remainder of the evening was spent most enjoyably in song, Miss Hennis rendering two selections in splendid form. There were several selections by the choir while Mrs. Paquet besides presiding at the piano, played two piano selections. After the program a dainty lunch was served and one and all departed voting Miss Mahoney ideal as a hostess. Miss Hennis and her mother left this morning for Quebec where they will take the boat for Belgium. Not only do the people of Lourdes regret the departure of Miss Hennis, but the public in general will join in the regrets for Miss Hennis has been a willing assistant at many public functions where her beautiful voice was always much appreciated. —The Mrs. Paquet referred to was formerly Miss Angie Peters, daughter of Mr. Joseph Peters, Rustico, P. E. I., and was favorably known in musical circles here. Home friends congratulate the choir of Lourdes church on having secured Mrs. Paquet as their organist. The singing of Miss Germaine Hennis at Lourdes church last Sunday was of a very high order. Possessed of a voice that is most rare in quality and striking in its effect her rendition of "O Dear! O Dear! Maria at the offertory of the Mass was most prayerful and pleasing. At the evening service her Hosanna by Didier was surely a triumph of song and promises well for the future of this young lady. Mrs. William Paquet presided at the organ in a masterly manner and contributed in no small measure to the beautiful effect of Miss Hennis' singing.
