

THE SUMMERSIDE GUARDIAN

and PRINCE COUNTY CHRONICLE

WESTERN LOCALS

—DEATH OF MR. NEIL J. MACKINNON—There passed away in the Prince County Hospital on Friday afternoon Mr. Neil J. Mackinnon of Clément. The deceased was 69 years of age and had been ill for some time although he was only taken to the hospital about two weeks ago. He leaves to mourn his widow, formerly Miss Phyllis Kelly, daughter of Mr. Thomas Kelly, and one daughter, to whom sympathy is extended. The funeral takes place this morning at one o'clock from the R.C. Church at Indian River.—S.

—HALLOWEEN DANCE—The hallowe'en and Masquerade dance at Maple Leaf Gardens, Summerside, was a huge success. There were over three hundred present and some very beautiful and original costumes. The prizes were won by the following ladies and gentlemen: Ladies first, Mrs. Watson MacNaught who represented a Gypsy Girl, Ladies 2nd, Miss Muriel Lee, as Dolly Varden; Gentlemen first, Herman Maynard in "Knoek-Knoek" a cleverly designed costume and second, Charlie Maier as a Spanish Cavalier.—S.

—SPENT HONEYMOON ON P.E.I.—Mr. and Mrs. Ralph Haskell, who were married on October 13th at Portland, Maine, have been spending their honeymoon with the bride's relatives on P.E.I. Mrs. Haskell was formerly Miss Bertha Phillips, youngest daughter of Mr. John Y. Phillips of Summerside. During their visit they were guests of Mrs. Layton Dalton and Mrs. John D. Cobb, sisters of the bride. Summerside friends extend congratulations. Mr. and Mrs. Haskell will make their future home in Portland.—S.

—GETS TWO YEARS—Stephen Graves of Alberton was given two years by Magistrate Darby on Saturday morning for breaking, entering and stealing a quantity of liquor from the vendors at Alberton. The case was brought by Corp. English of the R.C.M.P. The accused was brought to Summerside on Saturday morning and elected to be summarily tried by the Magistrate. He pleaded guilty and was given two years in Dorchester. He is an old offender and has given a good deal of trouble to the police in West Prince. He is lodged in the Prince County Jail and will be taken to Dorchester next week.—S.

—C.W.L. AT MISCOUCHE—The regular October meeting of the C.W.L. subdivision of Miscouche was held in the convent class-room, with a large attendance. The presence of Father Monaghan, chaplain, was much appreciated by the members. Routine business was discussed and completed. Report of the Annual Diocesan Convention held in Kensington was read by the President, Mrs. Urban Gillis. The report was concise and interesting, thus enlightening those who were unable to attend the sessions. Mrs. Russell Crockett, first vice-president and also co-treasurer of Social Service, submitted her resignation, on her removal to Chicago, which was much regretted by all. Mrs. Crockett was tendered a vote of thanks for her deep interest and valuable service in this sub-division since its inception. A vote of thanks was also tendered the President for her excellent report, after which the meeting adjourned.—S.

—HANDSOME DISPLAY—Eight handsome silver cups in the window of "Doc" MacPherson, on Water Street, Summerside, are attracting a good deal of attention. They are owned by Mr. George A. Callbeck, and were won at the Amherst Winter Fair of 1935 for champion foxes. Mr. Callbeck, who is manager of the Marketing Department of the Canadian National Silver Fox Breeders' Association and well known judge of fox shows, is to be congratulated on being the possessor of such fine trophies. The longest stands over two feet and the others are two feet and under. Among the cups are one from Lampson's, London, for the best matched pair of pups. Another from the New Brunswick Department of Agriculture for adult male fox. Two others are from local firms, the Prince Edward Island Fur Pool and Canadian National Silver Fox Breeders' Association for Grand Champions. Altogether it is a very handsome display.—S.

—PERSONALS
—Mr. Harold Gaudet left on Saturday morning for Toronto.—S.

—Miss Lila MacDonald of Richmond is undergoing treatment in the Prince County Hospital.—S.

—Mrs. Emily Linkletter of Linkletter Road is undergoing treatment in the Prince County Hospital.—S.

