MONDAY

THE WINTER SERVICE.—By a letter from the Deputy of the Marine and Fisheries Department it is learned that it has been decided that the C. G. S. Earl Grey will not be here this winter but that the Stanley and Minto will carry on the winter service.

PATRIOTIC MEETING.—In the Prince of Wales College Hall tomorrow evening there will be a public meeting at which His Honour Judge Fitzgerald, as Chairman of the organizing committee of the Patriotic Fund, will present his report to the general committee. There will be splendid patriotic addresses and it is expected the hall will be taxed to its utmost seating capacity. The speakers will be His Lordship the Chief Justice, Sir W. Sullivan, His Lordship the Bishop of Charlottetown, the Premier, Hon. J. A. Matheson, Rev. Dr. T. F. Fullerton and Rev. Dr. Simpson.

WILL OF LATE MRS. B.F. LONGWORTH.—The will of the late Mrs. Katherine Longworth has been probated and the estate is valued at \$27,655. The legatees are deceased's husband, Mr. Brenton F. Longworth, Hon. W. S. Stewart, Mary Lawlor (housekeeper of deceased), St. Peter's Cathedral, Olga Isabel Warburton, Emily Hobkirk, Helen M. Hobkirk, Mrs. Louisa C. Longworth, Julia and Fanny Wright, Halifax, the Missionary Society of the Canadian Church, the Charlottetown Anti-Tuberculosis Society, Sophia McDonald of Calgary, William N. Wright, Cornwall, and Elizabeth Haszard, city. To St. Peter's Cathedral was left the sum of \$500 and the Anglican Missionary Society \$500, and \$300 to St. Peter's Poor Fund and \$500 to the Anti-Tuberculosis Society of Charlottetown.

LAI D TO REST.—The funeral of the late Mrs. J. A. Matheson took place from her late residence, Prince street, yesterday afternoon, to St. Paul's Episcopal Church, thence to the People's Cemetery, and was very largely attended. The service at the Church was conducted by Rev. T. W. Murphy who, assisted by Rev. Geo. C. Taylor, officiated at the grave. The flowers were numerous and beautiful. The following were the pallbearers: Mr. Justice Haszard, Mr. A. McLean, Mr. Horace Haszard, Capt. T. G. Taylor, Mr. C. H. B. Longworth and Dr. Anderson.

The second game in the Intercollegiate series between St. Dunstan's and Prince of Wales College was played Saturday afternoon on the A. A. A. grounds. There was a large crowd of interested spectators and the footers from the respective Colleges afforded a great deal of entertainment and possibly some inspiration for their friends. The game proved "a long way to Tipperary" but both sides arrived each with three points to their credit. It was characterized throughout by brilliant and fast action. The casual list was large and the ambulance and patrol wagons were both in attendance and regrettably the referee had to command the services of both during the second half of the game, one of the combatants, having been carried off and the other ordered off. The third game which will be played next week, ought to draw a large crowd as it will probably be the deciding game in the series.

Mr. W. G. Cameron of St. Dunstan's College refereed the game with his usual good judgement and impartiality.

It has been suggested that Islanders should send plum puddings and plum cakes for the Island boys' home in England, Halifax, Canso and North Sydney. This is an excellent proposal, and the Guardian feels sure will commend itself to every good housewife, mother, sweetheart and sister in the Island. What more suitable Christmas gift could the boys receive than a plum duff or plum cake from home?

In order to avoid the multiplication of committees, it might be well for the Belgian Committee to undertake the organization and supervision of this scheme. The Committee consists of the following ladies and gentlemen, whose magnificent service in connection with the Belgian Relief is a guarantee of their ability to cope with the new enterprise:—Mr. W. H. Aitken, Chairman; Mr. D. J. Riley, Secretary-Treasurer; Committee:—Sir Louis Davies, Hon. J. A. Matheson, Premier; Mr. Charles Lyons, Mrs. Fitzgerald, Mrs. Bentley, Mrs. L. M. Poole, Mrs. F. W. Hyndman, Mrs. (Dr) Conroy, Mrs. (Dr) S. R. Jenkins, Mrs. T. C. James and Mrs. F. J. Nash.

Departed this life at his home at Lower Montague, on Oct. 13th, in the 88th year of his age, Peter Ross, a highly respected resident of this picturesque and progressive locality. The deceased was a son of the late Donald Ross, of East River, who was one of the immigrants that arrived on the ship "Polly." Peter Ross began teaching school at the age of 15 years and proved a painstaking and successful teacher. He taught alternately at Murray Harbor South, Lower Montague, and Murray Harbor North. He taught in all over 40 years and was the recipient of the pension granted by the present Government. He married Miss Jane Crown, of Murray Harbor South, who still survives him. From this marriage were born three sons and four daughters, of whom two sons and three daughters are left to mourn. Deceased was a most consistent member and elder in the Presbyterian Church up to the time of his death. He was highly respected and esteemed in the community in which he lived. As a neighbor, kind and obliging, and as a Christian, zealous and uncompromising. His life was influenced by the example of his Saviour. His faith clear and strong and he felt that death to him was but a transition to the heavenly home. The funeral service was held in the church and was conducted by the Rev. Mr. Hubley and Rev. Mr. Miller, and was most appropriate to the occasion. Special and most affecting music was rendered by the choir. His remains were interred in the beautiful cemetery near his late residence, there to remain till the resurrection morn. "Blessed are the dead who die in the Lord."

