- One splendid feature of Sun Life Long Term Endowment, is that while saving for yourself your dependents are protected for the full amount you contract to save. Contact J. A. Moore, Manager.

(C. P. By Guardian's Special Wire)
Ottawa, Dec. 4.—More than two years of quiet trailing up and down the Atlantic seacoast of the United States resulted today in the apprehension through a royal Canadian Mounted Police officer, near Manchester, N.H., of Captain William Hatfield, skipper of the former Nova Scotia schooner, Gypsum Queen. With the legal assistance of Senator Hance J. Logan, his fellow Nova Scotian, Captain Hatfield secured reparations totalling over \$71,000 on the claim that his vessel was torpedoed and destroyed in July, 1915, off the Irish Coast. Subsequent inquiries convinced the authorities the vessel was lost in a storm and Hatfield's arrest was sought on a warrant charging he obtained the award under false pretences.

Logan Action Pending
No details were available here as to the actual arrest. It was understood the former skipper would be brought to Ottawa and that an extradition fight was unlikely. Action against Logan is expected to be instituted in the Exchequer Court of Canada and the hearing set down for Jan. 7. Hatfield was never available for the investigations which were carried on in 1932 by a Royal Commission headed by chief Justice Horace Harvey of . . .

The Royal Canadian Mounted Police acted on a warrant from the Department of Justice here. Hatfield was traced at many points throughout the Eastern United States and a few weeks ago was located in New York but left before his arrest could be achieved. He was trailed up through the New England States and finally apprehended in New Hampshire where the Canadian officers secured his arrest through local authorities.

Received \$71,276
Both Captain Hatfield and Senator Logan were born near Parrsboro, N.S. and were boyhood acquaintances. Some 15 years after Captain Hatfield lost the Gypsum Queen he brought his claim before reparations Commissioner J. Errol McDougall, K.C. with Senator Logan as his counsel. The claim was successful and reparations totalling \$71,276 were paid to Captain Hatfield in 1931.

Information casting doubt upon the story of the Gypsum Queen's torpedoing brought on the Royal Commission inquiry which resulted in a finding that the schooner foundered in a storm. Throughout the Royal Commission proceedings Senator Logan bore the brunt alone as Captain Hatfield

**Dies At Wheel
Of Automobile**
(C. P. By Guardian's Special Wire)
HALL, AX, Dec. 4.—Death rode with Cecil Geldert today. A short time after he had set out for work, a passer-by found him slumped over the wheel of his parked automobile, dead of a heart attack.
A native of Moncton, N.B., he had been employed here for eight years as a stone-cutter. He was 39 years old. His wife was a native of Prince Edward Island.

APPOINTED CLERK OF COUNTY CT.

Mr. W. A. Huestis Appointed In Succession To The Late Col. Chas. Leigh.

The appointment of Mr. William A. Huestis, Charlottetown, as Clerk of the County Court, 6th District, of Queens County, and Provincial Guardian, was made at a meeting of the Executive Council last night. The appointment, necessitated by the death of Colonel Charles Leigh, takes effect as from Jan. 1, 1935.

Other appointments made at last night's meeting were:

To be Commissioners for taking acknowledgment of deeds: Messrs. J. Leslie MacKinnon, Peters Road, Kings County; Henry T. Burgoyne, North Granville, Queens County.

To be Justices of the Peace: Messrs. J. Leslie MacKinnon, Peters Road, Leo Road, Hope River, and Arthur Simpson, Bay View.

To be collector of taxes, Northern district: Prince County: Mr. Richard Ellis, Northam.

To be collector of taxes, St. Nicholas district, Prince County, Mr. Sterling Rider, Miscouche.

QUAKE ROCKS HONDURAS

(A. P. By Guardian's Special Wire)
TEGUCIGALPA, Honduras, Dec. 4.—Messrs. reports reaching Tegucigalpa through shattered communications systems today indicated an earthquake in central Honduras had done widespread damage.

Three towns, official reports from Sinuapa said, were probably destroyed, while at least six others suffered serious damage.