—Friends will regret to learn that Miss Marion Costain of Elmsdale, is a patient in the Prince County Hospital.—S.

—Friends of Mrs. Hubert J. MacNeill of Travellers Rest will be pleased to learn that she is steadily recovering from her recent serious illness.—S.

Noted Newspaper Passes From Field

LONDON, Ont., Nov. 1—The London Advertiser, 73-year-old newspaper, today announced that because of economic conditions, it was suspending publication and its circulation would be absorbed by the Free Press. Today's paper was its last.

The Advertiser has been published morning and evening since 1914. Before that it was an evening paper exclusively.

Alberta Will Default Bond

(Continued from Page 1)

statement reading in part: "In the report filed with the Government about a month ago, the National (bondholders') Committee, while expressing their opinion, based to a great extent upon a complete and comprehensive report by experts, expressed a desire to discuss the whole question with the Government and a readiness to have an independent commission appointed to report upon the financial position of the province.

"It is, I think, regrettable that the Government should have had recourse to compulsory methods before exploring all means of arriving at a settlement by adopting either or both of the above courses suggested by the committee."

The interest-cutting also affected holders of provincial savings certificates which have not been redeemable since a few days before the Aberhart Government took office in 1935. There are 6,500 owners of certificates in Alberta, their holdings aggregating \$10,000,000. All provincial debentures, treasury bills, saving certificates and certain Government-guaranteed debentures are affected.

The province, Mr. Aberhart said, exhausted every means of raising money before admitting default on the bond issue.

Premier Aberhart hinted at the possibility of a general refunding scheme to cover all provinces but declined to say when it might be possible or how it would be developed.

"We hope there will be something done to cover all provinces," he said when asked if his Government proposed immediate proclamation of its refunding legislation. "It's in the offing," he replied when asked if he expected a general refunding proposal to emerge from the Dominion-Provincial conference in December.

record of slightly less than 40,000,000 in 1932.

With the major parties divided and five minor presidential tickets in the field, there is speculation whether the results might have a real bearing on party realignments by 1940.

Endorsed by 34 state Federations of Labor, the Roosevelt-Garner ticket has the active support of some organized Labor leaders frankly bent on establishing a Labor party.

On the Landon-Knox side are found two former Democratic presidential nominees, Alfred E. Smith and John W. Davis, as well as several Democratic governors.

Illustrating the extraordinary situation in some states, the Democratic nominees for governor and senator in Minnesota withdrew at the behest of the administration; the Roosevelt organization is backing Senator George Norris for reelection in Nebraska instead of the duly nominated Democratic candidate; a factional quarrel has led to two Republican tickets in Delaware, even to presidential electors.

The five lesser tickets for President and vice-President are: Union, Representative William Lemke and Thomas C. O'Brien; Socialist, Norman Thomas and George A. Nelson; Communist, Earl W. Browder and James W. Ford, negro; Prohibition, D. Leigh Colvin and Claude A. Watson; Social-Labor, John W. Alken and Emil F. Teichert.

While the Democrats are assured of at least 49 seats in the next senate, or one over a majority, there can be no telling about the House until the returns are in. The present Democratic majority there is 153, with 17 vacancies. Many of the 23 senatorial terms expiring are in the usually solid Democratic

ed for a short time and caused some annoyance to motorists. They dispersed after a short time however.

Many private parties were held and several motorists reported that parked cars had been tampered with by hoodlams who deflated the tires.

Mounted Police said they had had but one complaint from the country Saturday night. Yesterday they had a long distance call from a man in the country complaining that his gate had been stolen and was suspended from the branches of a tree some distance away. He demanded that the Police go out, get the gate and replace it. The gate was still in the tree last night.

All the local police were on duty Saturday night until a late hour and six special cars and several special police were also on patrol. Mounted Police patrols were out through the country.

Rail Embargoes

(Continued from Page 1)

its payroll preparatory to suspending operations.

Business men in Anchorage prepared to lay off employees because of the projected railroad shutdown. About 20,000 workers were about to lose their jobs in the Pacific Northwest because of prospective shutdowns of lumber mills and logging camps. Flour mills curtailed operations.

