GOOD PROSPECTS FOR RECIPROCIITY.

The negotiations pending at Washington between the American and Canadian Ministers are conducted in close secrecy and no official communication in regard thereto may be expected to be made until the conference is over, whether the result shall be an agreement or a failure to agree. If an agreement is reached the veil of official secrecy may not and probably will not be raised until the report of the Ministers is submitted to Congress and Parliament respectively. While this is true, the close friends of the negotiating Ministers, who may be supposed to know something of their views in a general way, appear to have a strong belief that an agreement will be reached and that it will cover a good deal of ground. Farm and dairy products

generally along with lumber and wood pulp are spoken of confidently as likely to be placed on the free list, or admitted by each country from the other at a rate of duty greatly reduced from that at present in force. Not much has been said with regard to coal or fish although these are natural products that came within the scope of the reciprocity treaty of fifty years ago. There are strong interests on one side or the other that stand opposed to both free fish and free coal. The largest coal interests in Nova Scotia, which are supposed to have the ear of Mr. Fielding, are opposed to the free admission to Canada of bituminous coal and the influential fishery interests centering at Gloucester, Mass., are quite as sturdily opposed to reciprocity in fish. These opposing interests cannot be easily reconciled, and in the nature of things it would be hard to find concessions to be made which would satisfy either one or the other of them. Coal and fish stand in separate categories altogether, not only from each other, but from farm and forest products. It therefore seems hardly probable that an agreement can be now arrived at which will be as broadly inclusive of the natural products of the two countries as was the treaty of 1854.

PILES CURED IN 6 TO 14 DAYS.

PAZO OINTMENT is guaranteed to cure any case of Itching, Blind Bleeding or Protruding Piles in 6 to 14 days or money refunded. 50c.

MORNING COMFORTS

hat an agreement will be reached which will be of mutual advantage to both countries and which will strengthen the bonds of friendship now happily subsisting between them.

CANADIAN FINANCES.

Canada's revenue from all sources or December last was \$9,790,387. This was larger by a million dollars than the revenue for December, 1909. The fiscal year will end with March next. The December statement is the ninth monthly statement for the current fiscal year. For the nine months past the revenue was \$85,665,833, a betterment of \$12,275,752 as compared with last year. The ordinary expenditure during the nine months also shows an increase of some 51 millions, or less than half the increase in revenue. Thus it will be seen that the Dominion finances are in a flourishing condition, but the booming revenue is largely the result of high taxation upon the inflated values of the very large amount of merchandise being imported. The revenue is booming and the cost of living keeps pace with it.

We were speaking of tips the other day. Since then the following from the Philadelphia Inquirer has come to hand: "A Long Island man was saved from bankruptcy by a loan of forty thousand dollars in money made to him by a servant who had put by that sum during her period of service in his employ." The size and number of the tips she had received may be imagined.

An Ottawa despatch tells that there is doubt about Earl Grey making his projected Arctic trip in June next. There are many things to be considered. It is said the Government hesitates about sending the Rainbow into the uncharted waters of the Arctic Sea to meet His Excellency at the mouth of the Mackenzie River with the possibility of being frozen in. So it is hinted that Earl Grey may perhaps go to the coronation instead of to the far north.

STATE OF OHIO, CITY OF TOLEDO, Lucas County. Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure. FRANK J. CHENEY sworn to before me and subscribed in my presence, this 6th day of December A.D. 1906. A. W. GLEASON, Notary Public. Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces of the system. Send for testimonials free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists. Take Hall's Family Pills for constipation.

Mr. Whyte, second vice-president of the C. P. R., who knows the Northwest like a book, says the Manitoba farmers are "wheat-mad." That is, they are raising wheat to the exclusion of everything else. Winnipeg imported last year twelve million eggs and the C. P. R. has to import the chickens and poultry to be served in the dining cars running through the prairie country.

At a recent meeting of the Eastern Ontario Dairymen's Association a motion for reciprocal trade with the States in farm and dairy products was adopted unanimously. One farmer said in the course of the discussion, "I have thirty-five cows and had I been able to sell the product of these cows in the United States my income for six months would have been \$3 per day greater than it was." Three dollars a day for 182 days would be \$546.

