"Song of Russia" the film now showing at the Capitol Theatre, is a vivid picture of present day Russia.

The film will help American audiences to a better understanding of the Russian people and to better explain their heroic fight against the Nazis.

Robert Taylor and Susan Peters are co-stars in the film which spot-lights romance and music, rather than war.

Taylor, in his last role, is a Russian who returns to his home in the United States to help his people.

Peters, who is a Russian girl, is cast as an American who meets Taylor in the United States.

The film is a story of the Russian people and the American public in the common language of music.

Congratulations From Mr. A. W. Robb On "Y" Campaign

The following interesting letter is self-explanatory: D. J. Bonnell, Esq., General Chairman, Y. M. C. A. Youth Centre Campaign, Charlottetown, P. E. I.

Dear Mr. Bonnell: I regret that I cannot be present at the opening of your campaign for a new Y. M. C. A. Youth Centre. I am delighted that after so many years Charlottetown is to have a building more in keeping with the needs of youth, and which will do much to build Christian personality in the lives of the young people.

I count among the very great pleasures of my life the opportunity of serving for four years as the General Secretary of your Association, and although forty years have passed since I left Charlottetown, the friendship with the fine group of Christian gentlemen who served on the Board of Directors and the hundreds of young men and boys who made use of the facilities afforded, limited as they were at that time, remain with me as most enduring and happy memories.

I have watched the Association's movement for over half a century—as a member, paid official and later as President of the Halifax Association and member of the National Council—I am more convinced than ever of the value of the Association movement and the influence it will continue to exert in the new world that is to be.

Congratulations on the inauguration of your campaign, and I am sure the good people of Prince Edward Island will recognize as a real privilege the opportunity now afforded them of making possible an even greater contribution to the advancement and development of the best citizenry of the youth of your fine Province.

Sincerely yours, Andrew W. Robb