The main issue in the strike is control of hiring. Employers have refused to yield on what they contended was their right to choose the men who would man their ships and work the piers. Unions contend they must have control of the hiring agencies because otherwise the employers would discriminate against some of their number.

Vote For Strike

NEW YORK, Nov. 1—(AP)—Claiming 2,300 men already were affected by a "sit down" strike on 18 ships, the Insurgent Seamen's defence committee tonight set out to extend its works embargo on all United States vessels in the continent's largest port.

At a mass meeting, 1,000 or more members of the International Seamen's Union reaffirmed the strike vote they took last night over the heads of their national officers.

Transatlantic as well as inter-coastal liners in all eastern seaboard ports were included in the strike resolution, which was adopted in support of the maritime strike on the Pacific Coast.

PLANS LARGE

(Continued from Page 1)

conflict. He declared Italy would neither "menace" the Mediterranean route nor "interrupt it."

But, he said, it was necessary for "the brains of England to realize what is done and is irrevocable—the sooner the better."

Of the League of Nations, and sanctions, he said: "We have not forgotten and we will not forget that the League of Nations organized with diabolical diligence the ubiquitous siege against the Italian people."

From the speaker's stand before the main door of the Cathedral and towering 18 feet above the crowd, Il Duce expounded three "illusions" in the philosophy of peace.

1. Disarmament. "No one wishes to disarm first, and to disarm all together is impossible and absurd."

2. Collective security. "Collective security never existed, does

MECCA OINTMENT

P.E.I. Tuberculosis League Meeting

The P.E.I. Tuberculosis League held its second meeting at Summerside on October 29, 1936, and in spite of the most disagreeable weather all members except one were present.

The following members of the executive were present: Mrs. Major Townsend, Mrs. Fred Gates, Mrs. Edgar Hartz, Mrs. J. A. MacDonald, Mrs. Geo. Martin, Miss Lulu Yeo, Mrs. Walter Shaw, Mrs. David Wright, Mr. Stewart Jones, Mr. David Bethune, and Dr. P.A. Creelman. The following members of the Summerside Seal Sale Committee were present: Mrs. Ivan Linkletter, Northam, Miss Eleanor Green, Mrs. Robert Gordon, Mrs. R. T. Mussen, Mrs. Wm. Strong, Mrs. W. Arthur Allen, Mrs. Reginald Pope, Mrs. G. T. Travers, Mrs. B. W. Robinson, Miss Faus-tina Gaudet, Miss Francis Gaudet.

Miss Olive Ings, who is employed by the League to do tuberculosis work, presented a report covering her work from when she began work on August 24th, to October 24th. During that time she made 133 home visits, contacting 176 individuals during these visits. She also brought in 24 contacts and patients for X-Ray and treatment to the Sanatorium.

Dr. P. A. Creelman presented a report relative to the tuberculosis situation at the present time. Since August 24th, 186 examinations were made throughout the province. 28 new cases of tuberculosis were found, 73 old cases re-examined, total 101.

In addition to this Dr. Creelman pointed out that there were at the present time 59 patients in the Sanatorium, and of this 160 patients there is complete knowledge of their present state of health or disease. In addition to this number there are seven hundred (700) names on the records and an effort is being made to get information regarding these cases as soon as possible.

The arrangements were made for the putting on of the annual Tuberculosis Christmas sale. This will begin on the 23rd of November. Mr. Stewart Jones, President of the League, pointed out the great work which it was possible to do during the past few years as a result of money raised through the sale of these tuberculosis seals in this province, as well as through the Dominion of Canada. He pointed out especially the double services which people did when they bought and used these seals. When they bought them themselves they were helping and when they used them again they showed their interest in the work, and encouraging other people to buy and use them.

The next meeting of the P.E.I. Tuberculosis League will be held in the eastern end of the Island.

There were 64 different chain companies in the Maritimes. These operated 485 stores with \$23,139,400 sales this amount forming 15.3 per cent of the total retail business. The corresponding chain ratio was 15.0 per cent in 1934, 15.2 per cent in 1933 and 12.5 per cent in 1930.