Members Of Marketing Board Meet

(C. P. By Guardian's Special Wire)
SAINT JOHN, N. B., Dec. 4.—Members of the provisional Eastern Canada Potato Marketing Board met here today to exchange views on the potato marketing problem prior to a full meeting of the board to be held in Ottawa shortly.

Following discussion of plans for the orderly marketing of potatoes in Eastern Canada and for export, as well as for the industry use of potatoes, the meeting approved a recommendation to the Dominion Fruit Commissioner that the grading of potatoes as submitted to it for approval by a meeting of the growers of Ontario, Quebec and the Maritime Provinces, be published and made effective concurrently with the appointment of a potato marketing board to be established under the Natural Products Marketing Act.

Those in attendance were L. F. Burrows, of Ottawa, chairman; J. J. Thayer and M. C. McNicol, of Prince Edward Island; G. C. Cunningham and H. L. Mulhern of New Brunswick; F. I. Scotles and R. K. Loughhead of Nova Scotia, all members of the board, and R. L. Wheeler, Dominion Fruit Board; F. W. Walsh, Halifax; Walter R. Sire, Deputy Minister of Agriculture, Prince Edward Island, and J. K. King, Deputy Minister of Agriculture, New Brunswick.

Country Doctor Acclaimed By The Medical World

(By A. E. Fairford Canadian Press Staff Writer)
TORONTO, Dec. 4.—Acclaimed by the medical world for his unprecedented feat in being the Dionne quintuplets through six months of life, Dr. A. R. Dafoe can't take seriously the suggestion he should be awarded the Nobel Prize.

"I've made no contribution to science," he said today as he interrupted a holiday by commenting on New York reports he was being recommended for the honor. "All I have done is follow medical practice in caring for my five little girls."

But if the award does come his way the modest little Canadian doctor, physician will accept it. Not

as a recognition of his own work, he emphasized, but as a tribute to the thousands of general practitioners who never leave had his opportunity to show their worth.

The money that goes with the prize? Well, it would be nice to have some put by for one's old age. Country doctoring is not so remunerative, he remarked, that one could refuse any monetary reward that might come honorably.

Dr. Dafoe is visiting his brother Dr. W. A. Dafoe, Toronto specialist, on the first holiday he has had in a year. He has never before been away from the five Dionne girls who were born last May 28, but they are healthy now and it is safe for him to leave them in another physician's care.

Border Cities To Amalgamate

(C. P. By Guardian's Special Wire)
WINDSOR, Ont., Dec. 4.—Legislation to amalgamate the four border cities municipalities and create a new Windsor with a population of 100,000 by July 1, 1935, will be introduced, the Ontario Government announced today.

The amalgamation would unite Windsor, East Windsor, Sandwich and Walkerville. The announcement brought only one dissenting voice among the mayors of the municipalities involved, that of Mayor Russell A. Farrow, Walkerville. He declared that he stood for "no surrender of Walkerville's rights, no change of name or loss of allegiance to tradition."

The government action which was described as unprecedented would oust London of its rank as the fourth largest city of Ontario. London's population is 71,148 or roughly 29,000 less than the "New Windsor."

FIVE LOST AT SEA

Mystery Shrouds Fate of Fishermen in Caribbean.
(C.P. Cable By Guardian's Special Wire)
PORT OF SPAIN, Trinidad, Dec. 4.—The silent wastes of the Caribbean tonight held the secret of the fate of five fishermen who drifted out to sea clinging to the bottom of the overturned schooner "Unity."

Ships in the vicinity of Trinidad and Tobago reported finding no trace of the derelict fishing vessel and captain Devin Archibald and another member of the crew who swam through the waters teeming with "voracious tropical fish" and land scorpions, perished.

The small craft upset in a squall Sunday. First, the lifeboat was carried overboard. Then a lurch of the schooner buffeted by high seas sent the ballast tumbling to one side in the hold, overturning her.

