

Abbies Lose To Fredericton 4-0

Three Of Winners' Goals Scored From Mix-Ups Behind Abbie Net

THE SUMMARY First Period 1-Fredericton, Steen (unassisted) 6:27 2-Fredericton, Webster (Mosh-er) 12:33 Penalties: Gross, Fillion, Stops: Bubar 5; Stull 9. Second Period 3-Fredericton, Webster (Mosh-er) 18:38 Penalties: McManus, Oliver, Lawlor, Ferguson, Stops: Bubar 19; Stull 6. Referee—George Duncan.

HAWKS RUN ROUGH SHOD OVER BATHURST OFF-NO ICE

MONCTON, N. B., Jan. 13. (By the Canadian Press)—Moncton ran rough shod over Bathurst Paper-makers to score an 11 to 3 victory in an inter-sectional senior northern hockey league game here tonight. A small crowd saw Moncton return to form after dropping from the top of the league standing to the foot.

CAMPBELLTON, N. B., Jan. 13. (By the Canadian Press)—Tonight's scheduled match here between Campbellton Tigers and Dalhousie Rangers, senior northern hockey league teams, was postponed owing to soft weather and lack of ice.

CANADIENS 2 BLACK HAWKS 1

CHICAGO, Ills., Jan. 13.—Led by Howie Morenz, Montreal's Canadiens conquered Chicago Black Hawks 2 to 1 in their National Hockey League battle before 10,000 spectators here tonight. Morenz was almost a one man show in the victory, scoring the winning goal, assisting in the other and completely dazzling the Hawks with his terrific speed. He was all over the ice and netted the winning goal after one of the fanciest exhibitions of stickhandling ever witnessed on the Stadium ice. His goal, which came in the second period, had the semblance of a freak score, however, as goalie Gardiner of the Hawks stopped it with his hand and it slipped into the net as he attempted to clear.

British Militia Button Found

MONTREAL, Que., Jan. 12. (By the Canadian Press)—A button, buried under Dufferin Square in this city for over 100 years was sent recently to Ottawa for the archives of the Department of National Defence. It was as good as new when salvaged by A. H. D. Hair of the Last Post Fund here, when the bodies of some soldiers were discovered buried under the square. After much searching Mr. Hair found out that the button was from the uniform of an officer of the English section of the Canadian Militia, which was divided into two sections after the war of 1812. On the face of the button is a Georgian crown encircled by an oak wreath with the words "British Militia" inscribed. It bears the stamp of a Montreal military outfitter.

MOUNT STEWART SCHOOL CONCERT

The Christmas concert given by the pupils of Mt. Stewart School on Tuesday evening, Dec. 22nd in Foresters Hall, was a decided success from start to finish and reflects great credit on the teachers, Miss McKay, principal and her assistants the Misses Annie and Helen MacDonald, who worked untiringly during the weeks preceding the concert, training the children to bring them up to that degree of perfection which they exhibited on that occasion. It would be too much to try to describe each number in detail. Suffice it to say that every number was well rendered. The quadrille by eight little ones was most amusing and some other performances of the juniors brought forth much applause. During intermission the local Women's Institute conducted a sale of candy which netted a tidy sum. At the close of the concert, Santa Claus himself arrived with bells and marched up the aisle to the Christmas tree which stood in the corner near the stage. It was nicely decorated and the floor round about was piled with presents which of course Santa sent in advance. He seemed in a very merry mood. For he hopped on the stage, and danced a real old fashioned breakdown much to the enjoyment of the youngsters as well as the youngsters as well.

NEW GLASGOW DROPS OUT OF EASTERN

Tigers Played Their Last 1932 Game with Truro Last Night.

(Canadian Press) HALIFAX, N. S., Jan. 13.—The Eastern Hockey League, it appeared tonight, would finish the season on a three-team schedule, without the services of New Glasgow Tigers. Thomas Foster, manager of the New Glasgow team, said today that following tonight's game with Truro, his team would drop out, leaving the field to Truro, Halifax and Kentville. Lack of support, and consequent strained financial status led to the decision. From Kentville, however, came word from the Wildcats' executive that the valley team would fight it out to the end.