In St. James Church last night, Rev. Dr. McKinnon, Principal of Pine Hill College, Halifax, N. S., occupied the pulpit in the absence of the pastor, Rev. Dr. Fullerton, who is at present on the mainland. Dr. McKinnon preached a very thoughtful sermon appropriate in the present troublous times. He took his text from the Gospel of St. Matthew 16, 3. "Can ye not discern the signs of the times?" He asked the question: "What was the enemy of Christianity here to fight against to-day, and he gave the answer, brief but unquestionable, Materialism. In every age, he said, the Church had had enemies of various

Indigestion and Headaches

Arising from Constipation, Cured and Regular Habits Established by Dr. Chase's Kidney-Liver Pills.

In the western Provinces, where so many thousands live far from doctor and drug stores, very many reply on Dr. Chase's medicines to cure disease and maintain health and strength. This letter gives some idea of what perfect control Dr. Chase's Kidney-Liver Pills exert over the most common ills of life.

Mrs. H. K. Hower, farmer's wife, Eastburg, Alta., writes:—"For about ten years I suffered from constipation, indigestion, headaches and languid feelings. Treatment from two or three doctors afforded only temporary relief, so I turned to Dr. Chase's Kidney-Liver Pills, and with most satisfactory results. Headaches have disappeared, regular habits established and general health very much better. Both my husband and I can speak highly of Dr. Chase's Kidney-Liver Pills, as we have both been greatly benefited by them." One pill a dose, 25c, a box, 5 for \$1.00, all dealers, or Edmanston, Bates & Co., Limited, Toronto.

DO YOU SUFFER FROM BACKACHE?

When your kidneys are weak and torpid they do not properly perform their functions; your back aches and you do not feel like doing much of anything. You are likely to be despondent and to borrow trouble, just as if you hadn't enough already. Don't be a victim any longer. The old reliable medicine, Hood's Sarsaparilla, gives strength and tone to the kidneys and builds up the whole system. Get it today.

descriptions, and he referred to the Roman Emperor, Julian, of the 4th Century, as an example. This man had attempted the all impossible task of erecting again the pagan deities of antiquity. He imagined that by restricting Christians from teaching rhetoric he would brand them as unlearned and ignorant men, devoid of culture, with nothing to appeal to the sensitiveness of mankind. He fancied that somehow a strange sort of heaven would be pleased when he drenched the altars of his country with the blood of victims after victims. As the years passed, however, there came into his heart the sense of failure and he began to feel that his people looked upon his religion with disfavour and that behind his back they winked to one another. In the end, convinced of his colossal mistake, he threw a handful of blood heavenward and shouted: "Oh, pale Gallian, hast conquered!" Every contest, continued the preacher, in which the existence of Christianity was at stake would end with that cry. What is the enemy of the present time? (he asked). It is not Paganism; the enemy of the age is Materialism, by which is not meant that philosophic doctrine that says there is nothing but carbon and oxygen and nitrogen. That alone is not the enemy of the age, although that included. But by Materialism is meant the spirit that sees nothing beyond this world. That is the real enemy of Christianity. The preacher then went on to state that although science and culture were claimed to be associated with Materialism, they were really instruments of civilization. They had made the air carry men's thoughts and the speedy locomotive relegate the painful coach. There had been voices in the Christian Church opposing science and culture when science and culture were on the side of civilization. We must not let Materialism take science and culture as its weapons. They belong to us children of God. The preacher then went on to deal with the way in which materialists were to be spiritualised, not by force or reason, for they would not listen to reason. But Christians, without cant, or hypocrisy, or sectarianism, must live a life of love and sweetness in Jesus Christ, and in that life, in that life, triphantly lived, there would be an argument that would overcome all obstacles. The preacher concluded by saying that there was one practical duty incumbent on them all, if they believed the Gospel of Jesus Christ and were anxious to overthrow the Materialistic spirit, and that duty was to support the Gospel.

TUESDAY

FOX DIVIDEND.—The Pure Canadian Fox Co., of Summerside, has declared a 40 per cent. cash dividend. Mr. Wm. Amherst, of Little Shemogue, N. B., was in Summerside on Saturday on fox business.—X.

ACCIDENT.—A slight accident occurred at the Marine Wharf yesterday afternoon when the s. s. Amherst and a schooner unavoidably collided, the Amherst sustaining some damage. Her rigging was torn and she was otherwise injured.

Rev. W. J. Whitehead, of Glendale, Kentucky, has accepted the call of the Central Christian Church of this city, and will begin his pastorate here on Sunday, November eighth. Mr. Whitehead is a young man of marked ability and has had a successful record as evangelist and pastor for the past seven years.

