Disastrous Fire At Cape Traverse

At Midnight Last Night Two Dwellings Were Reported Razed To the Ground—S' Side Firemen Answered Call For Help.

Cape Traverse was the scene of a sensational fire last evening which resulted in the destruction of two dwelling houses, one the residence of Mr. Robert Howatt and the other, an unoccupied house, owned by Mrs. Campbell, now of Freetown; also two barns, one belonging to Mr. Howatt and the other to Mr. John O'Connor.

At the time of writing, (midnight), the fire was still burning and seriously threatened a barn belonging to Mr. John Clark. There was also danger of the hotel catching fire.

A phone call for assistance has been sent to Summerside, and the Summerside firemen are now on their way.

It is unknown how the conflagration started. Flames were first observed in the vacant house owned by Mrs. Campbell about 10.30 p. m. Before they could be put out the whole house was in flames, and the adjoining buildings caught.

LATER—(1.30 A. M.)

The fire was reported well under control. The Summerside fire brigade arrived shortly after midnight,

and rendered valuable and praiseworthy assistance. The origin of the fire is a complete mystery. The firemen, it is understood, will stand by until there is no further danger.

Coast Guard Boat Sinks Rum Runner

(Canadian Press)

NEW LONDON, Conn., Oct. 31.—The British vessel, James B., suspected rum runner sunk within fifteen minutes after her stern had been cut off by the coastguard patrol boat Cahoon, thirty miles off the coast of Long Island last night. The crew of eight aboard the British ship was picked up in James B. dories soon after the ship sank and brought to the coast guard base here

by the Cahoon. They are being held pending inquiry by customs immigration and coastguard authorities. Boatswain A. N. Haines, commander of the Cahoon said the accident occurred because the James B., running without lights, crossed the bow of the coastguard patrol boat. The Cahoon was on patrol duty off Ynnecock Bay along the outer coast of Long Island, when the James B. suddenly loomed directly ahead.

NETHERLANDS COMMISSIONER VISITS SHOW

Praises Quality of P. E. I. Foxes and Discusses Canadian Trade With Holland, West Germany and Switzerland.

Among the visitors at the Fox Show yesterday was Mr. J. C. MacGillivray, Canadian Government Trade Commissioner, Rotterdam Holland. Mr. MacGillivray, whose home is Kingston, Ontario, is working in Holland, West Germany and Switzerland where he is an agent for Canadian products and supplies information on Canada to interested trades people and prospective immigrants. Mr. MacGillivray has been in Canada five weeks after an absence of four years. During this time he has been in constant correspondence with Canadian industrial men, among these several Island foxmen. The main purpose of this trip, Mr. MacGillivray stated, was to establish a personal contact with these correspondents, and as far as foxmen were concerned the present fox show provided an unexpected opportunity of establishing this connection. The show, he stated, is easily the best ever visited. There is a growing interest in fox-breeding in Holland, Germany and Switzerland, Mr. MacGillivray said, while the ranching of mink, raccoon and other small fur bearing animals is also finding favor.

ARLIE MARKS COMPANY IN STRONG PLAY

The Arlie Marks Players scored another success last night in the difficult play, "The Unmarried Mother," which proved to have a convincing moral as well as a sensational plot and heart interest. The Prince Edward Theatre has seldom had more crowded houses than those which have greeted this popular company, and last night's audience was certainly no exception.

NO TRUTH IN RUMOR

ST. JOHN, N. B., Oct. 31.—No conferences have been held between the Maritime Provinces looking toward a merger of the three provinces under a centralized government, declared Hon. J. B. M. Baxter, Premier of New Brunswick tonight, denying the truth of a rumor to the effect that an agreement had been reached between the political chiefs of New Brunswick, Nova Scotia and Prince Edward Island, because no such conference has been held, said Premier Baxter, when acquainted with the contents of the article.

Mr. H. D. McEwen, City, Writes Interesting Letter From Vancouver, B. C.

In an interesting letter to the Guardian Mr. H. D. McEwen, of this city, now on a visit to Vancouver, B. C., encloses a clipping from a western paper with a cut of four citizens whose ages range from 100 to 110. "It is interesting," writes Mr. McEwen, "from the fact that one of the quartette, Mr. Solomon Mutch, came here from Southport, P. E. I., and is still going strong at 100."

FOX SHOW CONTINUES TO DRAW BIG CROWDS

Great Interest Manifested In Yesterday's Judging. Secretary Shaw Reports On Success Of Show. Yesterday's Prize List Shows Strong Competition In All Classes.

Interest in the Fox Show was well maintained yesterday. There was a large number of visitors and the competition was so keen in some classes that the judges had to take the foxes outside for final decision. In one class there were nearly fifty entries, and the show table was scarcely large enough to take them all.

The exhibitors all express satisfaction with the manner in which the judges, Messrs. Robert Stewart, Stephen Taylor and E. H. Monkley, are performing their difficult duties.

Among the interested spectators yesterday morning was His Honor Lieutenant Governor Heartz. Others included a party of ten foxmen from Moncton, N. B., and it is believed that practically every fox rancher in the Province has visited the show.

Mr. Arthur C. Wood, well known fox rancher of Mount Herbert, is so pleased with the exhibition and the manner in which it is being conducted that as an incentive towards its continuance, he is presenting the Association with a valuable silver trophy for competition next year.

