Sunshine Family Holds Banquit

The third annual banquet of The Sunshine Island Dairy was held at the Parkdale Women's Institute Hall on October 28th, when upwards of seventy people, including Milk-Producers, staff, and a few invited guests, were entertained by Mr. Percy G. Gay, proprietor, and Mrs. Gay. The nicely decorated tables, the delicious food, and the evident spirit of good-will between Mr. Gay and his producers, made a perfect setting for a happy evening for the Sunshine Island Family.

After welcoming the guests, and introducing the various couples, Mr. Gay spoke briefly on several important phases of the production of clean, sanitary milk. He thanked the producers for co-operating with him in providing the consumers with a milk product, which, last month, had the lowest bacteria count of all the dairies in Charlottetown and vicinity. He then introduced Mr. Henry MacDonald, Dairy Superintendent, who spoke of the importance of the dairy industry, and congratulated Mr. Gay on the high standard of efficiency and cleanliness he maintains at his plant.

The next speaker was Mr. Claud Smith, who spoke of the value of good-will between distributor and producer, and commended Mr. Gay for his efforts in bringing about this understanding. He also pointed out that every effort should be made to create a better understanding between the consumer and distributor, as many people have only a slight conception of the work and increased expense both to producer and to processor in providing this most necessary food of health.

Mr. Andrew MacRae, President of the Milk-Producers' Association, spoke about the situation which is confronting producers at the present time, and the difficulties under which they are now working, due to increased feed costs. Others who expressed pleasure at being present on such an occasion, were Messrs. Edmund Fairbairn, C. J. Wood, Major MacRae and Austin Kennedy.

Throughout the evening, enjoyable entertainment was provided by the following: Step-dancing by Mr. Andrew Gallant, with guitar and violin accompaniment by Messrs. Hughes and Doiron; Mr. Doiron, songs with guitar accompaniment; Mrs. Allison MacRae, piano selections; Mr. Ralph Rayner, violin selections, accompanied by Mrs. Allison MacRae; songs with guitar accompaniment, Mr. Howard Francis; and songs by Mr. Herbert Worth, accompanied by Mr. Larry Rowe.

A hearty vote of thanks was then extended to Mr. and Mrs. Gay for the splendid evening's entertainment, which was brought to a close by the singing of, "For They Are Jolly Good Fellows."

Livestock

(By The Canadian Press)

MONTREAL, Nov. 3 — There were not sufficient sales in early trading on the two livestock markets here today to establish any price ranges. Livestock officials indicated, however, that trading later in the day would be active.

Receipts, 2,178 cattle, 5,545 sheep and lambs, 1,298 hogs and 1,602 calves.

BIRTHS, MARRIAGES, DEATHS
50c Per Insertion

BIRTHS

SMITH — At Grace Hospital, Winnipeg, Sunnady evening, November 2n... 1947, to Capt. and Mrs. C. J. Smith, a son, William Bruce, weighing 8 lbs. 14¾ ozs.

MARRIAGES

PATON - NICKERSON — At St. Peter's Cathedral, Oct. 31, 1947, by the Rev. Canon E. M. Malone, Katherine Brown Paton, Charlottetown, to Dr. Victor Morse Nickerson, Yarmouth, N. S.

DEATHS

GRAHAM—At Gaspereaux on Oct. 28th, 1947, Charles Graham in his 75th year.

HUGHES — At his residence in Bedford on Sunday, Nov. 2, 1947, John Thomas Hughes in his 77th year. His remains are resting at his late residence from where the funeral will be held on Wednesday morning at 9 a.m. to St. Michael's Church, Corran Bann. Interment will take place in the church cemetery.

COURT—Suddenly at Bedford on Nov. 2, 1947, Joseph Court in his 73rd year. Funeral from his late residence Wednesday afternoon, service starting at 2 o'clock. Interment in Donaldston Cemetery.

In Memoriam

In loving memory of Thomas McAdam, who passed away Nov. 4th, 1946.

Inserted by wife and family.

This column is reserved for news of local interest, but advertising of a newsy nature may be inserted at five cents a word strictly payable in advance.

RETURNING OFFICERS —The three returning officers for the General Provincial Election on Dec. 11 are, James McCardle, Middleton, for Prince County; J.G. MacFadyen, High Sheriff, for Queen's; and Edwin Reid, Rollo Bay, for King's.

