## DOMINION-WIDE MEAT SHORTAGE IS THREATENED

### Fire Loss At Montague Estimated At \$10,000

#### Suggests Revival Of Lease-Lend To Save European Economy

LONDON, Sept. 10 (AP)—Foreign Secretary Bevin suggested tonight that the United States revive wartime lease-lend to save the economies of European countries if it doesn't favor his proposal to redistribute Fort Knox gold.

"I do not mind whether it is lease-lend or that," Bevin said, referring to the Fort Knox redistribution plan in a speech to visiting American legislators.

"But all I say is this—that you can't get settlement in the world unless we get these economic conditions right."

Bevin's comment was his first elucidation of a remark made in his speech to the trades union congress at Southampton last week which aroused sharp reaction in the United States and caused considerable confusion here.

Speaking at a dinner for retiring National Commander Paul Griffith and 135 Legionnaires on a tour of American cities, Bevin was joined by the British Legion, the Foreign Secretary reiterated his belief Britain will pull through her current economic crisis.

"We may be short of what is called the balance of exchange, but we have character, we have a tradition, we will win through. We won't let you down."

He referred to former Prime Minister Churchill's aside in his famous "We will fight on the beaches" broadcast after Dunkerque, when Churchill said "we will fight them with our bodies, because that is really all we have got."

The foreign secretary continued: "We ask for no patronage. All we ask for is understanding. Britain is a great bastion in Europe, Western civilization cannot go on if Britain falls, and Britain will not fall."

#### Home, Livestock And Buildings Destroyed

Fire, which began about 1 o'clock yesterday afternoon, destroyed the dwelling-house, large barn, workshop, and poultry house of Mr. Harold Annear, Lower Montague Road. Five calves and 100 poultry were also lost.

The loss, estimated at approximately \$10,000, is partially covered by insurance.

The fire originated from sparks emanating from the "mill" which was operating on the ground floor of the 150-foot live-stock barn. The sparks ignited the loose hay on the floor and the fire, fanned by a stiff breeze blowing through the building, spread with great rapidity.

The Montague Fire Department had a hose to a small creek about 250 yards distant and drained it in their efforts to extinguish the blaze.

All horses and cattle, with the exception of the five calves, were out on pasture else Mr. Annear's loss would have been considerably heavier.

Mr. Annear's farm is located about three miles from Montague.

#### Huge Crowd Attends Souris Exhibition

The huge crowd which attended yesterday's Eastern King's Exhibition at Souris was the largest in many years. Mr. Edwin Reid, president of the Eastern King's Exhibition Association, stated last evening.

Mr. Reid said he could find no words to adequately describe the women's exhibits of handicraft, cookery, and flowers and would have to content himself by saying that they were "wonderful." Not only was the quality of most of those exhibits higher than in previous years, but the number of entries was much greater.

All livestock classes had large entries with the exception of horses. The quality, however, of the horses shown did much to make up for the somewhat smaller list of entries.

The cattle exhibits were the greatest both in numbers and in quality ever shown at Souris. Mr. Reid had high praise for the dual-purpose Shorthorns exhibited by Mr. John DuPasquier, Forest Hill, formerly of Switzerland. Mr. DuPasquier's herd of Shorthorns, Mr. Reid said, would be hard to beat in the Maritimes.

The chief prize winners among the Holstein breeders were Messrs. Douglas Aitken and Son, Bay Fortune and R. L. Burge, Five Houses.

Winners with Ayrshires were Messrs. Brent Stead, Bay Fortune; Duncan Coffin and Son, Bay Fortune; W. A. White and Son, Rollo Bay; and D. J. Mullin, St. Peter's.

The chief exhibitor of Jerseys was Mr. A. Ernest Underhay, Bay Fortune.

Messrs. Walter McDonald, Chestow, and Frank McAulay and

#### On Directorate Can. Good Roads Association

ST. ANDREWS, N. B., Sept. 10 (C.P.)—Hon. Antonio Talbot, K.C., Minister of Roads for Quebec Province, was elected president of the Canadian Good Roads Association today at the concluding business session of the 28th annual convention.

