

Laugh at Sunburn

A few hours' exposure to the summer sun plays havoc with tender skins for besides the pain, there's the unsightly peeling-off that follows.

But you can laugh at sunburn if you have a bottle of Penslar Almond and Cucumber Cream handy. This soothing, cooling lotion stops the smarting and stinging in a few moments.

Better yet—apply it to the exposed skin before going out and there is very little danger of getting sunburned.

You really ought to try this. It will convince you that this word "Penslar" stands for the highest quality in Toilet Preparations and Remedies.

ELEVEN PRELATES WILL TAKE PART.

MONTREAL, June 9.—Foremost among the members of the Canadian Hierarchy who will participate in the coming Eucharistic Congress of Montreal in July next, will be His Eminence Cardinal Begin and His Grace Archbishop Bruchesi.

Cardinal Begin is Honorary President of the Convention, and, besides addressing the monster meeting of clergy and laity to be held at Notre Dame Church on the opening night, July 12th, His Eminence will attend various gatherings of the Congress. Archbishop Bruchesi, who is the President and the moving spirit of the demonstration, will follow all the deliberations of the Congress and act in the same capacity as at the Congress of 1910.

Ten other prelates will preach or read papers at the Congress gatherings. Auxiliary Bishop Hayes, of New York, is the only American prelate who has been invited to take an active part in the proceedings.

His Lordship will deliver the dedication sermon, on Sunday, July 14th, when Archbishop Bruchesi will solemnly bless St. Patrick's new Congress Hall, the headquarters of the English-speaking section.

Just Suits My Needs Building Up the System

THIS IS THE WAY THOUSANDS OF WOMEN ARE SPEAKING OF DR. CHASE'S NERVE FOOD.

I want to state that I have never taken anything to do me so much good as Dr. Chase's Nerve Food," writes Mrs. Edson Brock, Tremholmville, Que., "and I am never without it in the house. I was so nervous I could not sleep, but now I sleep soundly at night and wake up feeling refreshed and ready for the day's work. I used the Nerve Food for months and found that it just suits my needs and has built up the system wonderfully. I know it is Dr. Chase's Nerve Food that has brought about the change in my condition and am thankful for it.

"My husband was a great sufferer from itching piles and has been entirely cured by Dr. Chase's Ointment."

We are constantly receiving letters like this in regard to Dr. Chase's Nerve Food. Everywhere it is being used because of its great restorative and reconstructive influence on the

ISLAND PATRIOTIC FUND.

To the Charlottetown Guardian, Charlottetown, P.E.I.:

Enclosed please find \$..... as my contribution to the Island Patriotic Committee Fund.

Name
Address

PERSONALS

Mr J. W. Carruthers, Montague, was registered at the Victoria yesterday.

Dr A. F. Miller, Kentville, arrived in Charlottetown last evening by the Northumberland.

Mrs. Gordon McMillan and little son, of Cornwall, are visiting her parents, Mr. and Mrs. John Howatt—U.

Mr J. J. Johnston, K.C., returned to Charlottetown last night from Summerside.

Miss Margaret Dougan returned from Summerside on the mail train last night.

Miss Annie Johnson, who has been attending Mount Allison College, arrived home by the express last evening.

Mr Fred Cox, Charlottetown, underwent a surgical operation in the hospital a few days ago and is now doing nicely.

Mrs. M. Berrigan, Charlottetown, has returned home from the City Hospital very much improved, after four weeks of serious illness.

Mr. James Bradley of this city left Saturday morning for New York to visit his son James who will accompany his father back to visit his Island home.

Miss Tena MacKenzie, Charlottetown, is the guest of her friend, Mrs. E. Russell Bell, 1363 Main St., Moncton, N. B., having left for that place on Tuesday morning.

Mr. M. C. McKinnon, Manager of The Glenadale Fox Company, returned last evening from a successful business trip to the United States.

Mrs. J. M. Young, Tryon, is visiting friends in St. John, before she returns from the convention in Chatham—U.

Mr. Everett Howatt spent a short furlough with his parents in Tryon last week. He is stationed at Sydney for Home Defence.—U.

The delegates who were here in connection with the Royal Guardian returned to Montreal yesterday morning.

Mrs. Phillip Palmer, St. John, sister of Major A. A. Bartlett, arrived in Charlottetown last night for a visit of some weeks and is the guest of Major and Mrs. Bartlett.

Mrs. A. J. Dougan was a passenger to Summerside yesterday afternoon to meet her daughter, Miss May. Miss Dougan is Superintendent of the Providence Lying-in Hospital, Rhode Island, and will spend her holidays at her home in Charlottetown.

A wide circle of friends will learn with deep regret that Miss Elizabeth Coleman, daughter of Mr. and Mrs. Thomas Coleman, Brighton was suddenly stricken with appendicitis. She was successfully operated upon yesterday morning and at latest reports was resting easy.

Mr. Goulding, of Lea & Goulding, Building Contractors, Calgary, accompanied by his wife, formerly Miss Vera Lea, daughter of Mr. Jabez Lea, Victoria, P. E. I., and their children are spending the summer in Ontario with Mr. Goulding's relatives. They rented their beautiful residence in Calgary, furnished, during their absence.