Two important points are noted by the Washington correspondent of the Toronto News in regard to the reciprocity negotiations. One is that the Canadian ministers are pursuing a policy of "elaborate caution." That is commendable. The other point is that President Taft and his associates are hurried. He has but fifty days before March 4 when the next session of Congress closes, and when Republican control of the House of Representatives will cease; in which to get his agreement with Canada ratified, if an agreement is made. It can be put through the Lower House by a party vote under closure, but the Senate has no rules of closure and the Senators who are opposed may kill it there by talking against time. Hence the reason for haste.

A good deal of noise was made in and out of Parliament over charges that hundreds of thousands of dollars had been unlawfully gained by contractors and lost to the public treasury by over-classification of work done on the Transcontinental Railway. By over-classification is meant classing earth as rock, or soft rock as hard rock, for the purpose of getting the higher prices allotted for costly excavation. Three engineers were appointed to inquire into the truth of these charges, and they have reported that there had been some over-classification, but that it amounted to less than \$200,000 in an expenditure of \$40,000,000. That would be less than one cent on each \$2 expended, but this was not lost to the treasury. It has been deducted from the amounts still due the contractors. This would seem to be a highly satisfactory ending of the controversy. But \$200,000 is a good deal too much for the country to

JAPAN PLANS NAVAL BASE IN MEXICO

WASHINGTON, Jan. 7.—Negotiations now being carried on between Mexico and Japan will result in a treaty which will give the Japanese a navy supply station in Bahaha de Todos Santos, according to a statement made today by Senator Gustavo Madero, brother of General Madero, leader of the Mexican rebels. Within fifty miles of this bay is a colony of Japanese who have been imported by President Diaz and given concessions that no other members of foreign race have been given before by an official of the government of Mexico. The motive behind the treaty, according to Senor Madero, is that the opening of the Panama Canal will virtually kill the entire business of the Tehuantepec railway.

WOMAN ACCUSED OF POISONING HUSBAND TO FACE JURY TODAY

WHEELING, W. Va., Jan. 9.—The trial of Mrs. Laura Farnsworth-Schenk, charged with administering poison to her wealthy husband, John O. Schenk will be tried in the Criminal Court of Ohio County Monday. Mr. Schenk will not be called as a witness for the state, but will be put on the stand by Mrs. Schenk's attorney as a witness for the defence. Mrs. Schenk, who has been in jail since her arrest, November 9th, when she was taken from her palatial home on Wheeling Island, is reported in good health and confident she will soon rejoin her husband and children.

ADMINISTRATOR DURING EARL GREY'S ABSENCE

OTTAWA, Jan. 8.—A special edition of the Canada Gazette appoints Sir Charles Fitzpatrick administrator of the government in the absence of Earl Grey in New York.

WANDERERS DECISIVELY BEATEN BY OTTAWA

OTTAWA, Jan. 8.—The National Hockey Association's season of 1911 received a magnificent send-off in the capital Saturday night, when the Ottawa team, in the presence of one of the greatest crowds that has ever witnessed a game in Canada, defeated the champion Wanderers by a score of 10 to 5.

H. B. K. Guaranteed Wearables For The Workingman

The H. B. K. Buckskin Cloth Shirt is Guaranteed Not to Rip

Did you ever wear a shirt, which you could really tell your friends was perfect? If you have it must surely have been the H. B. K. Brand. Now we want to tell you about a very special H. B. K. Brand shirt which is known throughout Canada as the H. B. K. Buckskin Cloth Shirt. It is positively guaranteed not to rip. Think of it, a shirt which has such good workmanship put into it that it is sold with a guarantee bond attached, absolutely guaranteeing that this shirt will not rip. If it does all you have to do is to take it back to the dealer from whom you bought it, along with the bond, which is attached to it and he will replace it absolutely free of charge to you. Could you have a fairer offer than this? You take absolutely no chances and your dealer will replace it without question as he simply returns same to the H. B. K. Co. who give him another shirt or credit for the amount.