There were 15 grocery or combination store chains which operated 145 unit stores in the Maritime Provinces in 1935 and these had sales amounting to \$5,539,700 or 19.6 per cent of the total business of all similar stores. The chain ratio for this kind of business declined slightly from 1934, when it was 20.2 per cent and it shows an even greater decline from 1933, when it was 21.2 per cent.

The proportion of the total retail trade transacted by chains increased slightly in 1934 over 1933, both for the economic division as a whole and also in each of the three provinces.

Increase In Maritime Retail Sales

OTTAWA, Nov. 1—People in the Maritime Provinces spent more freely during 1935 than in either of the two previous years, according to a report issued by the Dominion Bureau of Statistics.

A survey of retail sales in the three Maritime Provinces showed expenditures amounted to \$151,613,000 an increase of five per cent over 1934, and 17 per cent above 1933.

Nova Scotia and New Brunswick had percentage increases of six per cent over 1934, while Prince Edward Island's increase amounted to 2.5 per cent.

Retail sales by provinces with 1934 figures in brackets. New Brunswick \$80,409,000 (\$76,124,000); Prince Edward Island \$9,886,000 (\$9,649,000).

Conforming with other sections of the country, the greatest percentage increase in trade in the Maritime Provinces was recorded by the automotive group of establishments, total sales for this group showing an improvement of 21.8 per cent. The building materials group and furniture and household group both of which recorded substantial gains over 1934 in all other parts of the dominion, reported only minor increases of three per cent.

Grocery and combination store sales for the three provinces combined totalled \$38,326,000 an increase of four per cent over 1934.

Department store sales for 1935 totalled \$17,567,000 an increase of two per cent over the preceding year; drug store sales were up by three per cent; country general store sales by three per cent, and hardware store sales by five per cent. Radio and music stores, while reporting increases over 1934 in all other parts, reported a decline in business of four per cent in the Maritimes Coal and wood yard sales were also down by five per cent and women's apparel store sales were down by two per cent.

The proportion of the total retail trade transacted by chains increased slightly in 1934 over 1933, both for the economic division as a whole and also in each of the three provinces.

Field Day Of Sunglo Club

In Summerside, P.E.I., on October 27th, a goodly number of fox ranchers on the coldest October day in the memory of even aged Islanders met at the ranch of the Ohio National Silver Fox and Fur Farms, Inc., to be present at and to take part in the demonstrations of the day.

An interesting exhibition of foxes fed in various ways was put on that ranchers might draw their own conclusions.

The experimental schedules embraced various types and sizes of pens which were examined. Some of these are used as breeding pens, some as furring and some for both breeding and furring purposes.

Examples of in-breeding experiments, such as those from brothers and sisters mating, also the mating of father and daughter were on exhibition.

An interesting demonstration was one comparing extreme types of character such as markings, strength of fur, density, color and bar of silver, and conformation.

The judging demonstration by Messrs. Donald Stewart and W. F. Burke with explanations for their placings attracted considerable interest as shown by the many questions asked.

The classes judged were those of light medium female pups and of light medium male pups.

In Stewart and Lewis' ranch (Linkletter Road) Summerside R.R., the new type of wire bottom shed was examined. Here Mr. Don Stewart presented a number of foxes to show the good belly and brush color of pups kept on the inch-mesh wire bottom compared with those kept on board floors. One disadvantage is the two scrubbed spots about one inch wide by 1-1-2 to 2 inches long on each side of the tail, the guard fur leaving only the underfur showing at these spots. Mr. Stewart explained that by using a fair coating of straw as litter this condition could be avoided or improved according as the straw be added early or late in the season.

Here also were seen examples of the breeding of half-brother and half-sister which tended to accentuate the inherent qualities of the common grandparent.

At C. B. Rogers' ranch were seen the wire bottom shed pens separated by an 18-gauge half-inch mesh wire netting which Mr. Rogers found very satisfactory. He says that his pups kept in these pens are tamer than pups kept in pens with opaque partitions. Here again were some cases of inbreeding. One case as narrated by Mr. Rogers was that of pups bred from brother and sister mating showing a brush defect of the common granddam while neither sire nor dam had such defect.

