Furs To Be Sold

We were ordered to pay the duty and to sell them at what they would bring.

The firm they were shipped to, would not take delivery as they were not ordered. They were held in the Customs bonded warehouse for the last three months, to the shippers order.

We received orders to pay the duty and sell them for what they would bring, as re-shipping back to London would cost too much.

We will not stock these Furs, but will dispose of them at a price that will make them scamper. If you are interested in Fur buying this fall, the prices will be as low, if not lower, than furs are offered at during January after stock is depleted and fur season over.
