As a consequence of the iron and steel boom many Swedish works are enlarging and modernizing their plants.

SCOUR JUNGLE FOR WIFE OF GOVERNOR

Lady Margaret Young and Physician Lost When Plane Crash- es.

(C.P. Cable Via Reuters) (By Guardian's Special Wire) LIVINGSTONE, Northern Rhodesia, March 1.—Lady Margaret Young, pretty wife of the Governor of Northern Rhodesia, and her physician were still lost in the jungle tonight many hours after their aeroplane had been forced down. They took off from here for Lusaka, 300 miles distant, yesterday afternoon. When darkness fell tonight hundreds of searchers who had begun to scour the animal-infested terrain had to report failure to find any trace of the machine and its passengers. Lady Young, although convalescing from an attack of influenza, was at the controls with Dr. J. Kerby, government medical officer, as passengers.

Accomplished Pilot

She is an accomplished pilot but the machine evidently was forced down soon after the take-off. Officers it would have completed the trip in less than three hours. They have now been missing for 30 hours. The country between here and Lusaka is ideal Safari country—for hunters fully equipped. It abounds with lions, rhinoceros and other wild animals. Efficient search is extremely difficult even for trained trackers.

Systematic Search

Four planes conducted a systematic search from the air and will resume tomorrow. Major Sir Hubert Young, formerly of the Indian Army, was appointed governor of Northern Rhodesia only last year. His wife, whom he married ten years ago, is the former Margaret Rose Reynolds of Dorchester, England. They have three boys.

Inspector Peter Gallant visited the schools in Bloomfield and St. Louis the week of the 4th inst. and held a group meeting of teachers at Howland and an educational meeting at St. Louis.

At the group meeting at Howland

It was unanimously decided to go on with the School Fair. The prize list was revised and means of raising funds discussed. The teachers then discussed the books that were available for our group meetings. Some of them had been read and found very interesting.

First Canadian To Be Honored By Nomination

Parliament will be the highest court in the country, said Mr. Veniot, and although he was prepared to "take my medicine" any time and stand by his statements he would not tolerate any lawyer representing the Crown bringing his name "before the courts in a matter of contempt" for what he has stated on the honor of a member of Parliament.

Not Blaming Department

"I was not blaming the Department of Justice at all," said Mr. Veniot. "I wanted to know whether they had heard anything of it between now and Monday an attempt is made to arrest me. Your Honor, I want to say to you and to this House I would not stand for arrest. I would use force."

News To Judge

MONTREAL, March 1.—"I know nothing of it, and I doubt very much the possibility of a writ being issued," Judge Jules Desmarais commented. He was speaking in a report on Ottawa former postmaster-general Peter Veniot had claimed to have received information he was about to be served with a writ charging him with contempt of court.

St. John Comment

The St. John Telegraph Journal, in an editorial comment on Rev. Dr. Bonnell's career, says: "The name of Rev. John Sutherland Bonnell, D. D., is well known, not in Saint John alone where he served for so long and first exhibited his pastoral gifts, but throughout the Maritime. He may even be said without exaggeration to have won a national reputation and is now to receive a call from the Fifth Avenue Presbyterian Church, New York, known as the American Presbyterian Cathedral. This church has for almost three-quarters of a century obtained its pastors from the United States. It has now been without a regular pastor since July, 1923, when Rev. Henry Howard, D. D., died. Dr. Howard came from Australia. His predecessor, Dr. John Kilman, was from Edinburgh; and before him Dr. J. H. Jewett, from Birmingham, England. It is quite traditional, therefore, that this church should extend a call to a Canadian."

Face Hearing

Facing preliminary hearing are the four Bronfman brothers, Sam, Allan, Abraham, and Barney. Also, Dave Costley and Barney Aaron, all of Montreal, Mrs. Evelyn Carlisle, Halifax, and William Yule, Perth, Scotland and Halifax.

Alleged Remarks

To Corporal W. Harrison was attributed the following remark: "If you don't open this safety deposit box, we have a court order to break it open with an axe."

Brought Into Case

The name of two former Newfoundland public men, Peter Cashin and Sir Richard Squires, were brought into the case when Mrs. Blair testified Inspector Zaneth had told her that "even Peter Cashin and Sir Richard Squires are boot-leggers." Inspector Zaneth denied having made any mention of the two men.

DISREGARDS REMARKS MADE IN HOUSE

"Members Privileged To Say What They Like And Not Bound To Truth," Says Judge.

(C. P. By Guardian's Special Wire) MONTREAL, March 1.—(Reported reference in the House of Commons to third degree methods being used by Royal Canadian Mounted Police does not influence Judge Jules Desmarais one iota, he said in a report on Ottawa former postmaster-general Peter Veniot had claimed to have received information he was about to be served with a writ charging him with contempt of court.