HEAVY RAINSTORM THROUGHOUT WEST.

WINNIPEG, Man., June 8.—The heavy rainstorm last night is being followed by continued cold. A rainfall is reported from large sections of the West this week with warm weather, the crops will make great headway.

nervous system. Men and women who are run down in health, tired, nervous and discouraged, find in this great Food Cure the means of nourishing the exhausted system back to health and vigor.

Headaches, indigestion, sleeplessness, nervous irritability, lack of energy, and vigor—all tell of nervous exhaustion, and indicate that need of such treatment as Dr. Chase's Nerve Food.

Instead of affording mere temporary relief by stimulating the nerves, Dr. Chase's Nerve Food builds up the system by supplying the ingredients from which Nature forms new rich blood and revitalizes the wasted nervous system. Put Dr. Chase's Nerve Food to the test, when you are feeling tired out and discouraged, fill the body with new rich blood, and new nerve force and you will realize again the joy of good health. 50 cents a box, for \$2.50, all dealers, or Edmondson, Bates & Co., Limited, Toronto.

ITALIAN DIRIGIBLE CAUGHT FIRE

(Special to Guardian.)
ROME, June 9.—An Italian dirigible which made an attack on the Austrian port of Fiume yesterday caught fire and was lost. The crew, it is believed, were captured by Austrians.

TESTING THAW'S SANITY.

ALBANY, N.Y., June 8.—Deputy Attorney-General Becker appeared before the Court of Appeals to ask a writ of prohibition to prevent the empanelling of a jury to test the sanity of Harry K. Thaw. Attacking the order of Supreme Court Justice Hendrick, granting Thaw a jury trial, Mr Becker declared that such a step would pervert the original purpose of a habeas corpus writ. John B. Stanchfield, for Thaw, argued against the issuance of the writ.

CASTLE SQUARE THEATRE, BOSTON

"All the Comforts of Home," William Gillette's side splitting farce comedy will be the bill next week at the Castle Square Theatre. Of all the successful comedies ever produced on the American stage, this one is voted the funniest. There is a laugh in almost every line.

The story concerns a young man who finds himself to be flat, stony broke and in debt up to his ears. He is in despair when the deus ex machine falls from heaven in the form of his wealthy uncle. Uncle being jealous of his sprightly wife, takes her away on a journey. This is where the nephew seizes an opportunity to

enrich himself and repair his fortunes. He turns his uncle's home into a boarding house where all sorts and conditions of people come to live—paying in advance. The humorous misunderstandings that arise can easily be imagined.

SERIOUS CORNSTALK DISEASE

A serious cornstalk disease that has reduced the crop on some farms in Iowa last season is under investigation by the botanical section of the Iowa Agricultural Experiment station. Dr. L. H. Pammel, who is in charge of the investigations, says that in some fields the damage amounts to 15 per cent, or more, one to fallen or barren stalks or undeveloped ears.

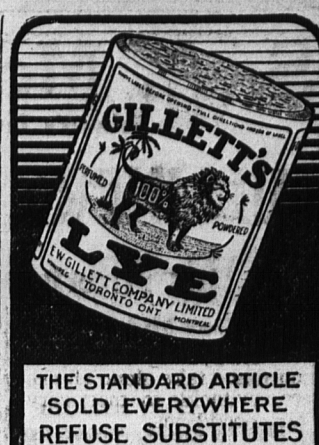

may be recognized quite readily by fallen stalks which look as though they had been blown over. However, there is this difference: The diseased stalks break at the nodes. A fungus parasite is responsible for the trouble. Where it attacks the stalk there is a brownish, and sometimes pinkish discoloration of the fibres and a little mould may also be found on the outside at the base of the leaf sheath. The roots are decayed and have a pinkish color. Such diseased stalks are often barren or have ears that are rudimentary. Sometimes the stalk may remain standing where the disease is not severe.

To help the investigation farmers in Iowa who find evidence of this disease are urged to send specimens of affected corn plants to Dr. L. H. Pammel at Ames.

A MIRACULOUS ESCAPE.

Among the wounded Territorials in Tobhill Hospital, Glasgow, is a member of the 9th H. L. I. (Glasgow Highlanders) who was wounded prior to the Neuve Chapelle fight, and there is also a lance corporal of the 5th Scottish Rifles. One of them relates how during a heavy bombardment by the enemy a shell dropped into the trench where he was standing and dropped at the feet of a private. Owing to some defect the shell failed to explode, but the young fellow received such a shock that his hair, which had previously been dark, became white. I can tell you, said the narrator of the story, that all the men in the trench were thankful for that was a miraculous escape. It was great fun, he said, playing the snipers at their own game, and some of the Territorials had become quite adept at plunking shots through the loopholes in the German trenches.

He referred to the success which attended the Germans when sniping at night and expressed his belief that the men rubbed the sights of their rifles with phosphorus which enabled them even in pitch darkness to obtain an accurate sight of the object at which they aimed. It was uncanny to sit in a trench depending upon the darkness to afford shelter, and suddenly to awaken to the fact that a German could still find a loophole as easily as through the day.

