The light bread or the leaden loaf is a matter of choice—not luck. Choice of method—choice of yeast—but, above all, the choice of the flour.

Royal Household Flour

is made from the finest, selected Manitoba wheat, which contains more gluten (that quality which makes bread light) than any other wheat. It is milled under the most sanitary conditions,—there is no other flour in Canada upon which so much is spent to insure its perfect quality.

Ask your grocer for Ogilvie's Royal Household—the flour that makes light bread and perfect pastry. Ogilvie Flour Mills Co., Limited, Montreal.

IMPORTANT ITEMS FROM EARNSCLIFFE

(By The Guardian's special correspondent.)

Pownal school re-opens today, Herbert Yeat, City, has been engaged to teach for the ensuing year.

Miss Maud Halliday is home from Boston on a visit to her old home at Eldon.

B. D. Huntley has secured the contract of making extensive repairs to the Block House. His men, William Roper and Alex Currie, who have been building Mr Tweedy's new house (which is now ready for plastering) left here yesterday to do the work at the Block House.

The annual sacred concert of the W. M. S. of Cherry Valley, was held in the Methodist church Sunday evening, the building being crowded to the door. Every one in that large audience was highly pleased with the splendid choruses to excellently rendered by the choir—with Mrs. J. C. Irving as organist—and the fine solos by Mrs. G. H. Jenkins, Mrs. W. J. McEachern, Miss Marguerite McEachern and Miss Furness. Rev. Mr. Orman, who was an earnest worker for the missionary cause while he was in England, gave a splendid address on the subject of "Missions." He eloquently commented on what is being accomplished today by the devoted Missionaries—those Heralds of the Cross who are carrying the glad news of salvation to every heathen land on the face of the globe, and the large sums of money that are raised for the carrying on of the work. It was an excellent address—of the interesting and instructive kind that is a pleasure to listen to.

AN ABLE SERMON. On Sunday evening the Rev. Mr. Styles, Pownal, preached an eloquent and impressive sermon from the 1st Epistle of John 5th Ch-4th V. "For whatsoever is born of God overcometh the world: and this is the victory that overcometh the world, even our faith." The Rev. Gentleman held the close attention of the large congregation as he unfolded his subject in a clear and convincing manner showing that the regenerated soul is the great and only power to "overcome the world." The devil has no quarrel with man, and we dare not try conclusions with God, but he strikes at God through the instrumentality of man. Showing the necessity of a new truth "ye must" be born again. "He urged on his hearers the consecration of their lives to Christ and thus be enabled to overcome the world. Mr Styles has a good delivery, has the pleasing faculty of "sticking" to his text. That he has made a favourable impression, is attested by the presence of the large congregations, that attend to "hear the word." Com.

KIND EXPRESSIONS SENT. The following letter signed by Colin McPadyen, Laurin MacLean and Angus D. McKinnon has been forwarded to Bro Hugh McPhee, Canoe Cove: We desire to tender to you and the other members of your family an expression of our heartfelt sorrow and sincere sympathy as it has pleased Almighty God in his all-wise Providence to remove the soul of your beloved father to that home on high which has been prepared for those that love him. Although your hearts are filled with grief and sorrow at the parting yet what a joy it is to know that you can meet again where there will be no parting and no more tears. We each and all sincerely condole with you and would gladly help you bear your burden but as we feel we are so helpless to do but little we can only direct you to the God of all comfort and consolation praying that he speak his own words of help and grace to you and the members of your family in this your hour of grief. Signed on behalf of Harvest Division S. O. T. No 269.

TESTED COWS. Exhibition time will see some of the finest looking cows on the fair grounds that the admiring public could possibly wish to see. Sleek appearance, general thriftiness, conformity to type will be judged, and point by point various characteristics will be valued. Excellent as they may be, these cows on exhibition must submit to a further examination before the ordinary factory patron is prepared to reward them first place in his estimation. He will ask and rightly so can this cow give a large yield of milk and butterfat at a low cost? He cannot afford to accept just a two days high record; he needs a cow that will attend strictly to business, the business of making money for him, three hundred days in the year. The one vital point for him to ascertain is, does it pay me to keep this cow, is her profit sufficiently large? To this end he keeps records of each individual cow in the herd; records of feed consumed, and milk and fat produced, so that no doubt may lurk in his mind as to each cow's capacity. Cow testing association make this as easy as possible at a minimum expense: the dairy division, Ottawa, bears the cost of testing, and supplies blank forms free. Several hundred cows in July had over 850 lb milk and 28 lb fat to their credit. Many individual records total 5,000 lb milk this season, while a few choice specimens are already up to 7,000 and 8,000 lb milk, and 28 lb fat. Ottawa. C. F. W.