Other officers elected, all high-way ministers of their provinces, were:

Honorary president, Hon. W. S. Anderson, New Brunswick; vice-presidents, first, Hon. E. F. Willis, Manitoba; second, Hon. George H. Doucett, Ontario; third, Hon. J. R. Hon. G. H. Barbour, Prince Edward Island; fourth, Hon. M. D. Rawding, Nova Scotia; sixth, Hon. E. C. Carson, British Columbia; seventh, Hon. W. A. Fallow, Alberta.

Secretary-treasurer, George A. McManee, Montreal, was re-elected.

The president, honorary president and vice-presidents also are members of the board of directors. Of the other directors, 15 were re-elected and the following four added: H. C. Anderson, chief engineer of public works, British Columbia; Douglas Aitken, president of the Ontario Motor League; G. E. Williams, Manitoba Department of Public Works; and G. H. N. Monk.

#### New Walkouts By Plant Workers Across Country

The threat of a Dominion-wide meat shortage assumed greater seriousness today following new walkouts by packinghouse workers in plants across the country.

As more than 2,600 went on strike yesterday in Montreal, Edmonton and Vancouver, the total climbed to 6,120. Another 7,500 workers are taking strike votes which likely will be completed by the week-end.

Officials of the United Packinghouse Workers of America (C.I.O.), who Tuesday proposed that the Dominion Government be requested to appoint a conciliator, reiterated yesterday that they believed such action was the only way to avert a virtually complete tie-up of the industry.

#### Fur Auction Sale Opens In Montreal

MONTREAL, Sept. 13 (Special)—The Canadian Fur Sales Auction Company Limited sale of silver fox pelts commenced today.

Results of the first section are as follows:

Platinum 52 per cent sold at an average of \$23.61.

Inferior platinum 67 per cent sold at an average of \$13.84.

White marked silvers 18 per cent sold at an average of \$11.35.

Selected full silvers 58 per cent sold at an average of \$17.35.

Regular full silvers 76 per cent sold at an average of \$13.01.

The above information was received from Mr. George A. Callbeck, manager of the marketing department, Canadian National Fox Breeders Association.

#### Coming Events

- Show at Cape Traverse Hall, Friday evening.
- Movies Covehead Friday, Sept. 12, 8:30 p.m.
- Movies Hunter River Thursday, Sept. 11, 8:30 p.m.
- Dance tonight, Happy Islanders, Country Club, Traveller's Rest.
- Collecting Hogs for Canada Packers each Tuesday. Earl Jay.
- Kings County Plowing Match and Horse Show at Dundas, September 24th.
- Come to the dance, Wiltshire Hall, Friday, Sept. 12. Sale of hunches.
- Talkies—Bridgetown Saturday, 8:15—Starring RKA Hayworth.
- Dance Afton Hall Friday night, Sept. 12. Refreshments. Music by McNeill.
- Meeting, New Haven School, Thursday at 8:30 P. M. to discuss plans for a Soldiers' Monument.
- Collecting Hogs for Canada Packers each Tuesday afternoon, W. Crane.
- Talkies—Wood Islands, Monday, "Kiss and Tell," starring Shirley Temple.
- Dance, Cardigan Hall School, Friday night, September 12th. Webster's Orchestra.
- Dance, Campbell Bros., Building Sea View, Thursday, September 11th.
- Loading hogs at Montague Station each Thursday for Canada Packers Ltd. S. C. McLean, Phone
- Ice Cream and Dance in St. Patrick's School, Lot 22, Friday, September 12th.
- Picking up Hogs at Peakes Station each Thursday for Canada Packers Ltd. Merlin Devine.
- Dance in Kozy Hall, Georgetown, Friday, September 12th. Luncheon served.
- Ice Cream Social in Tryon Baptist Hall, Monday, September 15th. Proceeds in aid of school.
- Loading Hogs at Cardigan Station each Thursday for Canada Packers Ltd. Norman McKernan, Cardigan.
- Don't miss Hard Time Dance, Wednesday, September 17th in Vernon Bridge Hall. Come in costume. Luncheon served. Millview Orchestra.
- Collecting Hogs each Tuesday for Canada Packers from Vernon River, Ugg, Elliovala, Summerville, Hermitage, Avondale and Glencoe. Call Ralph Lee, Vernon River.
- The Ratspapers of West Royalty School District are requested to attend a meeting at School House, Friday, at 7:30 P. M., Sept. 12th. By order of Trustees. J. Wilbur Trainor, Secretary.

