FARMER'S WIFE ALMOST A WRECK

Restored to Health by Lydia E. Pinkham's Vegetable Compound—Her Own Story.

London, Ont.—"I am a farmer's wife and a very busy woman. Last summer

I was taken with severe pains in my back so bad that I could not get up or scarcely move without pain, and my periods were painful. My husband called in a good doctor and I was under his care for some time, but he did me little or no good. One day a friend of mine told me to try Lydia E. Pinkham's Vegetable Compound as she had been greatly helped by it. I began taking it and soon got well, and my periods became natural again. Since then I have had perfect health. In fact I have never felt so well in my life. Lydia E. Pinkham's Vegetable Compound is a medicine many women need. If you think this letter will help other women please publish it."—Mrs. K. C. YOUNG, Tambling's Corner, London, Ontario, Canada.

Women who suffer from those distressing ills peculiar to their sex should not doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

CABINET MINISTERS GIVE THE COMMISSION FREEDOM IN INQUIRY.

OTTAWA, Jan. 8.— The expected conference between the commission on the high cost of living and the Minister of Labor, Agriculture and Customs is not likely to take place, the Ministers holding that the entire conduct of the investigation was left to the commission.

The latter had a long session at the Labor Department this afternoon, and heard H. S. Arkell, assistant livestock commissioner, who went thoroughly into the various phases of the livestock trade, and dealt particularly with the question of production and how to encourage the raising of cattle, sheep and hogs.

Tomorrow another official from the same department will probably be heard.

The commission is sending out a series of circulars for the purpose of gathering systematic information on such matters as the rate of taxation and the cost of education, water and electric light.

The power to summons witnesses and take evidence under oath, which at first seemed necessary to the success of the commission, may not be asked for. In the old country, where there are a great many investigating commissioners appointed, a set of guiding principles and plans of procedure have been drawn up by the treasury department, and this will likely be followed to a large extent by the commission on the cost of living.

It advises against taking evidence under oath on the ground that a commission can gain more information by acting less informally.

PROTESTANT HOME TO BE FOUNDED.

AMHERST, Jan. 10.—There was a large attendance at the united service in Trinity Methodist Thursday evening. Rev. Hamilton Wigle presided and after the introductory services introduced Rev. Dr. McMillan of Halifax as the speaker for the evening. Rev. Mr. McMillan came to Amherst on a special mission to present the claims and necessity of a Protestant Home for delinquent girls in the Maritime Provinces. He pointed out that it was not intended to establish a rescue home, but rather an institution to carry on corrective and educational work with young girls in the formative period of their lives.

It was not proposed to build a large structure, but rather a number of cottages where the girls will receive the advantage of a home training. There would be no attempt to make the "home" self supporting by the labor of the inmates. It was to be uplifting and educational in its character not penalizing.

The original cost of the buildings and equipment would be about $30,000. The province of Nova Scotia has agreed to contribute one hundred dollars a year for the support of each inmate from this province, N. B and P. E. I. have agreed to pay $150 on the same basis. Halifax had already subscribed $5,000 and would increase this amount. New Glasgow had agreed to raise one quarter the amount subscribed in Halifax. The location of the building would be decided by Toronto Committee, who would examine into the question of location without any prejudice. One Amherst gentleman has come forward with an offer of ten acres of land.

The grants from the Government would go a long way towards making the institution self supporting and the deficits would be met by the churches of Canada, so that the only direct appeal would be for the original cost.

The News understands that a general canvass will be made of the town for funds and the amount raised will be supplemented by church ellection.

Dr. McMillan's strong appeal was directly impressive and we have no doubt but that Amherst will do its part.

MAINE SHOWS DECREASE IN COWS AND SHEEP

AUGUSTA, Me., Jan. 10—An increase of $13,134,198 the past year in the valuation of the cities, towns and plantations of Maine was shown in the annual report today of the Board of State Assessors, the total being $430,025,462.

"The increase in the number of cattle, as well as the increase in the total valuation of all live stock is satisfactory," the assessors reported "but the decrease in cows and sheep is a feature to be deplored."

CHANTED MASS AT BURNING ALTAR

SYRACUSE, Jan. 8. —Continuing to chant Mass as flames spread over his head and momentarily threatened to fire his garments, the Rev. William F. Sheehan calmed 500 persons in St. John the Baptist Church yesterday and prevented a panic, which would have cost many lives.

There was a moment of intense excitement in the congregation when the blaze was seen on the altar. The flames leaped towards the ceiling, but Father Sheehan continued singing as though nothing had happened, and when the sparks flew on his garments he extinguished them with his hands.

The Rev. Mr. Mullany, pastor, and other priests hurried to the assistance of Father Sheehan, and while they fought the fire the congregation quietly filed out. Others went to the aid of the priests, and before the firemen arrived they had extinguished the fire.

7 ZAM-BUK Would Have Saved This Lady $28

Mrs. F. Gervais, of 126 Bleury Street, Montreal, writes:—"My baby girl developed a bad rash on her body and it made her very fretful and ill. She would not take food, and seemed very sick indeed. From fifteen pounds, her weight fell away to nine and a half pounds.

"I took her to a doctor who gave me a kind of lotion to use and I used it regularly, but the baby got no relief. The skin disease seemed to get worse and worse all the time we were doctoring for it, so we took the child to a second doctor. He told me to stop nursing the baby, and gave me other advice which I followed, but the skin disease got worse and worse.

"At this time a friend of mine visited us and, having seen the sad plight the baby was in, she said I did not know how to go about things. She took my baby to her home and applied Zam-Buk to its little body. This seemed to give the baby ease right from the first. It cured the sores and began to reduce the inflammation. I went on with the Zam-Buk treatment, and to my delight, within one week from first starting with Zam-Buk the child looked like a different baby altogether! Within a month the skin disease was cured completely, the baby's appetite had returned, and she was almost back at her normal weight. She now looks like the very picture of health.

"There is another feature of the case. One of the doctors has just sent me in a bill for $30! The treatment I got for that money left the child no better than before it was started. The cost of Zam-Buk treatment, which restored my child to health, was $2!"

WHY ZAM-BUK IS SO SUPERIOR

Zam-Buk is now recognized as the leading salve, because in general practice it has been found to do more real good in a greater number of cases than any other salve. There are many reasons for this. Most salves contain rancid animal fats. Zam-Buk is purely herbal. Most salves contain mineral coloring matter. Zam-Buk does not. Put any ordinary salves into a warm room and leave them untouched for a length of time. Then take a whiff of them! Do the same with Zam-Buk and you will find it pure, fresh, wholesome. Zam-Buk is healing, soothing and antiseptic all at the same time. Try it. Mothers especially should have it handy for the children's sores, etc.

Zam-Buk is a "short cut" to skin healing. Use it for all skin injuries and diseases, eczema, ulcers, blood poison, chapped hands, cold sores, ringworm, scalp sores, old wounds, and for Piles. All druggists and stores, 50c. box, or post free from Zam-Buk Co., Toronto, for price. Refuse harmful imitations and substitutes.
