"WHEN LADIES MEET" SPARKLING COMEDY DRAMA AT PRINCE EDWARD

With Ann Harding and Robert Montgomery billed as co-stars and the supporting cast boasting such names as Myrna Loy, Alice Brady and Frank Morgan, "When Ladies Meet" bids fair to be one of the best acted pictures of the year.

Indeed, the new film, which opened yesterday at the Prince Edward Theatre, is easily among the smartest and most entertaining features the screen has enjoyed in many months, falling into the delightful category of high comedy and sophistication and yet retaining the humor and simplicity of less pretentious and lower brow entertainment.

The picture is swift and pictorially perfect. In it the performers add a zest to the brittle dialogue and the hilarious situations upon which the unique plot relies.

Miss Harding, as the understanding, modern wife of a philandering husband, gives a portrayal as convincing as her "Holiday." Montgomery is his usual adequate self as the young newspaperman who

handles his romantic troubles as he would a front page story. His flair for flip lines is deftly applied by the crackling dialogue given him.

Myrna Loy is grand in her part of the girl novelist who tries to live the life of her own heroine. It's a far cry back to the exotic types she used to do and this new portrayal advances her miles ahead of her own achievements in character parts.

Alice Brady makes her return to the screen as Bridget, the flighty week-end hostess of the tangled gathering. Miss Brady runs away with honors in the scenes she is in and sets a pace that fairly leaves herself and the other players breathless with its fast tempo. She is sure to remain in pictures, if this is a sample of what she has to offer.

Frank Morgan plays the part of Miss Harding's husband and gives another matchless performance. Martin Burton, as Walter, and Luis Alberni, the French cook, complete the splendid cast.

LIONEL BARRYMORE IN "SWEEPINGS" AT CAPITOL

That character expert, Lionel Barrymore, gives one of his most picturesque performances in "Sweepings," which opened at the Capitol Theatre yesterday.

The story deals with a man who rears the whole foundation of his life squarely upon his faith and hope in his children only to totter to a grand, pitiful ruin as each fails him.

Certainly, Daniel Pardway is a made-to-order character for the elder Barrymore. After the death of his wife, a sacrifice to his ambitions, Daniel is vitally bound up in two interests—his store, which he founded in the ashes of the Chicago fire, and his four children, whom he works will some day come into the store as his partners.

But the success of Pardway becomes the ruination of his family. Eric Linden plays Pardway's youngest son, his favorite and the only one who realizes his own con-

tribution to his father's death. His smart, young impudence is admirably contrasted with his later regret and high resolve.

William Gargan, the expert in nonchalance, bitingly goes his way to end up a moral wreck. Gloria Stuart plays the only daughter who, after her marriage to a mercenary prince, manages to keep the newspapers well supplied with scandal.

George Meeker plays the son whose inability to become interested in anything beyond window-trimming is a keen disappointment to his father.

One of the outstanding roles in "Sweepings" falls to Gregory Ratoff playing Ullman, the Jew who works and plans with Pardway to make The Bazaar the largest in the world, and who finds in each failure of the children another stepping stone for him to win a coveted partnership in the store.

Other interesting characters are portrayed by Nettie Sutherland as the wife, Lucien Littlefield as the meek little bookkeeper and Alan Dinehart as Pardway's brother.

U.S. FOREIGN TRADE BALANCE UNFAVORABLE

Decline In Exports and Increase in Imports Looked Upon Favorably.

WASHINGTON, Sept. 24.—(A.P.)—The largest unfavorable Foreign Trade balance experienced by the United States in seven years had been reported today by the Commerce Department for the month of August in which imports exceeded exports by \$24,000,000.

Despite the quantity decline in exports and the rise in imports from the total for July, Commerce Department experts interpreted the figures as encouraging.

August exports totalled \$131,000,000 as compared with \$144,194,000 in July and \$108,599,000 in August, 1932. Imports stood at \$155,000,000 while the July figure was \$142,980,000 and that of August a year ago \$91,102,000.

For the first eight months of 1933, exports aggregated \$944,527,000 as compared with \$1,055,441,000 in 1932. The imports total were \$880,131,000 and \$917,319,000. The eight months gave a favorable balance of \$54,396,000 for 1933 and of \$138,032,000 for 1932.

Said E. A. Tupper of the Division of Economic Research:

"Expanding domestic activity has been partly responsible for the greater demand, but the possibility of still higher dollar prices for foreign merchandise has exerted an important influence on this trade."

"Imports from Canada, the Philippine Islands, Japan and the United Kingdom, our four leading suppliers, have shown marked increases."

COOK with ELECTRICITY

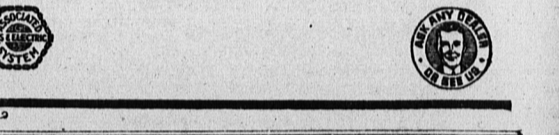

the FLAMELESS Heat

DON'T confuse electricity with ordinary types of fuel. Electricity is energy—energy that at the turn of a switch becomes light, power or HEAT. And Electric heat is an unsurpassed cooking medium. It is fast, convenient, safe, economical and unlike any fuel, it is FLAMELESS. There is nothing to burn; no ashes, smoke or soot. Electricity never has to be ordered. The turn of a switch provides all the clean, intense heat you want.

Electricity compares favorably with ANY fuel in cost. Your electric range dealer or your electric company will give you an estimate of the cost of electric cooking in your home. You will be surprised at the small increase in your electric bill when you cook this modern way. Inquire to-day.

No Unemployment In Swedish Plant

STOCKHOLM, Sept. 25.—(C.P.)—An industrial firm which throughout the economic depression has had practically no unemployment exists in Sweden and attracts a constant stream of foreign visitors. Amongst notable visits to the firm in question in the course of the past year was that of the Prince of Wales and Prince George. The firm was recently the object of considerable attention when seven well-known English members of Parliament including Lord Mount Temple, a near relative of the Swedish Crown Princess, visited it. The distinguished visitors were escorted through the plant by the managing director.

Specialties manufactured in this plant included steel sheets but 0.003 millimetre thick and worth more than their weight in gold, microscopic watch springs, tubes with an outside diameter of less than half a millimetre and flexible cold-rolled, hardened and tempered steel conveyor bands about one millimetre thick, 800 millimetres wide and in lengths of up to 140 metres.

When the Philippine Council, Boy Scouts of America, attended the jamboree in Godollo, Hungary, this year, it was the first time that the Philippines were represented at an international Scout meeting.