PRO-GERMAN FILMS WILL BE PROHIBITED.

TORONTO, Ont., June 8.—Films with a taint of pro-Germanism will be banned by the Ontario board of censorship. Mr. Armstrong, chairman of the board, yesterday stated that a sharp look-out would be kept for anything with a German bias.

Father and Sons Economize!

We are National Tailors for the Male Portion of the Family

IT is the head of the family that should set the example in everything--- if the "Old Man" doesn't exercise a little sensible economy we don't see how the balance of the family can be expected to. Can you fancy any better line upon which to begin than Clothes!

We don't care what size, weight or build a man is, or what age he is, we can tog him out in a suit of Clothes for \$15--no more, no less--a Suit that will set the neighbors agape with envy.

We don't care how particular a man is as to fit, style and finish, we can make him a garment equal to or better than any he has ever worn in his life.

The "Mill-to-Man Plan" is the "Economy Plan" of buying clothes. Thousands of men have tried it, and proved it by saving \$10 to \$15 on every Suit or Overcoat bought from us, and, in addition, they have found they get Economy in Wear. The high quality of our fabrics means the maximum of Service with Style.

Economy—Style and Wear is what you get with garments made by the English & Scotch Woollen Co. The multitude of fortunate men—old and young—who are wearing "Mill-to-Man"—"Made to Order"—Suits or Overcoats, will tell you emphatically that you should shun the very suggestion of a substitute. In their opinion, as ours, no Made-to-Order garment is offered that can, in any way, compare with our Master Tailored Clothes, or compensate you for what you would lose.

Our guarantee is as broad and clear as it can possibly be made—it means that the garment must please you—it must fit you—it must live up to every claim we make, or you are under no obligation to keep it.

GERMAN MECHANISM AND CANADIANS' GRIT.

The Melbourne Argus, perhaps the most influential newspaper in Australia, pays a generous tribute to the Canadians who fought at Ypres. The editor of the Argus is Dr. Cunningham, who was a delegate to the Imperial Press Conference in 1909, and passed through Canada on the journey to the Conference, and also on the return journey to Australia. The passage quoted below appears in the Argus for April 28th:

Canada is a proud country to-day. Her soldiers have been subjected to a terrible testing, and have emerged from it with distinction. Some of them were veterans, having served the Empire in South Africa with great credit, but for the majority the fighting on the Yser was a baptism of fire. The ordeal, judging by the graphic descriptions of the battle, was calculated to cause seasoned soldiers to quail, but the magnificent impetuosity of the Canadians carried them through. By all the rules of warfare they should have been annihilated or forced to a headlong flight. We are told that their chief claim to distinction was "holding on in defiance of every tactical rule." They refused to be vanquished; they disdained to fly. Theories they scorned, and their valour alone prevailed. Now what can the Germans do in face of such stubbornness? They are still bent on the belief that certain movements will inevitably produce certain results—that war is a matter of operating machinery. But against the Canadians the mechanism has failed. A little army of young men, mostly in their military novitiate, has broken it up. The splendour of their action will live imperishably. The achievement has been dearly bought with the blood of many gallant men, and Australia, Canada's sister Dominion, will be warmly sympathetic with those who are sorrowing bravely with a proud sorrow.

MADE IN CANADA CAMPAIGN CONDUCTED BY CANADIAN MANUFACTURERS.

TORONTO, June 8.—The "Made in Canada" campaign and the plans of the Export Association of Canada were the main features of the deliberations of the Canadian Manufacturers' Association, which opened its annual meeting here to-day with 225 delegates present. Both patriotic movements received the hearty endorsement of the meeting.

"The most important campaign ever undertaken in Canada," said President E. G. Henderson, in introducing the report of the "Made in Canada" committee which was read by Secretary G. M. Murray. The report showed that the committee in charge of the campaign had restricted their newspaper campaign to 144 publications, having a combined circulation of more than 2,250,000, from Sydney, N. S., to Victoria, B. C. The subscriptions received to date totalled \$29,433.33. The campaign cost in all \$25,902.17.

It was suggested at the conclusion of the report that the phrase "Made in Canada" be copyrighted for those actually participating in the Canadian campaign.

The report was adopted. Mr. D. Campbell, of Preston, advanced a national teaching of the "Made in Canada" principle, as was the case in Germany. Other speakers strongly advocated the continuance of the campaign under the auspices of the Canadian Manufacturers' Association.

(Special to Guardian.)

PETROGRAD, June 9.—The following was officially issued: In the region of Shavli fighting continued on June 7 and 8, in the direction of Koevno, between Niemen and Wirballen railway. The enemy made slight progress in the forests of Koevno. On the Dnieper we repulsed attacks by the enemy during the night of June 7th and the day of June 8th, taking over 800 prisoners with ten officers, and five machine guns. On the left of the Dnieper fighting continues against large forces of the enemy which crossed the river near Juravio. On the 7th the Black Sea fleet bombarded Zunguldak and Koseiu, Asia Minor, destroying coal establishments and sinking two Turkish steamers while coaling.