A RESOLUTION OF SYMPATHY.

The following resolution was passed at the regular meeting of the League of the Cross Society on the recent sad death by drowning of so many of its members. It was signed by John J. Desmond, R. F. Maddigan and P. A. Smith.—Whereas it has pleased Almighty God in his infinite wisdom to take from our midst our beloved President Ebrahaim Gallant, our Ja'tor, James Burnett and our brother member Harry Gallant and our friend Daniel McAulay. BE IT RESOLVED.

That we the members of the League of the Cross Society do hereby extend to the family and relatives of the deceased our sincere sympathy, praying that the God of all comfort and consolation will sustain and strengthen them in their sad affliction. AND BE IT FURTHER RESOLVED. That this Society has lost faithful, energetic officers and members and our community loyal, upright citizens. AND BE IT FURTHER RESOLVED. That these resolutions be printed in the daily papers and copies of same be presented to the relatives of the deceased.

THE KEELEY CURE.

Few if any intelligent and honest men will dispute the fact that the habitual use of intoxicating drink is the greatest, and most expensive evil of the 20th century, as it has been in the past. The time is fast approaching when no position of trust can be obtained or retained by the man who is daily under the influence of alcohol. And yet there are thousands of educated, and normally intelligent men who are thus handicapped they realize that they are ruining health, business and home and practically all of them are anxious to free themselves from this degrading slavery. Most of them have tried repeatedly why? The entire system of the habitual drinker, including his brain, is more or less saturated with alcohol. The effects upon the brain is to deaden and stupefy the mind, benumb the moral sense, and greatly weaken the will. The nervous system, accustomed to excessive stimulation will act only under the stimulant. In the morning, the habitue cannot write, can hardly do a simple sum until he has braced up with several drinks. Can he be expected to maintain successfully, and unaided, an incessant struggle for weeks, and months, when, if he takes no drink for several days he becomes more or less a nervous wreck, with a constant gnawing, craving for drink. He is a sick man. He needs help, but ordinary help will not suffice. That afforded by the Keeley Cure will, for the reason that Dr. Keeley devoted the greater part of his life to the study of this condition, and the perfecting of the best remedies for its cure. I have for several years investigated this treatment, noted the effects of its remedies, and questioned many whom it has cured; with the following conclusions:

CAT TRIES TO HATCH EGGS

Shelbyville, Ind.—A rooster, owned by Mrs. John Leach, drove a sitting hen from her nest and tried the job himself. A cat ousted the rooster and is now taking the hen's place on the eggs. The substitution of the rooster for the hen, and cat for rooster, will probably not affect the eggs.

Substitution, however, is dangerous where our health is concerned. There can be no excuse for a dealer offering something which is said to be "just as good" when "Fruit-a-lives" are asked for.

"Fruit-a-lives" have proved their great value in all cases of Indigestion and Dyspepsia, Constipation and Biliousness, and in troubles arising from disorders of the Liver, Bowels, Kidneys and skin. They are the only remedy made of ripe fruit juices, and they tone up Liver and Kidneys, and regulate the Bowels, even more effectively than fruit itself. Thousands swear by them. "Fruit-a-lives" are sold at 50c a box, 6 for \$2.50, or trial size, 25c.—At dealers, or from Fruit-a-lives Limited, Ottawa, Ont.

SERIOUS FIRE OCCURS.

New York, Aug. 31.—One thousand children were called from their bed-time prayers by the clanging of fire gongs at St. Matachias' Home on Long Island shore last evening and marched down the fire escapes to the music of the fire and drum corps to safety.

In the Jewish Home, nearby, 500 sick and crippled children were also taken from their beds for fear the flames would reach them. Not one of the 1,500 or more boys and girls, ranging from two to fourteen, were hurt. The Hebrew Home was saved, but the Catholic institution was burned. The loss will reach \$100,000.