CUBS HOLD PARENTS' NIGHT —Parents' Night was held by the Kirk of St. James Wolf Cub Pack at a meeting in the church hall last night. Parents and friends of the Cubs were treated to a typical program as carried out at weekly meetings of the Pack. An interesting part of the program was the holding of an investiture ceremony marking the admittance of a new boy to Wolf Cub ranks. Cub leaders in charge of the entertainment were Sterling Walker, David Jardine and Blois Carter.

FUNERAL YESTERDAY —The funeral of the late Frank McEwen, 101 Sydney St., was held yesterday afternoon from the Cutcliffe Funeral Home. The service was conducted by the Rev. T. E. McLennan. The pall bearers were, Mark Spence, Vernon MacDonald, Donald Campbell, Harry McEwen, Patrick Murray, Hayden MacDonald. The members of the Canadian Legion attended in a body. Interment was in West St. Peter's Cemetery and the service there was conducted by the Rev. W. D. MacPherson.

FUNERAL AT GEORGETOWN— —The funeral of James Henry, whose death occurred on Saturday at the Sutherland Memorial Hospital, Pictou, N.S., took place yesterday afternoon from the residence of his uncle, James Publicover, to the Presbyterian Church at Georgetown. Services were conducted by the minister, Rev. D.A. Yeo, who also officiated at the grave-side in the Church of England Cemetery. The pallbearers were: Allister Stewart, Herbert George, William Prosper, Michael Burke, James McCannel, Wilfred Prosper.

CONDITION UNCHANGED — It was learned last night, that the condition of Lloyd MacDonald, 13, who is a patient at the Prince Edward Island Hospital, is unchanged. He was taken to hospital Friday evening with a ruptured liver, as the result of an accident in which it was believed that a roll of tar paper had fallen on him. He was found near the establishment of MacDonald and Rowe about four o'clock Friday evening by Emanuel Oatway, who informed his parents, Mr. and Mrs. Fred MacDonald, King Street, City, of the accident.

ROTARY — Rotarians enjoyed a mock trial of one of their members at luncheon yesterday, and several members will have to purchase new neckties as a result of an unceremonious operation. Possibly the shortened neckgear will become the badge of those members known as the "Dead End Kids". Short talks on their hobbies were given by Rotarians R.E. Mutch, W.E. Scantlebury, P.W. Turner, and E.S. Giddings. The programme was arranged by the co-chairmen George Walters and Cleve Craswell. Rotarians M.L. Bradshaw, Summerside, George Hawkins, Fredericton, N.B., and Senator J.A. MacDonald, Cardigan were guests.

FUNERAL AT CHERRY HILL — The funeral of the late W. Henry Coffin was held yesterday afternoon. A short service conducted by Rev. W.T. Mercer at his residence at Cherry Hill, following which, services were held in Mount Stewart United Church, conducted by Mr. Mercer, and Rev. M.K. Charman. Interment was in Mount Stewart Cemetery. Fellow members of the session of Mount Stewart United Church acted as honorary pall bearers: Albert Jardine, Milton Coffin, Addison Coffin, Kenneth Jay, Sydney Anderson, Chester Birt and Wenstal Baker. The active pallbearers were, Geddie Douglas, MacLeod Douglas, Louis Cameron, Ralph Coffin, C.J. Wood and Roy Farquharson.

Personals

Mr. David A. MacGregor left Charlottetown Monday to commence his new duties in the office of R. T. Holman Ltd., Summerside.

Mr. E. H. Douglas of Bunbury, who has been undergoing treatment in the Montreal General Hospital for the past two or three weeks, returned home on Saturday. He was accompanied home by Mrs. J. Lester Douglas and they flew by chartered plane from Moncton. Mr. Douglas is still very ill.

LONDON — (CP) — R. A. F. cultivated gardens produced food worth £100,000 ($400,000) in 1946.

Too Late To Clasify

FOR SALE — 1934 CHEVROLET coach. Apply Summers Service Station.

Baptist Men Begin Visitation

This week the members and adherents of the Charlottetown Baptist Church will be visited by members of the Men's Association in an effort to link them actively with the work of the church. The Pastor, Rev. J. D. Davison outlined the purpose and plan of the visitation, thanking the members for their enthusiastic interest.

Division captains for the visitation are Louis Simmons, S. H. Burhoe and Leslie Gillespie.

