A Skin Beautifier

Of Inestimable Value, which Positively Cures Pimples, Blemishes, Eczema and every form of Skin Disease, is Dr. Chase's Ointment.

As green as may be the difference of opinion as to the various types of beauty, no one can see beauty in a face that is disfigured by pimples and blackheads or discolored traces of eczema or other skin diseases.

The low-neck society dress frequently reveals shoulders and back covered with pimples or other skin eruptions repulsive to the sight. Why are women content to use powders and harmful preparations to cover up these blemishes when they could as well care for them and make the skin clear, healthy and natural by using a preparation so well known as Dr. Chase's Ointment.

Acne, or Salt Rheum, may be taken as the most severe form of skin diseases which mar beauty and cause terrible itching and burning sensations. That Dr. Chase's Ointment has cured the worst cases of eczema on record is well known.

No preparation is of such inestimable value in a woman's toilet, for besides curing the pimples that are usually troublesome at regular intervals, it gives instant relief to the itching to which women are subject, and absolutely cures piles.

PEOPLE USED TO SAY TO THE DENTIST
"I WANT A SET OF TEETH."
And no thought was given to the arrangement, contour, etc. Now it is different. The comfort, health and appearance depend upon dental skill in constructing and properly fitting an artful substitute for the natural teeth. For the choice of teeth to produce the most natural expression, must be taken into account the characteristics of the patient.

To determine the most desirable material for the base or plate in each case the Dentist's skill is called upon to advise. In fitting and constructing the highest mechanical art only can effect the most thorough efficiency and comfort in all the offices that teeth must perform. Our experience in this work. Our superior mechanical facilities. The fact of this branch of our business being in charge of an expert justify the assertion that we can replace the natural teeth as nearly as it is possible for skill to accomplish. All who contemplate wearing artificial plates desire to know something of their manufacture. We are always glad to talk about our work and show examples of many of our interesting cases.
We make eleven different kinds of plates.
We make "Teeth without plates."
You can call in the morning and get your teeth same day.
We make a complete set of artificial teeth from \$5.50 and upwards.
We extract teeth free of charge when new teeth are ordered.
We guarantee satisfaction.

Kidneys.
Clerking isn't a hard work as some would suppose.
On the feet all day, shut up in a stuffy store, ever on the alert to make sales and please customers; then being soon told on the heels.
Pain comes in the back, urinary troubles follow, vision drops, strength fails.

A GRAND SPECTACLE
Is one with which you can see to read longest and with the greatest ease; that is the kind we try to supply and in our many years of setting and fitting each eye separately, great numbers of persons can say we have succeeded. We use the finest quality cases that are made.
Call on us if you think you need any help to vision and if we cannot fit you well, it will be almost certain that you need medical advice and should then consult a medical eye specialist.

E. W. TAYLOR,

We wish our Customers one and all
A Happy and a Prosperous New Year.

We also desire to thank them for their very liberal patronage during the past year, making it the most successful we have yet had.
That our efforts to please has been appreciated is evident from our rapid increase in business. We will strive to merit still further your continued patronage.