The Schmeling Walker Bout Called Off

(Canadian Press) NEW YORK, N.Y., Jan. 13.—Plans for a heavyweight championship fight between Max Schmeling and Mickey Walker at Miami, Fla., in February were definitely cancelled late today. The decision to cancel the proposed bout, after it had been considered almost a certainty for some time, was made by Joe Jacobs, Schmeling's manager, after receiving reports from his partner, Billy McCarney, who is in Florida. The Madison Square Garden Corporation, which was promoting the bout through a subsidiary, agreed to the cancellation. McCarney's reports, Jacobs said, indicated that financial conditions in Miami were not good enough to assure a profitable "gate" and the cancellation was made for that reason alone.

Port Elgin Leads Section

DORCHESTER, N. B., Jan. 13. (By the Canadian Press)—Port Elgin took the lead in their section of the Central League tonight by defeating Dorchester five to four after ninety minutes of hockey. Soft ice slowed the match.

Bearcats 3 New Glasgow 1

TRURO, N. S., Jan. 13.—(By The Canadian Press)—The New Glasgow Tigers played their last Eastern League game for this season here tonight, bowing to the Truro Bearcats 3-1. Only three penalties were handed out by referee Pete Mill. Shields, high point man in the Eastern League, starred again tonight, getting two of the Bearcats' goals on individual work in the second session.

Albany Shipping Shows Increase

(Canadian Press) MONTREAL, Que., Jan. 12.—Surprise was expressed in shipping circles in connection with a reported statement by Peter G. Ten Eyck, port chairman of Albany, N. Y., that Albany, with 200 ships due to arrive, was expected to do more inbound ocean shipping business this year than Montreal. Shipping men stated that the report of the port warden of Montreal had already been published and should be available to Mr. Ten Eyck for comparison purposes. In 1931 a total of 836 vessels arrived inward at Montreal, a decrease of 9 from the previous year, a similar decrease being reported for all major ports. From these vessels a total of 3,376,182 tons of freight was unloaded. Eighty-one of the vessels arrived in ballast to take grain while all others of the 796 brought cargo. Albany, according to published figures, sent out some 700 vessels last year, in the grain carrying trade. Montreal shipped some 80,000,000 bushels, carried in 136 tramp ships with full grain cargoes, 6 with part cargoes, 284 general cargo liners and 135 passenger liners.

LOOKING 'EM OVER

(BY TEC) "DUNCAN'S LAST STAND"

Due to inefficiency—or some other reasons, George Duncan, New Brunswick referee, has sung his swan song, so far as the Northern Hockey League is concerned. He refereed his final game last night. Charlotteville officials knowing what to expect from the refereeing of this gentleman, made overtures to Fredericton for a second arbitrator on the ice, Mr. George Fallon, another New Brunswick, but the Fredericton management, it is alleged, turned a deaf ear to all requests. However, some compromise was arrived at, but apparently too late for Referee Fallon to appear on the scene of battle. Fredericton, the headquarters of the Northern League, knew their onions apparently, and intended to peel 'em. This is the kind of a break Charlotteville receives for the many kindnesses and courtesies accorded the Capitals while visitors in our city. The Abbies at any rate have asked no favors—and received none.

A PUZZLER

At the last meeting of the Northern Hockey League it was decided to do without the services of George Duncan as referee during the second half of the League. There must have been a big reason. Was he inefficient? He must have been, or the League executive would not have asked for his resignation. Now, in the face of all this, why in the name of Bill Ripley's cat was he permitted to referee his farewell in the Abbie-Capital game last night without a competent man with him on the top side of the whistle? If this is furthering the interests of hockey in the Maritimes, then I'm the King of the Fiji Islands! At any rate there's an Octoroon in the pile of shavings and the sooner he's pulled out and the cards laid on the table the better for all concerned.

"JACKIE IS BACK"—WELCOME

Reconsidering a previous decision made with regard to a flattering offer from the Toronto Maple Leaf Club, Jackie Kane changed his mind yesterday at Moncton within a few hours before Montreal train time, and has finally decided to remain with the Abbeigwelts, the club of his Eastern Canadian adoption. "Hurry" was on his way, but no one but himself knew the heavy heart which beat under a courageous little breast as his teammates bid him a fond adieu at the "Hub" station before departing for the wars at Fredericton. This incident, perhaps, had more to do with his sudden change of heart than anything else. He watched the boys as they sped away, knowing fully well how much they regretted his departure and how very much they needed him against Capitals and in the many other hard games to come. Realizing all this, Jackie no doubt shook his head, as he does when rounding the net, and thought to himself, Kane me bye, duty calls, an' he japers, you must obey. At any rate the colorful Hamiltonian is with us again. His teammates need him like the summer needs the sunshine—and all's well that ends well.

