SCOTT-STEWART WEDDING.—St. Columbus Presbyterian Church, Marshfield, was the scene of an exceedingly pretty wedding on Wednesday evening, October 15th, 119 at seven o'clock when Miss Mae M. Stewart, daughter of Mrs. Joseph Webster, unmarried, became the wife of Stanley J. Scott, Marshfield. The ceremony was performed by Rev. G. C. Taylor, Charlottetown, in the presence of about one hundred invited guests. The Church was beautifully decorated for the occasion with flowers. The bride who was given away by her mother looked charming in a tailored suit of blue serge with feathered tulle and wore sable furs, gift of the groom and carried a shower bouquet of white chrysanthemums and maiden hair fern. They were attended by two little flower girls, Miss Jean McNevin, Winnipeg, and Miss Margaret McLeod of Dunstaffnage who were prettily dressed in pink silk with overdress of white net. Both carried baskets of dried peas and wore gold star and crescent brooches, gift of the groom. The wedding march was played by the groom's sister, Miss Florence Scott, organist of the church. After the ceremony a reception was held at the home of the groom's parents. The bride who is a charming and cultured young lady, received her guests in Goblin blue satin costume with gold trimmings. The house was most attractively decorated for the occasion the drawing room with gold and white asters and the dining room with crimson geraniums and maiden hair fern. Luncheon was served in the spacious dining room. Mrs. Charles Robertson and Mrs. Edgar Hertz poured tea and a group of young lady friends assisted at the enjoyable function. There were numerous wedding gifts from friends at home and abroad; handsome and valuable in silver, cut glass, etc., also a number of substantial cheques which gave marked indication of the popularity of the contracting parties.

ENTHUSIASTIC WELCOME.—A large number of people gathered at the Salvation Army Citadel Thursday evening to welcome Ensign Cranwell and his bride who arrived in Charlottetown from Halifax. The Hall was artistically decorated for the occasion and the party received a warm welcome on their arrival at about 8.30. About nine o'clock the Company sat down to a splendid banquet provided by the ladies of the Corps. The tables were beautifully arranged and everything that could be desired in good things to eat, was provided. After the supper all gathered in the larger Hall where a short program was carried out. Ensign Cranwell thanked the people for their welcome and for their kindness extended to Mrs. Cranwell and himself. Mrs. Cranwell also expressed her thanks and her pleasure in coming to a Corps where she could feel so much at home. In the course of the evening the couple were presented with a beautiful carving set from the Corps. The Children of the Sunday School met in the Hall last night at 7 o'clock where a supper was held for them and a very enjoyable time was spent.

CANADIAN POULTRY SITUATION.—No branch of food production has suffered during the war to a greater extent than that of poultry and eggs. In many countries of Europe it has almost disappeared, while in others scarcity of feed and high prices and the closing of markets have compelled serious reductions of poultry flocks. The need thus created is regarded by Mr. W. A. Brown, chief of the Poultry Division of the Federal Live Stock Branch, as Canada's opportunity to pave the way for a permanent place in the export trade to Great Britain. Mr. Brown expressed this opinion at the first Canadian National Poultry Conference, held in Ottawa this year, the report of which has been published and is available at the Publications Branch of the Department of Agriculture at Ottawa. It was strongly urged at that conference that this is the time of co-operation. The provinces were recommended to cooperate with the Dominion as the clearing house of operations calculated to promote the industry. The poultry industry was recommended as a means of soldiers' re-establishment by Mr. W. J. Black, Chairman of the Land Settlement Board. He expressed the hope that he would see a small flock of poultry about the homes of every returned soldier who becomes settled on the land.