#### Seek Bodies Of Crew Members

PITTSBURGH, Sept. 10 (AP)—Firmen laboriously cut through the tangled wreckage of the river steamer "Island Queen," dragged the Monongahela River bottom, and sent divers into the murky stream today seeking eight crew members missing after a terrific explosion and fire destroyed the boat Tuesday.

Twelve bodies have been recovered, three of them unidentified. Thirteen of the 18 injured remained in hospital.

Edward L. Schott, 40, president of the Cincinnati Corporation, which owned the boat, said that 20 crew members were dead or missing. He previously put the total at 21 but one man, William Stapleton, was located at his Newport, Ky., home.

Officials and the United States coast guard began a double-barreled investigation of the tragedy which destroyed the \$600,000 excursion craft, damaged an estimated 40 automobiles parked nearby and broke office windows on the fringe of Pittsburgh's "golden triangle" business section. No passengers were aboard when the explosion occurred.

Cause of the blast was not known but police said officials learned an acetylene torch was in use at the time of the explosion. The blast ignited paint and 27,000 gallons of fuel oil and the resulting fire covered the five-decked craft from bow to stern within seconds.

LONDON, Sept. 10 (Reuters)—The British automobile industry set an export record in July with a shipment of 13,800 vehicles, 60 per cent more than the highest pre-war monthly figure, it was announced today. Half the cars made in Britain in July were allocated to overseas markets.

#### Will Demand New Wage Increases

HALIFAX, Sept. 10 (CP)—Approximately 1,900 shipyard workers in Halifax and Dartmouth will demand new wage increases within three months.

Murray Lowe, secretary of Local 1, Industrial Union of Marine and Shipbuilding Workers of Canada (C.I.U.), said today the increase would be asked in new contract talks with Halifax Shipyard's Ltd. The present contract expires Nov. 1.

Mr. Lowe did not disclose what new increases would be asked. Under the present contract, in force since the National War Labor Board granted an over-10-cent-an-hour wage jump in March, wages range from 47 1-2 cents an hour for apprentices to \$1.15 an hour for charge hands.

#### Will Decide On Future Of Newspaper

GLACE BAY, N.S., Sept. 10 (CP)—More than 100 members of District 26, United Mine Workers (C.I.U.), will vote tomorrow to decide whether to continue financing publication of the Glace Bay Gazette, Canada's only union-operated daily.

The Gazette, published in Canada's big coal town, has operated at a loss for some years and deficits were made up by a \$13,000 yearly subsidy from the union's treasury.

Traditionally, the U.M.W. holds a referendum on any matter affecting the entire membership.

Most of the district's membership is concentrated in the Cape Breton coalfields where there are more than 2,000 miners on the Nova Scotia mainland and another 700 in the Minto Belt of New Brunswick.

#### Former Head Of Acadia Passes

WOLFVILLE, N.S., Sept. 10 (CP)—Dr. Henry T. Dewolfe, 60, professor emeritus and former principal of Acadia University, died at his home here today following a short illness.

Born in St. Stephen, N. B., Dr. Dewolfe graduated from Acadia in 1899 and later studied in Europe. He was pastor of the Baptist Church at Foxboro, Mass., and joined the teaching staff of Acadia in 1901. He was principal of the college for 24 years.

A former president of the Baptist convention of the Maritime Provinces, Dr. Dewolfe headed a five-year program of that organization and for many years was secretary of its board of religious education.

#### Take Action Against Rioters

NEW DELHI, Sept. 10 (AP)—Military forces took the offensive today against riotous mobs, implementing a Government pledge to act on a warning basis against communal carnage which has taken an estimated 1,000 lives in four days.

