## CRIPPEN'S END WAS INSTANT

### Nearly Collapsed on the Scaffold. A Report that He Made Confession.

Special to The Guardian.  
LONDON, Nov. 23.—Dr. Crippen, who throughout his trial and even until Home Secretary Churchill had refused the petition for his reprieve had maintained imperturbable calmness, presented a pitiable appearance as he was led through the short corridor from his cell to the scaffold this morning.  
His mental anguish had been too great to be concealed by outward bravado and it was a broken man whom the wardens were obliged to assist up the steps to the drop, which, once reached, the shrinking figure all but collapsed.  
The doomed man passed a restless night and appeared haggard and worn.  
He seemed to lose all fortitude as the end approached.  
Breakfast was brought him, but he left it untouched.  
Crippen, who weighed 160 pounds, was given a drop of seven feet and his death was instantaneous.  
The Evening Times says that Crippen confessed his guilt to a friend who was unable to hold the awful secret any longer and has given the full facts to that paper.

### STELLARTON AGAINST RECIPROCITY

STELLARTON, November 22.—At a meeting of the citizens of Stellarton, held this evening, the following resolution was passed:—  
"Being convinced that reciprocity or any interference with the present tariff on coal would be detrimental to the best interests of the community."  
Therefore resolved, that this meeting of the citizens of Stellarton enter their strongest protest against entering into any treaty with the United States, involving reciprocity in coal and against any reduction whatever in the present import tariff on coal;  
Further resolved, that a copy of this resolution be sent to the finance minister and to the member of parliament for this country.

### NEW FISHERY REGULATIONS WILL PREVAIL

By a letter received yesterday from Hon. A. B. Waples it was learned that he had presented a copy of the resolutions passed at a recent fishermen's meeting in this city, respecting the adoption of the proposed new fishery regulations to Hon. Mr. Brodeur.  
He received the reply that these regulations will be enforced and that the Minister saw no reason to make any change until the system had been given a year's trial.  
Fishermen and packers here will feel a keen disappointment in this. They declare that the new regulations will mean that a large number of factories will shut down this year and a consequent material injury to the industry will result.

### NEW STEAMSHIP LINE

MONTREAL, November 22.—Definite arrangements are being made by the Canadian Pacific railway for the increasing of their foreign connections by two new lines of boats. The plans include an ocean service to South American ports and a freight and passenger service to the West Indies, with weekly sailings in the latter case and monthly for South American ports.  
While the plans are as yet under way, it has been decided that these services shall be put on and it is expected that the South American line will be established next spring. Owing to the peculiar conditions of the trade, the line to the West Indies cannot be put on until the necessary boats are built.

### LITTLE THINGS

By Louise Smith Hildner.  
In little things, oh give me grace to do Thy will, dear Lord;  
The big things I would trust to Thee, but watch the hasty word  
That rushes to my lips to wound, not heal some suffering one—  
Oh, keep me silent, and, dear Lord, mend the wrong that I have done.  
Oh let me think of others' wants and needs in all my ways,  
My mighty sacrifice I leave to Thee; but fill my days  
With constant putting of myself aside, so others may be eased,  
And save me from the sacrilegious thought, "My Lord is pleased."

## MOUNT ALLISON WINS THE CHAMPIONSHIP

Special to The Guardian.  
TRURO, N. S., Nov. 23.—Mount Allison, 3; Acadia, 0.  
That was the way today's game for the Intercollegiate football championship ended after seventy minutes of remarkably hard and fast play.  
Godfrey for Mount Allison scored in the first ten minutes and after that the play was pretty even throughout, though Mount Allison had a little better, all in all, toward the last of the second half.  
Acadia's team were rubbing like demons but Mount Allison held them off and just before time Smith, Mount Allison, got away for a fifty yard run and was only stopped right on Acadia's line.  
Mount Allison excelled much in tackling and following up. Acadia's back tried a good deal of passing but Mount Allison's tackling killed that and prevented Acadia's speed from being effective.  
About two thousand people witnessed the game.  
Carl Milford, City, and Thompson, were two P. E. Islanders who were with the Mount Allison squad. The former as regular half and the latter as a substitute quarter.

## W. GRANT & CO'S SLEIGH DISPLAY

A display of merit along agricultural lines was that of W. Grant & Co. Tuesday evening last when their show rooms on Queen St. were thrown open to the public. There was a very large attendance and the music of the Citizen's Band enlivened the interest in the exhibit. The manufactured wares in the rooms were tastefully arranged and the whole display reflected credit on the promoters of the first opening. They showed eighteen different styles of sleighs, trotting sleighs, gentlemen's drivers, speeders, half speeders, family sleighs, Gladstone or Traps, auto-seated sleighs, general purpose sleighs, all the manufacture of that celebrated firm, E. N. Heney, & Co., Montreal. In their sleighs the forging of the best quality steel, the upholding of English broadcloth, of the highest quality of plush and the workmanship throughout of the best class. The auto seat low built sleigh is specially adapted for country driving the half speeder makes an ideal gentleman's driver for town or country, and the speeder appeals strongly to the horsemen. All are provided with movable cushions. There are several styles of adjustable seats. In one the seat revolves so that the occupant can sit either face or back to the horse. Sleighs can also be made single or double by an ingenious arrangement of seats, in this respect. A Gladstone sleigh which can be easily converted into an express and a light, but strong cutter for country roads, are three other types which will undoubtedly prove popular this season. A small folding seat for a "third party," is another feature of Heney's makes. The showing of harness, robes, and rugs was also of a high order of merit and attracted much attention. The showing of sleighs resulted in the sale of five different makes.

## WARREN GRAHAM

The residence of Jas. A. and Mrs. Campbell, Graham's Road, was the scene of a very pretty wedding on Wednesday evening, November the sixteenth, when their youngest daughter, Olive C., was united in the holy bonds of matrimony to Willard W. Warren, son of Edward and Mrs. Warren, Burlington. The ceremony was performed at half past eleven, by the Rev. John Murray, pastor of the Presbyterian Church, New London, in the presence of quite a number of invited guests. The bride, who was given away by her father, was beautifully attired in cream silk with bridal veil and orange blossoms. She was attended by her sister Minnie who wore a pretty dress of white silk. The groom was supported by his cousin William Warren, of Clinton. Miss Lena B. Murray daughter of the officiating clergyman, played the wedding march. After the customary supper was served and the evening was pleasantly spent with music and social intercourse. The many handsome and valuable wedding presents testify to the esteem in which the popular young couple are held. The groom's gift to the bride was a fur lined coat, and to the bridesmaid a gold brooch with smithey setting. Mr. and Mrs. Warren's many friends join in wishing them a happy and prosperous journey through life.