Guest speakers at the monthly supper meeting last night were Mr. Walter Hall and Mr. Guy Hawkins of Fredericton, N.B., president and secretary respectively of the Maritime Baptist Laymen's Association. Both speakers brought inspiring messages to the large gathering of men, stressing the need of personal consecration and the urgent call for men to interest themselves in the work of the church.

The pastor reported that it had been decided to organize a Boys' Club for boys 12 to 15, also a Wolf Cub Pack for boys aged 9-10-11. It was the intention to fit up a room where the boys could carry on woodworking and various other handicrafts. A number of men offered to assist with the project.

The President D. M. McGuire was chairman of the meeting. It was announced that Dr. F. W. Patterson, president of Acadia University would be the special speaker at the December meeting.

HON. T.W.L. PROWSE

(Continued from Page 1)

name as a candidate submitted for its approval.

Mr. Prowse thanked the convention for the honour it had conferred on him and went on to say that the Jones Government had been the best friend the City of Charlottetown ever had. Since that Government had been elected in 1943, it had given a total of $102.000 to the City of Charlottetown so that, Mr. Prowse said, the City Council could reduce the real estate tax next year, if it wished to, from $3.25 to $2.75 per $100.

Referring to the Canada Packers strike, Mr. Prowse said the present Liberal Government was not against organized labour. "If I thought it was, I would resign, because every man is worthy of his hire". Mr. Prowse stated that the Government had found it "almost impossible to deal with labour headquarters", that the farmers had hogs to kill and that the job had to be done some way.

If the Liberal Government is returned to power, Mr. Prowse said he could promise the citizens of Charlottetown that a lot of concrete sidewalk would be put in where there are only wooden sidewalks now. Mr. Barbour had promised him concrete sidewalks would be placed next year from Saint Peter's Road to the cemeteries and probably out to Belvedere Service Station.

Hon. Mr. Wright

Hon. Horace Wright congratulated Mr. Prowse on his nomination. He regretted that Dr. Dougan, owing to a recent accident in the United States, was unable to be present but he felt sure that the Doctor would make a worthy running-mate. He also expressed the belief that Mr. Gaudet would have made a fine candidate had he been chosen by the convention.

The Jones Government was the best friend organized labour ever had in the Province, Mr. Wright said. The Government was not opposed to labour and never had been but in the serious situation which had confronted the Government at the time of the strike, the plant had to be operated and outside workers taken in.

His actions as Controller of the plant had been "grossly misrepresented by a section of the Press which was supposed to be supporting the Government," Mr. Wright said. Those statements in that paper were "untrue and misrepresenting."

Hon. Mr. Barbour said he believed December was an auspicious month for the Liberals to hold elections. They had held one on Dec. 12, 1900, and another on Dec. 7, 1904, and had done well in both.

The Government had now, he said, and would have during the next four or five years, more to spend than any other Government of the past and naturally the Opposition leader and his supporters would like to be in power now. But it was the Liberal Government which had got the money and he felt sure a Liberal Government would spend it.

Mr. Dugald MacKinnon, M.L.A., and Mr. J. Lester Douglas, M.P., spoke briefly. Both congratulated Mr. Prowse on his nomination and expressed the belief that Dr. Dougan would prove a successful candidate.

Japan's Rising Sun Flag Files Again

TOKYO, Nov. 3—(AP)—Japan's Rising Sun flag flew over the Imperial Palace today for the first time since the Allied occupation began. Gen. MacArthur said last May the flag could be flown over the palace but the Japanese waited until today—the anniversary of Emperor Meiji's birthday and the first anniversary of the promulgation of the new constitution

LONDON, Oct. 24—(AP)—Princess Elizabeth showed off her wedding presents today to her 17-year-old sister, Margaret. Together they drove from Buckingham Palace to St. James's Palace to see the collection of silver, gold and china gifts which have been accumulating for weeks—with more still to come.

Industrial Growth Aids Stability In The West

(By Jack Aveson, Canadian Press Staff Writer)

Western Canadians believe they have found a magic word which will provide a safeguard against recurrence of conditions which brought general bankruptcy slightly more than a decade ago.

The word is "industrialization."

The growth of industry is seen in every western city where smokestacks and factories have multiplied rapidly. And the visual evidence is backed up by statistics.

In 1929 the gross value of western manufactured products totaled $592,018,000. In 1933, when depression was sweeping the world, the gross had slipped to $298,676,000, but by 1944—the last year for which complete statistics are available—it had climbed to $1,436,767,000.

