

The BROCK Hat

LOOK at it from any angle—the style, quality and price embodied in a Brock or St. Lawrence hat is a sound investment in good appearance.

The St. Lawrence Hat

Made by the Wolhausen Hat Corporation, Limited, also makers of Wolhausen Peet and Horton hats.

To Day The Fat Man is keeping His Face young

No Face Should Smart After Shaving

The daily shave should leave the face feeling thoroughly refreshed—smooth as velvet to the touch. This means a freshly stropped, super keen blade which will remove the beard once over "slick and clean." The dull unstropped, scraping blade causes smarting, injures the skin and soon brings premature indications of age.

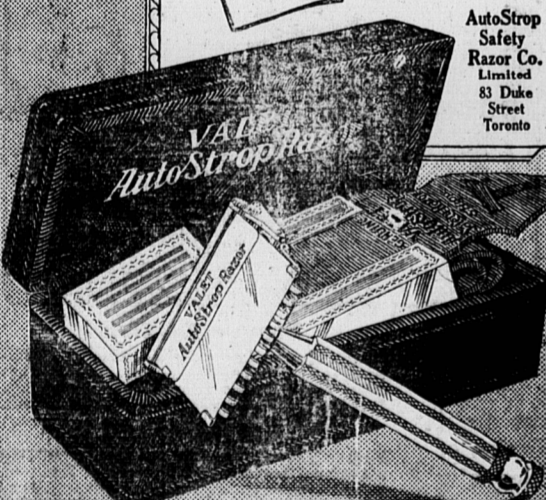

The Valet AutoStrop Razor strips its fine, sharp blade to super keenness in a moment, just as a razor should be for the most tender face, the toughest beard and for the quickest shave. No taking apart for stropping, shaving or cleansing.

This Valuable Book is Yours **WRITE TODAY** for your copy

GUARANTEE

We are anxious that every user of a Valet AutoStrop Razor be constantly enthusiastic. Should anything happen to your razor affecting its perfect service, just send it to us and we will restore it to a new-like condition without charge.

BASEBALL SATURDAYS YACHT RACE WON BY MINNIGOO

This morning at the Abegweit grounds at 11 o'clock the Anchors and Stars will meet on the diamond for the ball game to decide the second section of the City Baseball League.

They have already tried it out on three different occasions and have the game halged by darkness after four of the best innings of ball had been played, on two occasions the Anchors were leading when the game was called and the Stars were out in front the last time, so that even now the winners of this section is as much in doubt as before the starts were made.

However today should settle all arguments as to the winners of the section, but before the entire route is covered there is going to be some sweet ball turned in and if the teams hold without a blow-up to either, it is going to be so close that extra innings might have to be played.

So as it looks now the first team to blow up will lose a big chance, therefore we predict air tight ball throughout.

The Stars are anxious to get away with all the silverware this season, they have an opportunity today that may not come again for years, as there is only one game between 'em and the silver, so with so much at stake they should be almost unbeatable.

The Anchors have all to gain by winning this game, it will not only give 'em the silver for the second but will put 'em up as favorites to win the City League Pennant, so is there any reason to expect other than good ball and nothing but, 11 o'clock today may see the end of League Baseball for 1927. Don't miss it.

SPORT NOTES

EXHIBITION RACES

The next and biggest card of horse races here will be at the Provincial Exhibition meet this month. The horse racing Exhibition Week has always been of a very high order and this season from all appearances is going to surpass anything yet, so plan for Exhibition Week in Charlottetown and take in the best horse racing in years.

BASEBALL

The Baseball Leagues in the other Provinces are fast rounding to a head and it will soon dwindle down to the teams to compete for the Maritime Title. Are we ready? O. K. if we are. If not, now is the time to prepare.

In the meantime we have our City League title to settle and by noon today the fans will know pretty well if there is going to be a play-off or if the Stars will have pocketed all the silverware for the season.

SWIMMING

On Saturday afternoon three young members of the fair sex took the plunge at the Marine Wharf for a trip across the river, being closely followed by an escort, when last seen, by the writer, they were making fine time and good progress to gain the opposite shore, while watching the progress of the plucky swimmers from the wharf one gentleman was heard to remark "that he did not think Charlottetown had swimmers of this calibre."

