THE MORNING GUARDIAN

MONDAY, OCTOBER 20, 1902.

SHODDY WOOLEN GOODS.

F. W. Hodson, Dominion Live Stock Commissioner, has recently in a series of articles, sought to impress upon the public that the "woolen" manufacturer in Canada, Great Britain and the United States is regularly palming off upon the consumer, as genuine woolen goods, fabrics that are almost entirely cotton or shoddy. The result is that the ordinary purchaser of meltons, worsteds, dress goods, etc., fails to get either wear, or wealth or warmth for his money. And an indirect result of the ubiquitous fraud has been universal ruin to the wool-growing industry. As long as shoddy can be sold for woolen goods, wool is not in demand.

The National Live Stock Association of the United States point out that "there are several classes of shoddy. The best is made from the sweepings of tailor shops and the emptying of rag-bags in civilized countries. The worst, which constitutes the greater part used in America, is from the rotten, cast-off rags of beggars and the lazar and pest-houses of Europe, having in them all kinds and amounts of filth and disease. These are gathered by rag-pickers from the slums and alleys, and sent to America in shiploads, where they are purchased by a certain class of manu-

facturers, who, in order to take the curse off the name, term the stuff "re-used wool fibre".

So wide-spread is the deception because that legislation is now being sought to protect the public. With this object in view, the Hon. Charles H. Grosvenor, at the request of the National Live Stock Association, recently introduced into the House of Representatives of the United States a bill to provide for Federal inspection of mixed goods and the proper marking of the same, which is known as H. R. 2563. The purpose of this bill is to make it possible for the consumer to know what he is purchasing, by having the goods stamped, so as to indicate whether it is all wool, or, if not, then the percentage of shoddy or waste. There is no objection made to the use of cotton mungo, shoddy, etc., etc., in the manufacture of textile fabrics, when the fact is made known to the consumer, and where fraud is not perpetrated by selling these mixtures as all-wool fabrics. The bill provides for a fine of not less than \$30 or more than \$5000 for each offence. Commissioner Hodson now makes an appeal to Canadians, in the following words:

"This is a question of great importance to this country, and Canada should not be behind the United States and Great Britain in demanding that so-called 'woolen' goods shall be sold for just what they are. The manufacture and sale of oleomargarine, butterine, filled cheese and bogus dairy products have been prohibited in Canada, and something of a similar nature should be done to protect our woolen manufacturers against the shoddy products of foreign countries, and to improve the condition of the Canadian wool-grower. The sheep industry in Canada has been steadily declining for years on account of the low prices of wool and the ravages of dogs."

Such a fraud as is revealed above demands the attention of parliament.

The London Commercial Intelligence, commenting on Sir Wilfrid Laurier's recent speech at Paris says:—"Sir Wilfrid Laurier spoke in terms of affection and veneration of the land of his forefathers, but it is rarely that a public man clothes his sentiments in such felicitous language as that used by Sir Wilfrid Laurier. 'Our veneration for France,' he said, 'honors France, which has inspired it, Canada, which has preserved it, and England which has respected it.' The most glowing eulogy of the British constitution could not convey a better tribute to its greatness and magnanimity, its freedom and the self-respecting manliness which it inspires, than the bare fact that a British Colonial Premier could speak so frankly of his natural affection for the land of his ancestors. It is the broad and tolerant spirit of the British nation towards the peoples that have come under our flag that binds them to us with sentiments of devoted loyalty."

LOST HEARING QUICKLY RESTORED.

No matter whether of long standing or not deafness can be permanently cured by Catarrhazone, which never fails even in the worst cases. The pleasant and vapour of Catarrhazone allays inflammation, prevents and cures the catarrhal condition that causes deafness and relieves it right away. Thousands have proved the efficiency of Catarrhazone and with such a valuable remedy within easy reach there is no longer any reason for people to remain deaf. Catarrhazone is recommended also for Coughs, Colds, Catarrh and Bronchitis. Complete outfit, \$1.00; trial size, 25c. Druggists, or N. C. P. I. & Co., Hartford, Conn., U. S., or Kingston, Ont.