No official count existed of the dead and wounded in the twin cities of old and new Delhi, but most police and military officials said the toll was at least 1,000 killed and possibly many more.

The military and police said the situation was "under control" but they voiced frankly the belief that the violence would end entirely only when enraged Sikhs and Hindus have killed or driven away most or all of the 300,000 Moslems in old and new Delhi. The Moslems were fleeing the area in great numbers.

#### Essential Food Prices Continue To Soar

CHICAGO, Sept. 10 (AP)—Prices of essential foods continued to soar in the primary markets of the United States today with hogs and corn leading the advance.

Hogs brought the best prices in history at several markets, and so did corn. Joining them in the upward dash for record levels were wheat, oats, lard, sugar, cattle, but-ter and eggs. Primary market quotations foretold eventually higher prices at retail stores.

Part of the aggressive buying of commodities, particularly of those for future delivery, was ascribed by brokers to State Secretary Marshall's statement that European countries will need help this year "to meet the immediate threat of intolerable hunger and cold."

Pork on the hoof jumped to record highs at Sioux City and Om-

#### Increase In Price Of Tin

OTTAWA, Sept. 10 (CP)—The Prices Board announced tonight a nine-cent increase in the price of tin, raising the Canadian ceiling from 71 cents a pound to the world rate of 80 cents.

The increase, effective immediately, follows a similar step taken last January when the Canadian ceiling price was increased from 63 cents to the then world level of 71 cents a pound.

#### Bracken Sounds Warning Against Dollar Shortage

OTTAWA, Sept. 10 (CP)—John Bracken, Progressive Conservative leader, charged tonight that the Government has no policy to meet the crisis arising out of the shortage of American dollars and warned that unless headed off the crisis would bring with it business stagnation and unemployment.

"Our supply of American dollars will soon be exhausted, and if in the meantime nothing is done to alter the situation, there will be a crisis in this country," Mr. Bracken said. "In our case it will not be a crisis of bread, it will be a crisis of steel, coal and oil—a crisis that if not headed off, will bring business stagnation and unemployment in its trail."

"We are dependent on the United States for approximately 60 per cent of our coal supplies. If this worsening situation is allowed to develop, one immediate hardship we will face is that of vital coal supplies."

"As to steel, we are apt to forget when we look at our Canadian steel industries, that in many cases they are dependent for essential materials on imports from the United States. The simple fact is many of our steel mills carry no stock of United States imports."

He said Government authorities must now be considering whether they should reevaluate the Canadian dollar to its former standard of 90 cents United States funds as a means of increasing the flow of American dollars in Canadian markets.

Another course suggested, is to borrow a huge sum from the United States, he said. "Obviously this at best would be but a stop-gap proposal."

Another course suggested is to cut down imports from the United States. This course is not without political and economic difficulty. But here again we are left in the dark by the Government."

He said the government did not know what way to turn, because it had no policy.

#### Special Session of Congress

By John M. Hightower

WASHINGTON, Sept. 10 (AP)—State Secretary Marshall declared today that some European countries will need American help this year "to meet the immediate threat of intolerable hunger and cold." He indicated that such help

#### Miners Killed In Explosion

DEWSBURY, Yorkshire, England, Sept. 10 (Reuters)—Nine miners were killed in an explosion at the Thorskill pit early today and three others still were missing tonight, it was officially announced.

Rescue workers, who dug their way through heavy falls said there was little hope that the trapped men would be found alive.

The miners were on their way to the coal face when the blast occurred.

The disaster was the third in British mines within a few weeks. Most recent was in Durham when 104 men were killed. A month ago 21 miners were killed in an underground mine explosion at Whitehaven, Cumberland.

#### Will Not Return Until Work Is Completed

OTTAWA, Sept. 10 (CP)—Members of the seven-man Newfoundland delegation discussing possible terms under which the island might join Confederation do not plan to return home until their work is completed.

This was made clear today in the text of a cable sent to 21 members of the Newfoundland National Convention who yesterday urged termination of the discussions. The members charged the delegation had gone beyond its terms of reference and actually was negotiating terms with Canadian officials.