The above remark should call for a show down and let the people see although we have been remaining silent a long time on this subject it led us to thinking that possibly it would be a good boon for Charlottetown to get in the swim game.

If some person or persons would interest themselves what better place is there for staging a short course swim from Keppoch side to the Park Roadway. There is numerous boats only willing to lend a hand and it would be a starter.

YACHTING

The writer on Saturday was shown a set of blue prints by a very enthusiastic gentleman of yachting, boating and aquatic events, the prints in question were showing how easy a good place for mooring can be accomplished with very little cost, also the prints call for a boat house, lockers and bathing house which all look good in the prints and no doubt would look a hundred per cent better in reality. Should the scheme now under way go through, it would be a great boon for yachting and there is every reason to believe that our beautiful harbor would become a bee hive of activity.

BOXING AND WRESTLING

This is the latest game added to our sport in Charlottetown, in fact there is quite a number of gatherings this season featuring this line of sport in their advertising and judging from what can be learned at the present there is still more in store for the fans of the fistie art.

John Patterson, the Canadian wrestler is with us and is doing his bit toward helping out the coming love artists. Patterson has a very busy time himself these days as he is busily engaged on road work and other strenuous exercise fitting himself for the big wrestling bout or the Canadian title with McWilliams, however, this week he is spending his physical culture class for those who want to get fit and keep fit.

TRACK EVENTS

The last of the seasons track events will be staged this afternoon at the Exhibition grounds when the Labor Union and Truckers' Union will unite for friendly competition in field and track events, from all appearances at present a big day of sport will be given the people.

AND ANOTHER

Murphy smashed another record in the free-for-all trot when he drove Etta Drulen in the first heat in 2:03, thus bettering the mark of 2:04 3/4 set up several years ago with Tillie Brooks. Alleen Guy, Ben White's mare, also bettered Tillie Brooks' mark in winning the second heat in 2:03 1/4. By taking the third mile, Alleen Guy bagged first money.

BETTERS OWN MARK

Climateing the day of record shattering, Sir Roch, holder of the pacing mark for the clinders, bettered his record by more than four seconds in the third heat of the free-for-all pace the last race of the program. Sir Roch reeled off the mile in 2:00 1/4. Loomis drove Sir Roch and won all three heats. Heavy rains Thursday night and early today make the big dirt track unfit for racing and race officials announced at noon, that the Hambletonian stake for 3-year-olds and a purse of \$54,000 would not be run. It will be transferred to the Lexington, Ky., meeting two weeks hence, if officials there can handle it.

HORSE NOTES

Marge Direct, owned by Dr. Chas. Dougan, Charlottetown, stepped two very fast miles at the Exhibition Track on Friday, piloted by Mr. Peter Conroy. The first was in 2:13 1/2, the second in 2:13. In the second mile she made a break at the outset, but for that she would probably have gone a couple seconds faster. She is staked at St. Stephen and Fredericton and leaves in a few days to race at these places, returning to Charlottetown for our Exhibition races.

Race goers will be glad to know that the very popular Major S. (2:16 1/4) now again owned by Mr. Claude McMillan is coming back to last season's form. Friday morning she stepped the mile in 2:14 1/2. No doubt by Exhibition she will be able to hold her own with the best that can be brought here.

Louget (2:06 1/4) is recovering from the accident he met with in Moncton and is being carefully prepared for his stake engagements at the Charlottetown Exhibition.

Devil Set, 3-year-old trotter owned by Col. J. S. Jenkins, D. S. O., continues to make speed. On Friday he worked the best mile so far, finishing in 2:19—the last half in 1:07 1/2.

Some of the good work-outs of last week other than the above were: Acaciville in 2:16 1/2; the Yank in 2:15; Dan Patchen 2:15; British Ginger 2:16 1/2; Dona Harvester 2:17; Bingen Audrey 2:16 4-5; Yorkola 2:18 1/4.

The Misses Jean and Wilhelmina, "Billie," Donahoe have returned to their home in Newton, Mass., after spending their vacation visiting relatives in different parts of the Island.
