Notwithstanding the many attractions last evening New Wonderland entertained large crowds as their moving picture program was a superior one and the singing simply magnificent.

The Liberal Conservatives of Queens County have secured the basement of the market house for a committee room and head quarters. Entrance to the post office and also South door facing Victoria Row.

C. Ballingall, publisher of the city directory will have two mysterious men on the Exhibition Grounds. Each man will have in his pocket five dollars and the only condition governing their capture is to have a receipt for the purchase of one of Ballingall's official Directories.

The Opera House last evening came in for a very generous share of patronage and the audience greatly enjoyed the charming play presented entitled The Three of Us. The story which was laid in a Nevada mining camp, was most cleverly staged and the love story running throughout was delightfully acted by the thoroughly trained performers. The comedy portion was ably kept up by Miss Maggie, Lillian Paige, who was an immediate favorite while Miss Julia Morton as Rhy MacChesney, ably sustained her record of the previous evening as a very clever actress. The other members of the cast cleverly performed their parts and received unstinted praise. Altogether the plays and performers have proven a decided success and tonight's performance "It's All Your Fault," will no doubt draw a crowded house as it is one continuous laugh.

LACK OF WATER IN STATES CAUSES INTENSE SUFFERING. BOSTON, Sept. 21—Anxiety is filling the heart of the New England farmer, for a drought which is pronounced to be one of the severest long-continued dry periods in many years, has spread itself over the New England.

It was on August 27th that the last general rainfall came to New England and since then, except for a few short local rain showers, the drought has continued unabated. In many places the wells are running dry and a very serious state of affairs confronts the farmers.

Grass and vegetation have suffered severely. Water in the lakes has been receding at the rate of one inch a day. Numerous forest fires have started. Many mills have been crippled by the lack of water supply and others have been compelled to shut down for a time entirely. In many places for two or three feet below the surface there is not any moisture. Potatoes have been dug earlier than is the custom, and are much smaller than in previous years. Country water basins have run dry and in many cases it has been necessary to carry water for household use two miles. Cattle have been suffering from lack of water, and the milk supply is becoming limited.

There is a shortage of pasture feed, and an absence of greenfeed and fodder for the cattle.

"There is just one way to prove the excellence of "Salada" Tea and that is to try it. Ask your grocer for a package to-day.