Judging will be continued this morning when the pale silver classes will be judged. This afternoon it is expected that the championship classes will be taken up.

Secretary's Statement.

The following statement with respect to the Fox Show has been issued to the press by Mr. W. R. Shaw, secretary and manager: The first annual Fox Show to be held in this Province has surpassed all expectations. From the standpoint of entries, quality of exhibits, attendance and in every other way.

VERY QUIET HALLOWE'EN

Hallowe'en has again passed, and without undue disturbance in the city at least. The usual harmless pranks were indulged in—doorsteps moved, door bells rung and parcel boxes taken from their places.

Large numbers of children appeared on the streets in masquerade costumes, and all seemed to enter into the spirit of the evening. The P. W. O. students made their seasonal visitation to the homes of the various members of the faculty for the annual Hallowe'en serenade. A number of cars appeared on the streets variously bedecked with tinsels, and crowded with mischievous passengers. During the evening the police patrolled the city carefully, and their presence no doubt restrained some of the bolder spirits.

Overwhelming Majority Endorses Gov't. Control In Plebiscite Yesterday

N. S. Temperance Act Defeated By 28,000 Votes—Towns And Industrial Centres Voted Heavily For Government Control.

(Canadian Press)

HALIFAX, N. S., Oct. 31.—Nova Scotia voted today on two questions, one as to the continuance of the prohibitory laws, known as the Nova Scotia Temperance Act, the other as to the wisdom of swinging into step with the rest of the Dominion, save Prince Edward Island, by setting up a system for the government sale of liquors, and when the results were totalled tonight it was found that upwards of 28,000 more voters had recorded their preference for Government Control, than those voting for the Nova Scotia Temperance Act.

PREMIER RHODES PREFERS TO WAIT

With 45 small polls to hear from out of a total of 1,137, the figures were for the Nova Scotia Temperance Act 61,672; against 56,024; for Government Control, 89,757; against 41,180. Both Dr. H. R. Grant, heading the Temperance Act forces and J. H. Winfield, heading the Government Control campaign, in statements given the Canadian Press, interpreted the above figures as indicative of the defeat of the prohibitory law.

Hon. E. N. Rhodes, Premier of the Province, stated he would prefer to wait for more complete information before making a statement.

Returns from two of the electoral divisions, Shelburne and Inverness were received in an incomplete condition and it is possible that when proper returns are made, a more decisive result will be arrived at. Returning officers for these divisions were instructed tonight to forward complete returns.

The returns showed that the towns and industrial centres voted heavily for Government Control and that the Temperance Act found its chief source of strength in the rural sections. In the 1920 plebiscite, Halifax was the only electoral division to vote against Prohibition.

ONTARIO PAYS HALF MILLION TO LEGISLATURE

(Special to The Guardian), TORONTO, Ont., Oct. 31.—The reduction in the number of Progressive members in the Legislature will probably result in the saving of \$1,500 a year to the province. That is, the salary paid to the leader of the Progressive opposition group. The Progressives may not have a recognized leader in the new House. W. E. N. Sinclair will collect \$1,500 extra and Premier Ferguson \$12,000 annually. Cabinet Ministers collect \$8,000 a year each. On top of this they are all paid \$2,000 as the yearly indemnity which is given all members.

Ontario pays \$494,000 yearly to the Legislature.

Another Pleased Visitor To Show

One of the most interested visitors at the Fox Show yesterday was E. L. Baron van Hardenbroek van Lockhorst, of Leersum, Holland, who has come to Charlottetown to purchase breeding fox stock and to visit the show. The baron who has a ranch of about 40 pairs of foxes, visited the Island last year. He stated that there are about 20 fox farms in Holland the owners of which are all very anxious to procure the high quality breeding stock produced by Prince Edward Island. The baron intends to visit Summerside, and later Nova Scotia. He expressed himself as being highly pleased with Prince Edward Island's first fox exhibition and could see much of educational value in the proceedings.

Ontario's Premier Makes Statement

(Special to The Guardian) TORONTO, Ont., Oct. 31.—Premier G. Howard Ferguson made the following statement last night: "It is a matter of great satisfaction that the policies and activities of the government have been so enthusiastically endorsed by the people of the province. It demonstrates beyond question the people of Ontario cannot be misled with hysteria or emotion or even by misrepresentation. There is a keen and intelligent interest taken in the business affairs of the province by the general public. No man can make any progress and appeal for support unless he is absolutely straightforward and candid. I am particularly pleased because of its unmistakable evidence that the general public here must have confidence in the integrity and sincerity of purpose that has guided the government in all its work. We have given of our best in the past and we will continue to carry on with the same high purpose as we have done. It is a great satisfaction to me personally that, as I near the end of my twenty-fifth year in public life, I should find the people of Ontario expressing their confidence and

PAYS TRIBUTE TO ONT. PREM.

(Special to The Guardian) TORONTO, Ont., Oct. 31.—"I wish the Prime Minister of Ontario could have been here at this moment. I felt sure his bosom would have swollen with pride at the extraordinary efficiency of himself and his administration during the past year." This was the tribute which His Excellency Lord Willingdon paid the Premier of Ontario at the Royal York Hotel last night.

Lord Willingdon, in addressing the banquet, which concluded the three day session of the sixth annual conference of International Boys' Work, pointed out that, "Ontario has a splendid system of highways stretching from every point, with well paved roads and a motor drive
