

DEATH SENTENCE PASSED ON CARVER

Before a Large Number of Spectators at the Supreme Court—The Other Prisoners Receive Their Award.

It was a solemn scene at the Supreme Court yesterday afternoon when sentence of death was passed on Joseph Carver for the murder of Alexander Stewart.

The first sentence was that of John Bell for larceny of hats. The Attorney General reported the jury had found a true bill and moved that sentence be now passed.

In answer to the Prothonotary the prisoner replied. "I have nothing to say." The Chief Justice in passing sentence referred to the prisoner's past record which was a bad one.

Malcolm McLeod was next called. The clerk of the court stated that he had been found guilty of assault occasioning actual bodily harm.

In answer to the question as to whether he had anything to say the prisoner replied that his counsel Mr. Morson would speak.

Mr. Morson stated that he had defended the prisoner to the best of his ability. The prisoner who was a respectable farmer had been aggrieved in various ways, and was continually taunted by the prosecutor.

The Chief Justice greatly regretted that a respectable farmer, such as the prisoner, should be in such a position. There was a good deal of evidence on both sides and no doubt both were to blame.

William McCallum for inflicting grievous bodily harm was next asked to stand up. In answer to the question as to whether he had anything to say he

TWELFTH OF JULY CITY COUNCIL WAS CELEBRATED LAST NIGHT

By One Hundred Thousand Many Questions Discussed but No Important Action Taken—Fire Alarm System Before the Council.

The regular monthly meeting of the City Council was held last night with a full attendance. Minutes of last meeting were adopted and bills approved.

A letter and a telegram were read from the Secretary of the Canadian Municipalities regarding resistance to Dominion control of street railways. His Worship read a report on the fire alarm system.

A communication from Dunlap, Cooke & Co., asking for refund of deposit was read. Councillor Moore moved that an invitation be extended to the Mayor.

Councillor Hooper asked that the fountain at Esplanade in Ward 5 be moved to the middle of the street and put in proper shape. After further discussion the matter was left with the Ward representatives.

Councillor Paton moved that the matter of naming Malpeque Road be reconsidered and that it be called Elm Avenue. Comparing the residents on the street in favor of each, only two wanted Elm and only eighteen wanted Hooper.

Councillor Clarke in a brief speech seconded the resolution. Councillor Hooper felt the painful duty of again speaking of the matter. He did not care how the Council voted, but this he would say that the late Mr. Hooper had done nothing since the naming to have it changed.

Councillor Lyons defended his action in calling the street Hooper avenue. After further discussion by Councillors Paton, Stewart, Moore, Whelan, and Hooper, Councillor Moore moved in amendment proposed by Councillor Stewart, that the matter be referred to the residents themselves, the same remaining Malpeque Road.

Amendment was carried, Councillors Paton and Stewart dissenting, and the name remains Malpeque Road. A proposal was read from the Fourth Ward, Band offering to give concerts at \$15 each or twice for \$30, beginning next Friday night. The matter was referred to Finance Committee.

Councillor Whelan said it had been agreed by the Council that certain streets be macadamized; lately the street committee had changed their plans; this he thought, was manifestly unfair and he openly protested against such treatment.

Councillor Paton explained that the delay was owing to a scarcity of stone at a reasonable price and the matter was further discussed by Councillors Whelan, Lyons, Stewart and Clarke. After which the Council adjourned at eleven o'clock.