There are good indications that this rise was not just a war-time development, for 1946 figures are estimated to have held up to the 1944 top.

Industrial production has thus passed agricultural income, which in itself jumped from $568,952,000 in 1926—in 1940 it was down to $378,819,000—to $964,123,000 in 1946.

These figures include the three Prairie provinces and British Columbia, the last always a greater manufacturing centre than the Prairies.

The breakdown by provinces, using available figures or estimates:

Industry: Manitoba (1946) $320,000,000; Saskatchewan (1946) $175,349,000; Alberta (1946) $235,000,000; British Columbia $655,844,000.

Farms (all 1945): Manitoba $153,401,000; Saskatchewan $414,845,000, Alberta $289,125,000; British Columbia $73,704,000.

Argument In Favour

Western industrial exponents quote the old saw about not keeping all your eggs in one basket and argue as follows:

(1) Diversity of products gives a better chance of retaining at least some markets even in depression, while a solely agricultural community is hit disastrously by a fall in farm prices.

(2) The West has an abundance of raw materials and should, so far as economically sound, manufacture at home rather than ship out and buy back in finished form at extra cost.

(3) The West can support a much larger population, but to do so must have industries to supply employment.

(4) Modern transportation has brought world markets closer.

(5) Water power, natural gas, fuel and other basic items on the Prairies and in British Columbia could be stepped up to provide motive power for expansion.

Drawbacks include long distances to markets (modern transportation notwithstanding), lack of skilled artisans (training and selected immigration are held to be the key to this problem) and shortages of electrical power in some places, notably Saskatchewan.

Federal policies concerning immigration, tariffs and transportation, especially freight rates, are important factors.

Exponents of development of industry also feel that there has been tardiness in realizing the industrial potentialties of the West and suggest a well-directed publicity campaign.

This campaign is already under way insofar as the Hudson Bay route is concerned, backers claiming that its full utilization would provide low-cost transportation for an industrialized West to overseas markets.

Provincial Review

Taking a look at the four provinces:

British Columbia—E. G. Rowebottom, deputy minister of trade and industry, says: "Many new and substantial industries are being planned. British Columbia has shown the greatest percentage increase in population of any province in Canada during the last five years and the influx is steadily increasing."

Alberta—More than 100 new enterprises are slated to begin operations as soon as difficulties of obtaining materials and machinery are overcome. Government officials say: "It is a fair appraisal to state that any able-bodied man can find a variety of employment within Alberta, while in the highly-trained professions such as nursing and teaching an acute shortage exists." The Leduc oil field near Edmonton is one of the more important recent developments."

Saskatchewan—The most basically agricultural province, but following the industrialization trend. Mining is being developed, natural gas is up and oil has been discovered at Lloydminster. More companies were formed in Saskatchewan during the last three years than during any similar period, government officials state.

Manitoba—The province's industrial development board recently reported in a survey that industrialization will "progress and great diversification of industries result." The survey and mining men predict developments on an unprecedented scale in the northland, following developments of the last few years in the Lynn Lake, God's Lake and Snow Lake regions.

On the whole, Westerners seem to agree that manufacturing possibilities are being developed but disagree on how far it can go. Some say that with increased population the West can rival the East; others claim that the West is essentially agricultural and should concentrate on that.

Enjoyable Concert At Georgetown

Last evening through the efforts of the Department of Physical Fitness a large audience was entertained in Georgetown Rink by the 17th Recce Regiment Band, ably supported by two pleasing young Charlottetown vocalists, Miss Francis Hennessey and Mrs. Kay Gallant.

In spite of the electric power difficulties and the snappy weather, a splendid turnout welcomed the Band and supporting artists and the entire party returned to the City loud in their praises of the welcome and applause received. Before returning to the City, the party were guests of the Georgetown Community Welfare League at a tasty lunch served in Mrs. Condon's Restaurant.

Registered Nurses' Association Meets

The regular quarterly meeting of the Prince Edward Island Registered Nurses Association was held yesterday at Mulberry Lodge in Summerside. Mrs. Lois MacDonald presided at the meeting and there were fifty-two members present.

The three sections met concurrently previous to the general meeting.

At the Hospital and School of Nursing section, members of the Provincial Sanatorium staff outlined a "staff conference". This was followed by a discussion. The Public Health section discussed social work and mental health, and interesting papers were read by Miss B. Beer and Miss R. Ross.

The General Nursing section discussed nursing ethics and nursing procedures. Papers were read by Mrs. H. McIvor and Miss B. Haughey.