At the ranch of Harold Milligan the wire bottom pens were again in evidence with the same results—good colored bellies and brushes and two faulty spots one on each side of the butt of the tail of each pup.

The banquet at the Queen Hotel in Summerside put a very enjoyable finishing touch on the Sunglo Field Day. Mr. B. Graham Rogers presided in his usual humorous way. Addresses were delivered by Messrs. P. G. Clark, recently returned from London, Geo. A. Callbeck, Manager Fur Marketing Department of the Canadian Silver Fox Breeders' Association, John C. Jack, Animal Physiologist and others. Mr. Rogers sang very acceptably in his usual good style, so good as to merit a vigorous and persistent encore which would not be satisfied with less than a repetition.

Stan Jamieson and his Garden of the Gulf orchestra furnished nice music.

The National Anthem brought to a close a very interesting and enjoyable session the guests departing with best wishes to President L. W. Hancock and other members of the Sunglo Club.

(Havas)—Forty thousand armed men ranged along the Gerona coastline are Catalonia's insurance against the "insolent rebels" who defied to land troops at Rosa Friday, officials here declared tonight.

Luis Companys, President of the Catalan Generalidad, defied the insurgents to break through the province's defence force and termed yesterday's attempt "a proof of enemy impotence."

It was the insurgent cruiser Canarias which invaded the Gulf of Rosas, spokesmen said. They added the warship fired four shells. They denied reports that the attack caused casualties.

ST. JOHN'S, Nfld., Nov. 1—(CP Cable)—Hope has been abandoned for the Newfoundland schooner Lucille Coupl and her crew of eight.

The schooner was last seen a week ago beating helplessly before a storm out of Bonaville Bay, her main boom broken and her sails torn to shreds. She was bound from St. Anthony for St. John's.

WAKE UP LIKE A CAVE MAN!

Jump out of bed full of life. Say good-bye to dull, tired mornings. Help yourself to glowing health.

Banish the penalties of modern living. D away with tired, sluggish, bad-taste, head aches, nervousness. Wake up happy and full of energy. It's easy, you'll think it miraculous. Follow in the footsteps of thousands who have regained full health and energy with Fruit-a-tives. The prescription of a famous Canadian doctor. Fruit-a-tives contain extracts of fruits and herbs and act to stimulate five of the vital organs of the body, cleanse the elimination tract of wastes and poisons, tend to purify the blood of harmful poisons and acids. Fruit-a-tives' unique tonic effects bring new energy, new health. So try Fruit-a-tives today. For sale everywhere. Cost is low—25c, 50c. For your own protection refuse any substitutes. Insist on "Fruit-a-tives."

IN MEMORIAM

REUBEN PRIDHAM

Though the late Reuben Pridham was in his 89th year he was very active until a short time ago and was able to take his accustomed place in Trinity Choir. Mr. Pridham had the distinction of being the oldest singer in this section of Canada and probably had a longer service as a member of a choir than any other man in Canada. He became a member of a choir in his native Prince Edward Island home at the age of 12 years and for more than three-quarters of a century he was regularly in his place with but rare exceptions whether residing there or here. Even to the last his deep bass voice was strong and resonant and undoubtedly he found in this one of his most pleasing and lasting enjoyments. He well known figure and his light springing step will long be remembered by those who knew him best.

Apart from this Mr. Pridham was a fine type of citizen and was greatly esteemed by all who knew him. He was engaged in the blacksmith business in Amherst for many years and his place on Hatchford street was as well known as any. He delighted in doing a good job and he did many in his day. He was a long time member of Trinity Church, not only of its choir, and he regarded its work as the centre of his affections apart from his home life which he always delighted in. We are glad to pay a tribute to this fine old man for the writer had a great personal liking for Mr. Pridham. There were many others who had the same feeling for him for so far as we know. Mr. Pridham never had an enemy. A man who served his day and generation well has been gathered to his fathers.

The following brothers are left to mourn: James, Kensington, P.E.I., Charles and Philip, Montrose, P. E. Island.