WEST KENT ICE SPORTS

One of the chief features of the Ice Sports program to be presented by West Kent School at the Forum tomorrow night will be the hockey tussle between Summerdale High and West Kent. This will be the first game that school teams have played this season and will be an enjoyable feature. The boys showed a good brand of clean hockey a year ago which delighted the large crowd that witnessed it. Besides the age races, a number of unusual features find a place on the lengthy program. Already a considerable portion of the rink is sold out indicating a ready response to the boys' efforts and a desire for the continuance of this kind of entertainment. Since this is the only real feature at the Forum for the remainder of this week, many will take advantage of a good program for so small a price. Band will be in attendance and the contests will be followed by skating.

STURGEON SCHOOL

The semi-annual examination of Sturgeon School was held on the afternoon of Dec. 23rd with an attendance of 75 including parents and visitors. The school rooms were very artistically decorated with garlands, Christmas bells, etc. while a Christmas tree laden with gifts for teacher and pupils occupied a place in the corner of the Vice-principal's room. Mr. Maurice Daly performed very acceptably the duties of chairman. The pupils were examined in the separate rooms by their teachers. Miss Grace LeLachur, Principal and Miss Lilly Creed, Vice-Principal, and in every case answered quickly the questions asked. Remarks were made by Rev. Father McDonald and others present complimentary to the work done during the term, also a letter was read from the Rev. Father McCabe expressing his regret on being unable to attend on account of illness. All present took splendid interest in the prizes offered. 11 prizes were awarded for perfect attendance by Sturgeon Institute, \$2 for diligence in school hours by Rev. Father McDonald, \$2.50 gold piece for best progress by Lionel Collings, Secy of Trustees, in Vice-Principal's department. In the Principal's department 7 prizes were awarded for perfect attendance by Mr. Maurice Daly, \$2.50 gold piece for progress by Rev. Father McCabe. A very interesting program was rendered by the pupils and reflected much credit on the teachers, who spared neither time nor talent to make it the grand success it was. Program of Vice-Principal's doubtless be made during the next

Mueller ducking on a high shot by Bill Thoms, the puck entering the net; the fast speed maintained by both teams; the heavy bodychecking, the usual fight and Werner Lough's attempt to assist Tom Munro in the officiating.

As per a previous arrangement, Nationals and Marlboros divide the club's share of the gate, which is 40 per cent. Now Nationals are sorry they are not playing a double schedule. After the game, one of the Marlboro players remarked to Manager Bill Christie, the Harry Lauder of hockey "Do we eat tonight?" "Sure," said Bill, "and you can bring your girls along." Two or three fainter after this remark.

REGRETS FELT

Halifax hockey followers who still feel mighty bad about losing Kane to the Abbies do not, as might be expected, glory in his sudden departure from the Island. On the other hand many regrets were expressed that Kane would not appear with the Islanders if that long-hoped-for game with Wolverines were to be arranged—Halifax Exchange.

Thanks awfully, but Kane is still with us.

BITTER CAMPAIGN

The Northern League campaign the closest and bitterest struggle Maritime hockey has ever seen, is captivating the imagination of the hockey fans who are following every move and turn of the opposing forces with intense interest. With the season half gone and the teams jumbled together with only one point separating them, does not often happen in any hockey league. It is an indication of the relative strength of the opposing squads.

THE SPECIAL

Mr. Gillispie, Forum manager informed the writer last evening that up to last night about eighty coupons were taken by fans anxious to make the trip on Friday's special train for Moncton where Abbeigwelts give battle to Moncton Hawks. Eighty coupons, however, does not signify that the special will leave unless twenty five or thirty additional coupons are purchased. The sale closes this afternoon and anybody who wishes to make the trip had better step lively. Coupons can be secured at Ben's Taxi, the Bike Shop and the Forum.

Oh, Hum!

A small ice space, soft at that and covered with about two inches of water—and Referee Duncan. A perfect setting for the Abbie-Crystal game last night.