At 4.30 p.m., the sections met in a general meeting. Minutes were read, reports presented, and business discussed. Following the business section of the meeting supper was served.

The speakers at the evening session were Dr. Irwin of Charlottetown who spoke on "Modern Trends in Obstetrics" and Dr. H. Moyse of Summerside who spoke on "New Ideas About Arthritis".

Canada's Adverse Trade Balance Climbs To New High

By GEORGE KITCHEN

OTTAWA, Nov. 3—(CP) — Canada's adverse trade balance with the United States bounced up another $73,800,000 during September to bring the total for 1947 to a new all-time high of $718,300,000 and sharpen the possibilities of a peak of $900,000,000 or more being reached by year-end.

Official figures showed today that the September deficit was $2,200,000 more than the August total of $71,600,000, but still was $11,100,000 below the July figure of $84,900,000. The corresponding total for September last year was $44,700,000.

Another sharp rise in the fall months, particularly in November when there is heavy seasonal pre-Christmas buying from American manufacturers, is expected to help boost the total for the whole of 1947 over the $900,000,000 mark.

The September figures came shortly after an unexplained visit to Washington by top Canadian finance officials. This visit coincided with recurrent rumors that Canada might seek an American loan or reduce her American imports as a stop-gap measure to conserve her dwindling supply of American dollars.

At $718,300,000, the trading deficit now is $22,600,000 over the total for the whole of 1946. The adverse balance is the amount Canada has to pay out in American funds to cover the difference between what she buys from the United States and what the United States buys from her.

Car Plant At Trenton Closes Down For Week

NEW GLASGOW, N. S., Nov. 3—(CP)—Eastern Car Company at nearby Trenton was closed down today for one week and 1,600 men stayed home because of a shortage of steel castings.

Shortage of castings was said due to the month-old strike of foundry workers and moulders at Maritime Steel and Foundries Limited, here. The men have been on strike to back demands for pay increases.

General superintendent R. C. Logan said castings had been ordered outside the province and were expected to be available within a week or 10 days.

A stock of steel castings was received Friday but rejected because of a flaw where welding could not be done.

13 MILES OF RECORDS

NEW DELHI — (CP) — Bound volumes and bundles of loose sheets in the custody of the Imperial Records Department — now called the National Archives of India — occupy today a running shelf space of 13 miles.

Men, Women Over 40 Feel Weak, Worn, Old?
Want Normal Pep, Vim, Vitality?
Does weak, rundown, exhausted condition make you feel fagged out, old? Try Ostrex. Contains general tonics, stimulants, often needed after 30 or 40. Supplies iron, calcium, phosphorus, vitamin B1. Helps you get normal pep, vim, vitality. Get Ostrex Tonic Tablets. Two economical sizes. For sale at all good drug stores everywhere.

12-Year-old Admits Killing

CHICAGO, Nov. 3 —(AP)—Howard Lang, 12, a frail, tow-headed youngster described by his mother as a "Smart Alex," today signed a statement that he killed a seven-year-old playmate.

Coroner A. L. Brodie announced the youth had scrambled his signature on a piece of paper bearing this single sentence: "I killed Lonnie Fellick on Saturday Oct. 18th 1947 in Thatcher Woods Forest Preserve."

The coroner said 15 hours of questioning had brought out these additional details:

Howard, Lonnie and a nine-year-old companion went to the woods Oct. 18. Lonnie threatened to tell Howard's mother that Howard had stolen $10 from her purse. Howard, angered, stabbed Lonnie twice and slashed his throat. Then, forcing the other lad to hold the victim's feet, he dropped a heavy concrete slamb on Lonnie's head.

The next day, at Howard's request, a 17-year-old girl tossed Howard's clothing into the woods. A bundle of garments and a four-bladed pocket knife, found near the scene of the slaying, were turned over to police today.

Howard's mother, Mrs. Alma Lang, 42, related ruefully that her son "had become a smart Alex in the last two years." She told reporters her husband had left her when Howard was an infant and she had worked as a domestic to support the child.

Judge Cornelius Harrington declined to free the youngster on a habeas corpus writ. Pending further action, young Lang was held on a charge of juvenile delinquency.

Fossilized Bones Bring Fame To Quebec Farmer

DAVELUYVILLE, Que., Nov. 3—(CP) — Farmer Marcel Soucy of this Nicolet County village, on the south shore of the St. Lawrence River between Montreal and Quebec, did not know he was heading for fame and a possible fortune when he started digging a ditch on his farm last week.