The death occurred at Union Road on Oct. 25th, after a long illness, of Mr. Isaac Essery a well-known and highly esteemed farmer whose demise at the age of 65 years is a distinct loss to the community. Beside his sorrowing wife the following family is left to mourn the loss of a devoted father: William, in Medicine Hat, Albert G., in Charlottetown, Harry, Fred and Louise at home. One brother, James, in Western Canada and two sisters, Mrs. John Horne, Winsloe, and Mrs. John Holman, Strassberg, Sask., also survive.

CHURCH REOPENING.—The reopening of the Methodist Church at Cove Head, after having been moved over from Union, took place on Sunday last, the three services being largely attended. The ministers assisting were Rev. Fash, Rev. Mr. Coffin of Marshfield and Rev. E. Bell of Charlottetown. Special music was sweetly discoursed, the York choir giving able assistance. The collections were quite generous, and it is expected this church in the near future will be cleared of debt. The present minister Rev. Mr. Westmorland, is to be congratulated on the good work of his congregation. The visitors were entertained by members of the congregation in a most agreeable manner.

A COMMENDABLE FUND.—Mr. H. W. Vinnicombe has interested himself on behalf of the Over-Seas London Daily Mail Tobacco Fund and although the list has only been open a few days Mr. Vinnicombe has met with unequalled success and hopes to close and forward list at the end of the present week. Each 25 cents subscribed to this Over-Seas Tobacco Fund provides a quarter pound tobacco, 25 cigarettes and a box of matches to every British soldier in the trenches who is fighting so bravely for his country. Each parcel is a personal gift because the name and address of the subscriber are written upon it, so that Charlottetown subscribers are really sending direct to the trenches of the Allies a gift that will be much appreciated by those who, on account of their constant fighting, can receive but few comforts outside their regular rations of the day.

AMHERST IN PORT.

The s. s. Amherst arrived in port Sunday afternoon from Point du Chene, where the steamer had been engaged working on the car ferry.

FOX PHOTOS.—Mr. Reid, expert fox photographer, of Summerside, who has photographed all the principal fox ranches throughout the western end of the province, was calling on the fox exchanges, city, yesterday, exhibiting some excellent specimens of his work.

RECRUITING.—Applications are being received daily from young men for the Prince Edward Island Heavy Battery for overseas service. Military training is not essential, and all young men of good physique who are desirous of seeing active service are asked to come forward with their applications immediately. Canso and Sydney are expected to furnish a large proportion of the battery, but the recruiting of a battery to war strength will require at least one hundred additional men. It is hoped that the required number will be forthcoming with as little delay as possible.

CAR FERRY.—The work at the Car Ferry piers is rapidly progressing. At Carleton Point the work has so far advanced that the dumping scows are no longer able to reach the place where the stones are being laid, and derrick scows have been substituted. To simplify the work of the scows, towers have been built on the point and on an island or "crib" built of stone about eighteen hundred feet out from the Point. These towers are on car wheels and can be moved about. They run on tracks. A large cable wire is stretched from tower to tower, the centre of it being between 75 and 80 feet above the water line. On this wire is gear for carrying "skips" in which the stone from the scows is placed. The "skip" is carried along the wire to the place where the stone is to be dumped. The stretching of the wire on which the skip is to be run has not been completed but it is expected that this will be done by Wednesday next. Two boilers and an engine have been installed at the tower on the crib, for the purpose of working the skips. The towers are respectively 125 and 110 feet high, the lower one being on the crib. Owing to the shortness of the days, the workers on the ferry have been obliged to work by electric light, with a powerful searchlight for such spots as are not lit by the lamps. The work on the piers, it is expected, will be discontinued shortly. The scene at Carleton Point is extremely interesting.

More than 70 Quartettes, too

WHEN you rely on the EDISON PHONOGRAPH for your winter's entertainment, you are not confined to Grand Opera Singers or Tango Dancing.

For instance; there are more than seventy Quartette Records; from the frivolous "Great Big Blue Eyed Baby," and tender melodies like "Old Black Joe" to the magnificent quartette from "Rigoletto," Mozart's Twelfth Mass and beautiful sacred hymns as "Lead, Kindly Light" and "Abide With Me."

The new EDISON PHONOGRAPH

If you like music that thrills—that makes you feel as well as hear—just come in and let us play some of the rousing selections made expressly for the Edison Phonograph by the British Male Quartette—Knickerbocker Quartette—and Manhattan Ladies Quartette.

Then, you'll be able to examine the Edison for yourself—the diamond reproducing point, unbreakable and long playing records, superior motors and construction, concealed horns, and Cabinets made in true Period styles, in perfect harmony with the finest furniture.

SHREDDED WHEAT

the food that contains all the body-building material in the whole wheat grain prepared in a digestible form—a natural, elemental food—contains no yeast, no baking powder, no chemicals of any kind—just pure wheat steam-cooked, shredded and baked.

For breakfast heat the Biscuit in oven to restore crispness and then pour hot milk over it, adding a little cream. Salt or sweeten to suit the taste. Better than mushy porridges that are boiled down without chewing. A hot, nourishing breakfast for a chilly day. Deliciously nourishing for any meal with sliced bananas, baked apples or canned or preserved fruits of any kind.