Stepping Out

The Charlottetown Millionaires are stepping out these days—or rather nights. They took the League leading Crystals into camp, and last night held Sussex to a ninety minute draw. The Millionaires are surely improving.

STURGEON SCHOOL

GLEANINGS FROM TRYON AND VICINITY

School re-opened after the holidays on Tuesday, January 5th, with teachers and pupils ready to begin work again with renewed energy. There is a large attendance of pupils, and real progress will be made during the next

Millionaires And Sussex Play 90 Minute Draw

Hockey struggles of the "good old days" were brought back to Charlottetown fans last night at the Arena when the battling Millionaires held the Sussex "Dairy Kings" to a 2-2 all draw in a ninety minute struggle.

The ice, due to the unseasonable weather, was very poor, and very scientific, but the game withal was highly exciting. The original playing time ended with the game tied at 1-1. The players were tired and as good hockey was out of the question, it was almost decided to call it a night. However, the boys came out for the overtime to the cheers of the crowd. The first two overtime periods were scoreless, Sussex seeming to be the more tired and the Millionaires having the best of the play. "Gibraltar" Wilson saved his team in this period. In the final ten minutes, Johnnie Leclair, the old Sussex war horse, on a beautiful solo, rifled the puck past Collings for what seemed the deciding count. However, the Millionaires were not to be beaten and Bradley two minutes later evoked the count on a delightful solo.

The game was cleanly fought and well refereed. John Leclair seems to be as good as he ever was and, while Percy Radcliffe is a little portly, he played an effective game on the defence. No one was outstanding for the Millionaires although Bradley shone with his effective rushing and Collings with his stellar goal tending. Spillet stepped into them well last night. Shaw blocked well but Leclair was left uncovered in front of the net too often. There were several near injuries, the players taking golf swings at the puck which found human targets oftener than the disc.

The first period was the best of the game. Bradley almost scored from a face-off. John Leclair was playing well. MacFarlane and Doucette made a pretty rush which failed at the goal mouth. Leclair and Lutz combined nicely but Collings was too good. Hunter went right through but Spillet tripped him, saving the goal. Lutz and Spillet took trips to the penalty box for using the elbow and tripping respectively. There were ten shots on the Sussex net, four on the Millionaire one.

The second chukker was forty-

few months by our two competent teachers the Misses MacLean and Mabey.

His Tryon friends sincerely regret the continued illness in the Prince County Hospital of Mr. Harry A. MacPhee of Tryon, who has been a patient there for some weeks past. However, there is some improvement in his condition and it is hoped that he may soon be able to return home again.

Miss Hazel Leard of Crapaud has returned home after spending a pleasant week in Rose Valley the guest of her sister, Mrs. Raymond Newsome.

Mr. Lloyd Howatt of Borden, spent the week-end in Tryon.

His friends are sorry to know that Mr. Eldon Lord is laid up with sciatica, but hope that he may be up and about again in a few days.

Tryon now boasts a rink, some of our energetic young men having cleaned off a nice sized sheet of ice on the mill pond, which is flooded every cold day, and where we have skating every fine evening. Messrs. Lord and Muttart of the North Tryon electric light plant have very kindly furnished us with lights. The rink is not up-to-date like some however, but we all have a good time, and are hoping that the snow-storms will be few and far between in Tryon this winter.

Smelt fishermen of Tryon River report that smelts are very scarce this winter and are very small in size, also owing to the fact that they are a very poor price makes fishing unprofitable this year.

Mr. Arthur Howatt of Borden, P. E. I., spent the week-end at his home in west Tryon.

Mrs. R. A. Howatt and little son Ray of west Tryon, have returned home after spending a few days in Cape Traverse, the guests of her parents, Mr. and Mrs. Thomas Howatt, D.

MAYOR FORBES SERIOUSLY ILL

NEW YORK, N. Y., Jan. 10. (A.P.)—Major Granville Roland Fortescue, author, war hero and correspondent whose wife and son-in-law are charged with killing a Hawaiian accused of attacking the Major's daughter, was described last night as a "very sick man." At the Columbia-Presbyterian medical center hospital, where he was taken yesterday with pneumonia, it was said he was under the care of special nurses and that his condition was "serious."

Plough deep, while sluggards sleep And you shall have corn to sell or keep.

—Franklin.

Insults are like bad coins; we cannot help their being offered to us, but we need not take them.

—Spurgeon.