Soucy, after digging a few feet, discovered some "curious" bones which later proved to be the fossilized remains of a marine mammal thought to have been a whale possibly thousands of years old.

It can be anything — from a plesiosaurus to a dinosaurus — and nobody will know for sure until Soucy and his brother Alphonse have completely dug out the fossilized remains. Only part of the tail, expected to be some 20 feet long, and a 10-foot-long bone with a diameter of 10 inches, have been brought to the surface to date.

The two farming brothers have sold the dug-out bones and those to come to Arthur and Hermann Fournier, furniture merchants of Davelyville, for $300 cash and 30 per cent cut on any future benefits.

The money is already coming in for the Fournier brothers are exhibiting the "partial" tail and bone in the cellar of their small store.

Three geology professors from Laval University at Quebec examined the fossil and said they believed it could date back thousands of centuries.

Milk Prices Advance In Quebec Province

(By The Canadian Press)

MONTREAL, Nov. 3—The Quebec Dairy Industry Commission announced today that effective Nov. 16 the price of milk will be increased generally two cents a quart, and on "certain secondary markets" two cents.

Present price in Montreal is 15½ cents, by purchase of tickets, and the new local increase will put the price at 16½ cents.

The Commission said the increase was granted because of higher costs of labor and feeds following removal of Federal subsidies on feed grains.

Conciliation Board Ruling

OTTAWA, Nov. 3 — (CP)—A Federal conciliation board has ruled in favor of the Canadian National Railways in a dispute with its employees in the sleeping, dining and parlor car departments, members of the Canadian Brotherhood of Railway Employees and Other Transport Workers (C.C.L.)

Chief question at issue was the union's request that the standard work month be reduced from 240 to 208 hours, with the hourly rate of pay determined by dividing the monthly rate by 208 instead of 240.

The majority report of Mr. Justice G. B. O'Connor of Edmonton, chairman, and C. W. Johnston of Montreal, employer's nominee, recommended against the union proposal. J. E. L. Graham of Winnipeg, employee representative on the board, favored the reduction in the basic work month.

WANTED
We require a good smart young man to act as City Collector and also assist in our Main Office.
R. T. HOLMAN LIMITED
Charlottetown Branch.

PROVINCE VISITED

(Continued from Page 1)

are all graduates from universities across the country. All have had experience in private business before joining the Trade Commissioner service. Thirty assistant Trade Commissioners have already been posted abroad since the end of the war, and this fourth group will follow in their footsteps next year when their training has been completed.

Brief Biographies

Following are brief biographical sketches of the members of the group:

H.E. Campbell of Trail, B.C. was born in Nelson, B.C. and graduated from McGill University with the degree of B. Com. He served in the R.C.A.F. as a navigator in the Pathfinder force, holding the rank of flying officer. He has been employed by the North American Aviation Co.; Young and Rubicam Advertising Agency; and by Bruck Silk Mills.

L.A. Campeau of Quebec City was born in Quebec City, and graduated from Laval University with the degree of M. Com. He served in the Canadian Army in England, North Africa and Italy, holding the rank of captain. He has been employed by Boulet and Boulet, Chartered Accountants of Quebec City, and by Canadian Arsenals Ltd., Ottawa.

A.A. Caron of Quebec City was born in Quebec City, and graduated from Laval University with the degree of M. Com. He has been employed by the Goodyear Rubber Co., Toronto; Caron Co., Quebec City; the Central American Import & Export Co.; and the Royal Bank of Canada, Montreal.

C.M. Forsyth-Smith of Wolfville, N.S. was born in Liverpool, Eng., and graduated from Acadia University with the degree of M.A. (Econ.). He served in the Canadian Army in Italy and Holland, holding the rank of captain. He has been employed by various retail firms, and was a teacher at Kings College School, Windsor, N.S.

T.F. Harris of Ottawa was born in Ottawa, Ont., and graduated from St. Patrick's College with the degree of B. Com. He served in the R.C.N. and saw sea duty on a frigate in the North Atlantic. He was employed by the Dominion Bureau of Statistics, and by the Department of Finance in Ottawa.

D.M. Holton of Toronto was born in Belleville, Ont. and graduated from New York University, School of Commerce, Accounts and Finance. He served overseas in the Canadian Armoured Corps, holding the rank of lieutenant. He was employed by the Continental Insurance Co., New York; the Fidelity and Casualty Co.; Pendleton & Pendleton, Inc., New York; and by Irish & Maulson Ltd., Toronto.