They were then 21 miles off Tobago. Captain Archibald and the seamen took the chance of swimming through the shark-infested waters, and were rescued by a steamer after searching for two days without success today. They were on an exhausted condition. The others chose to cling to the slippery bottom of the up-side-down Unity, being blown steadily out to sea.

A government coastal steamer after searching for two days without success today gave up the hunt, believing them lost.

WIDOW OF GANGSTER HELD

Police Arrest Widow of George "Baby Face" Nelson.
(A.P. By Guardian's Special Wire)
OHIO, Dec. 4.—Mrs. Helen Gillis, first unofficial woman public enemy, was a federal prisoner tonight.

The tiny widow of the notorious George "Baby Face" Nelson was seized here last Thursday. Federal authorities announced, a little more than 24 hours after the shattered body of her husband had been found on a muddy prairie near Niles Centre last Wednesday—the posthumous victim of agents Sam U. Cowley and Herman E. Hollis, who sacrificed their lives in a game effort to capture him.

Lone a consort of the Dillinger mobster, the 94-year-old woman has been questioned relentlessly as to the identity of the man who was with her and Nelson during the terrific gun battle in which the agents fell near suburban Barrington last Tuesday and concerning the whereabouts of the last of the liner's marksmen, John Hamilton.

Government interrogators declined to disclose what information, if any, she had furnished. She was still held at an unrevealed detention place here tonight.

H. H. Clegg, chief official of the Department of Justice at Washington who is directing the hunt for the remnants of the gang in the Metropolitan area, announced the 21 year old widow was captured shortly after 10 o'clock Thanksgiving night in Chicago.

Attorney General Homer Cummings who said he would neither deny nor affirm if the other figures in the Barrington battle were also in custody, announced in Washington that among charges being considered in Mrs. Gillis' case was one of "complicity in murder."

SOVIET STRIKES AT TERRORISTS

(A.P. By Guardian's Special Wire)
MOSCOW, Dec. 4.—The Soviet Government struck another blow at terrorism today by issuing new decrees to accelerate the trials of persons charged with offences against the Bolshevik regime.

The move came as 71 "White Russians" arrested in an aftermath of the assassination of Sergei Kiroff, secretary of the central executive committee, awaited trial.

The executive committee's decree amended the criminal codes of all constituent republics of the Soviet Union to eliminate all delay in the trial and execution of accused terrorists.

N.B. POLICE BAFFLED BY DISAPPEARANCE

Youthful Trio Missing From Homes In Plaster Rock Since Friday.

(C. P. By Guardian's Special Wire)
PLASTER ROCK, N. B., Dec. 4.—Baffled by the mysterious disappearance of an attractive young school teacher and two youths who have been missing from the village of North View since last Friday night, police remained unsuccessful tonight in their efforts to trace the trio. A puzzling factor was the apparent absence of any motive for the triple disappearance.

The trio are Miss Nancy Craig, 19, teacher at the North View school; Lewis Wells, 18, one of her pupils, and Sydney Nelson, 20.

An automobile owned by Carl Nelson, brother of Sydney and manager of a farm operated at North View by the Fraser Companies, Ltd., also has been missing since Friday night. No evidence has been found to support a theory of a highway accident. A car containing three persons and answering the description of the missing vehicle stopped for gasoline early Saturday morning at Peterson's, 20 miles from Plaster Rock in the direction of Quebec. This gave strength to one theory that the

NOT GUILTY TRIO CLAIM

NEW YORK, Dec. 4.—Facing maximum sentences of 10 years in prison if convicted, three individuals indicted on charges of wilful negligence in the sinking of the United States liner Morro Castle were promised a speedy trial today by the Federal prosecutors.

Soon after Henry E. Cabaud, vice-president of the operating line, the New York and Cuba Mail Steamship Company, pleaded not guilty to the complaints, the United States attorney's office announced its plans for pushing the hearings.

The indictments brought last night against Captain William F. Warm, Chief Engineer Eben S. Abbott, Cabaud and the Steamship Line itself brought to an end a three month's investigation into the disaster.