Now we will tell you why we are able to give you this remarkable guarantee with the H. B. K. Buckskin Cloth Shirt. The cloth from which it is made is a specially strong material, which is made solely for The Hudson Bay Knitting Co., that is to say that the H. B. K. Co. control the output of the mill on this line. The shirt is then cut by Expert cutters, and sewed by operators, who have been with the H. B. K. Co. for years, and have been taught how shirts should be made. The main feature is that each H. B. K. Shirt is double stitched and anchored with the strongest Cord Thread. That is why the H. B. K. Co. can guarantee to replace absolutely free of charge, any H. B. K. Buckskin Cloth Shirts which are returned in a ripped condition.

Here are a few more details, which go towards making H. B. K. Shirts the best in every respect for the man who works. Three and one half yards (3 1/2) of the best material is put into each shirt, that is why it is a Big Shirt. It is not skimped in any way. The body is extremely large and the sleeves are long, which makes H. B. K. Shirts particularly comfortable, roomy and easy to work in.

H. B. K. Buttons are all sewed on by hand so positively cannot come off. This in itself is a particularly strong feature as machine sewed buttons, will not stay on, whereas H. B. K. Buttons, which are sewed on by hand have a knot tied in the thread at the back of each button, so that it is practically an impossibility for these buttons to come off.

Ask your dealer to show you the H. B. K. Buckskin Cloth Shirt and the guarantee which goes with it. If he has not got them please fill in the coupon below and mail same to the Hudson Bay Knitting Co. Montreal at once and we will see that you are supplied. Tell your friends about the shirt with a guarantee, the most serviceable shirt ever made.

Dealers Please Note

Owing to the immense demand for H. B. K. Buckskin Cloth Shirt we are now manufacturing the H. B. K. Overweight Buckskin Cloth Shirt, which is a heavier line for all wear. Write us and we will request our representative to call upon you. Wholesale Selling Agent for P. E. I. W. H. Tidmarsh, Box 349, Charlottetown.

SHIRT MAKERS TO THE WORKINGMAN.

Name..... Address..... Please advise me where I can purchase The H. B. K. Buckskin Cloth Shirt, I have enquired from Dealer of (Town)..... Who has not got them in stock.

H. B. K. BIG Overalls are

Guaranteed to Give Absolute Satisfaction or Replaced Free of Charge to You

Do you wear Overalls? Do any of your friends wear Overalls? If so you know where they could be improved. The H. B. K. Co. also knew where the faults were and have therefore started to manufacture overalls of perfection. Overalls that will give satisfaction. Get that old pair of overalls you have and look them over. Notice how skimpy they are, and tight fitting. Examine the material, not strong enough to wear all day and every day for months, without wearing out are they? Better discard them and treat yourself to a pair of H. B. K. Big Overalls which are made in a new and up to date factory by an old reliable firm, who are not afraid to put in a little extra material to make them roomy and easy to work in. Some manufacturers seem to have the idea that overalls do not need to have any shape to them. This is a decided mistake. H. B. K. Overalls are cut shapely, they look neat and at the same time give the wearer perfect freedom of movement. They are made of the highest grade materials in Denims, Ducks and Drills. Only expert workmanship is put into H. B. K. Overalls. First, last and all the time, they are serviceable. The seams are all double stitched and anchored which means they cannot rip. The buttons are put on to stay on, not for today or tomorrow but as long as the overall lasts, which means also that H. B. K. Overalls will last longer than any overall ever made, simply because they are made right and of the right cloth. H. B. K. Overalls have good roomy heavy pockets. The colours are all fast.

H. B. K. Overalls will stand more rough wear than any other overall ever sold over a counter, and they will not shrink. Special styles for farmers, laborers, miners, railway builders, and mechanics' use, also a splendid line for engineers.

H. B. K. Overalls will give the wearer more genuine overall satisfaction than he has ever known. Buy a pair from your dealer, if he has not got them, write to us and we will see that you get them. Made and guaranteed by The Hudson Bay Knitting Co., Montreal.