H.J. Horne of Vancouver was born in Shaunavon, Sask., and graduated from the University of British Columbia wth the degree of B. Com. He served with the Canadian Army in England, France and Germany, holding the rank of Lieutenant. He was employed in British Columbia gold mines.

J.E.P. Lancaster of Toronto was born in Toronto, Ont., and graduated from the University of Toronto with the degree of B.A. (Econ.). He served in the R.C.A.F., and later transferred to the R.C.N., where he held the rank of Lieutenant. He was employed by Wood Gundy & Co.; London Life Insurance Co.; Sturgeous Paint Co.; and by the International Business Machines Co. Ltd.

R.K. Thomson of Vancouver was born in Hampshire, Eng., and graduated from McGill University with the degree of B. Com. He also attended summer school at the University of Pennsylvania. He served in England and Europe with the Canadian Army, holding the rank of Captain. He was employed by the Wartime Prices and Trade Board, in charge of commercial rationing for the province of British Columbia.

W.R. Van of Montreal was born in Quebec City, and graduated from Bishop's University with the degree of B.A. He has also taken one year of Economics and Political Economy, and one year of law at McGill University. He served with the R.C.N. as lieutenant in the Mediterranean, and was on loan to the Royal Navy and the French Navy.

LOCKED IN GRAVEYARD

NEWPORT, Monmouthshire, Wales — (CP) — About 150 persons were, locked in a graveyard when the new superintendent shut the gates sharply at 5 P. M., instead of extending the closing hour as his predecessor had done.

C. C. F. Public Meeting

Will be held in Crapaud Hall on Thursday, Nov. 6, at 8.15 P.M.

The meeting will be addressed by Fred Young, C. C. F. Maritime director, and by the C. C. F. candidates for First Queen's. All interested are cordially invited to attend.

HOUSE FOR SALE

Valuable modern dwelling with about two acres of land at Belvedere on the St. Peters Road on outskirts of Charlottetown. Six rooms with bath, all hardwood floors, cement basement, hot water heating, electric light and sewerage. With or without fox shed and pens.

For further particulars apply to Douglas Mayne, owner, or the undersigned.

(sgd.) H. F. MacPHEE, K.C., Barrister, etc., Riley Building.

Russia Proposes U. N. Take Over In Palestine

(By Ross Munro)

LAKE SUCCESS, Nov. 3—(CP) —Russia today proposed to the United Nations that the British mandate over Palestine be ended by next Jan. 1 and that administration of the turbulent Holy Land be handed over to the U. N. Security Council pending partition into independent Jewish and Arab states.

This plan would draw Canada directly into the heart of the Palestine issue, for she takes her seat on the Security Council here Jan. 1.

But the chances of the Russian proposal being accepted appear exceedingly slim, with many delegates seeing grave dangers in turning over the entire responsibility during the transition period to the veto-ridden Council.

The long-awaited statement by the Soviet Union, delivered to the 57-member Palestine Committee by Emen K. Tsarapkin in a closed session, also called for withdrawal of all British troops from Palestine no later than next May 1 and official establishment of the two new countries by Jan. 1, 1949.

Boy Scout Meeting At Georgetown

Last evening at Georgetown a meeting was held of gentlemen interested in Scouting for boys of that locality. Among those present were several who have been associated with boys work in the past and it was decided after a short discussion to form a Group Committee to support and organize the movement.

Messrs. Daniel MacCormack and Maurice DeLorey volunteered to act as Scoutmaster and Assistant Scoutmaster respectively and the feeling was expressed by Provincial Commissioner Bill Reid and Provincial Field Commissioner Walter LePage that in securing the services of two such well qualified leaders the movement was most fortunate.

A meeting of the Georgetown Group Committee will be held shortly when plans will be formed to get a Troop underway and it is felt all boys of Scout age in this area will look forward to announcement of the opening meeting.

TITLE TOO "COARSE"

THETFORD, Norfolk, England — (CP) — Because some members of "Rollicking Nineties Club" for old-time dancing, thought the word "rollicking" too coarse, the name was changed to "Gay Nineties Club."

PHILLIPS MILK OF MAGNESIA
GENTLE EFFECTIVE LAXATIVE
FOR CHILDREN - ADULTS