They also asked that the discussions be halted because of the Quebec Government's alleged antagonism toward the people of Newfoundland.

"The Annual Field Day of the Brackley Golden Guernsey Calf Club will be held in Bonsons New-son, commencing at 5 o'clock."

"Collecting Hogs for Canada Packers each Tuesday. Signed David Pratt."

#### Former Head Of Acadia Passes

WOLFVILLE, N.S., Sept. 10 (CP)—Dr. Henry T. Dewolfe, 60, professor emeritus and former principal of Acadia University, died at his home here today following a short illness.

Born in St. Stephen, N. B., Dr. Dewolfe graduated from Acadia in 1899 and later studied in Europe. He was pastor of the Baptist Church at Foxboro, Mass., and joined the teaching staff of Acadia in 1901. He was principal of the college for 24 years.

A former president of the Baptist convention of the Maritime Provinces, Dr. Dewolfe headed a five-year program of that organization and for many years was secretary of its board of religious education.

#### Take Action Against Rioters

NEW DELHI, Sept. 10 (AP)—Military forces took the offensive today against riotous mobs, implementing a Government pledge to act on a warning basis against communal carnage which has taken an estimated 1,000 lives in four days.

No official count existed of the dead and wounded in the twin cities of old and new Delhi, but most police and military officials said the toll was at least 1,000 killed and possibly many more.

The military and police said the situation was "under control" but they voiced frankly the belief that the violence would end entirely only when enraged Sikhs and Hindus have killed or driven away most or all of the 300,000 Moslems in old and new Delhi. The Moslems were fleeing the area in great numbers.

#### Essential Food Prices Continue To Soar

CHICAGO, Sept. 10 (AP)—Prices of essential foods continued to soar in the primary markets of the United States today with hogs and corn leading the advance.

Hogs brought the best prices in history at several markets, and so did corn. Joining them in the upward dash for record levels were wheat, oats, lard, sugar, cattle, but-ter and eggs. Primary market quotations foretold eventually higher prices at retail stores.

Part of the aggressive buying of commodities, particularly of those for future delivery, was ascribed by brokers to State Secretary Marshall's statement that European countries will need help this year "to meet the immediate threat of intolerable hunger and cold."

Pork on the hoof jumped to record highs at Sioux City and Om-

#### Increase In Price Of Tin

OTTAWA, Sept. 10 (CP)—The Prices Board announced tonight a nine-cent increase in the price of tin, raising the Canadian ceiling from 71 cents a pound to the world rate of 80 cents.

The increase, effective immediately, follows a similar step taken last January when the Canadian ceiling price was increased from 63 cents to the then world level of 71 cents a pound.

#### Will Demand New Wage Increases

HALIFAX, Sept. 10 (CP)—Approximately 1,900 shipyard workers in Halifax and Dartmouth will demand new wage increases within three months.

Murray Lowe, secretary of Local 1, Industrial Union of Marine and Shipbuilding Workers of Canada (C.I.U.), said today the increase would be asked in new contract talks with Halifax Shipyard's Ltd. The present contract expires Nov. 1.

Mr. Lowe did not disclose what new increases would be asked. Under the present contract, in force since the National War Labor Board granted an over-10-cent-an-hour wage jump in March, wages range from 47 1-2 cents an hour for apprentices to \$1.15 an hour for charge hands.

#### Will Decide On Future Of Newspaper

GLACE BAY, N.S., Sept. 10 (CP)—More than 100 members of District 26, United Mine Workers (C.I.U.), will vote tomorrow to decide whether to continue financing publication of the Glace Bay Gazette, Canada's only union-operated daily.

The Gazette, published in Canada's big coal town, has operated at a loss for some years and deficits were made up by a \$13,000 yearly subsidy from the union's treasury.

Traditionally, the U.M.W. holds a referendum on any matter affecting the entire membership.

Most of the district's membership is concentrated in the Cape Breton coalfields where there are more than 2,000 miners on the Nova Scotia mainland and another 700 in the Minto Belt of New Brunswick.