League Will Consider Yugoslav-Hungary Dispute

(C. P. By Guardian's Special Wire)
GENEVA, Dec. 4.—(C. P. Havas)—With the Saar plebiscite problem virtually settled and arbitration of the League of Nations hanging fire, the League of Nations tonight was preparing to deal with the most ticklish question it has had to face this year.

That is the dispute between Yugoslavia and Hungary over the assassination of King Alexander of Yugoslavia at Marseille, which is due to come before the League Council on Friday. It will find the League divided into two camps—the nations supporting Yugoslavia in her charge against Hungary in the region, and those standing in defence of Hungary, who has denied vehemently any responsibility in the crime which also caused

Jurist Refused Permission To Disembark

(C. P. Cable By Guardian's Special Wire)
PORT OF SPAIN, Trinidad, Dec. 4.—Official circles were surprised today on learning that Hon. C. W. W. Greenidge, Chief Justice of British Honduras, had been refused a landing permit in Venezuela when he tried to disembark there en route from Trinidad to Honduras.

The Chief Justice was returning to Central America after spending a holiday in Port of Spain. Agents of the Venezuela government boarded the ship to make sure that he would not land.

It is believed here that this action was taken as a result of the jurist's activities in the interests of penal reform. On behalf of this work he made several trips to the South American republic when he was a Port of Spain magistrate.

DIE HARDS LOSE PARTY BATTLE

(By George Hambleton)
(Canadian Press Staff Writer)
(C.P. Cable By Guardian's Special Wire)
LONDON, Dec. 4.—The "Die-Hards" were routed in a great battle over self-government for India in the conservative party today.

The council members of the party by a majority of practically three to one, voted in favor of the government's proposals to give India "self-government with safeguards."

Following all-day debate between the rival factions led by Stanley Baldwin, party chief, and Winston Churchill, the "Die-Hards" who would refuse to grant responsible central government to India suffered their worst defeat. In 1933 they had 30 percent of the vote; in the party convention last month 49 percent. Today they had 26 percent the ballot being 1,102 to 390, a majority of 712.

The issue turned on the report of the joint parliament committee, which is the basis of the legislation that will be introduced in parliament shortly. The report proposes a federated India with a federal government, responsible with important reservations to a central federal legislature. The provinces of British India are to be given extended autonomy.

Flash Frantic SOS Signals As Gas Supply Gives Out

(By William H. Ewing)
(Copyright 1934 By The Associated Press)
(A. P. By Guardian's Special Wire)
HONOLULU, Dec. 4.—Patrol planes roared in wide circles tonight above 23 navy searching craft and scores of Japanese fishing sampans as darkness settled over the waters where Captain Charles T. P. Ulm's Honolulu-bound monoplane dropped when its fuel gave out.

Meanwhile, the liner President Coolidge reported arrival at the spot where the plane and its three passengers were believed to have touched the sea. No trace could be found of the missing flyers whose message "will land in the sea" urged rescuers on.

Added hope that the men, en route here on the first leg of an air-dash to Australia, might be found came in offers of aid by the Japanese fishing fleet. Nightly these craft put to sea for cruises taking them several hundred miles out.

See Value Of Export Board

(C. P. By Guardian's Special Wire)
KENTVILLE, N.S., Dec. 4.—Believing the Federal Fruit Export Board has been of great benefit to the Nova Scotia fruit industry, directors of the Nova Scotia Fruit Growers Association today passed a resolution urging that a local fruit board also be set up to supervise the marketing of apples in the Maritime and Central Canada.

THE SKELETON IN THE CLOSET IS BAD ENOUGH BUT THE SKELETON IN THE SHAD IS WORSE

Strong but decreasing winds shifting to westerly; clearing and a little colder. (Canadian Press)

Weather Favorable

Improving weather conditions, however, were regarded as favoring the lost aviators. Overcast skies which had shrouded the islands had cleared, the sea was calm, and the weather bureau said the favorable conditions probably extended for several hundred miles out to sea.

The searchers were hindered by the fact that the exact point where Ulm and his two companions were forced to alight was unknown—whether they had passed over the islands or had fallen short of their goal.
