The merchants benefit from the sale of goods bought by those who take advantage of the outing, or who do some work around the home which necessitates the purchase of something from the store; no town can be made beautiful unless a certain amount of time is spent on the individual garden or lawn.—X.

**DR. BELAND HAS BEEN RELEASED**  
 OTTAWA, May 30.—The news which reached here today that Hon. Dr. Beland, ex-Postmaster General of Canada, has been released by Germany as a prisoner of war in exchange for a German prisoner held by the Allies, is in accordance with confidential information received some time ago by the Government as to the likelihood of the exchange being effected. Ever since Dr. Beland was taken prisoner, at the capture of Antwerp by the Germans, efforts have been made through his friends here to secure his release. The Minister of Militia made personal representations to the War Office, and the British authorities endeavored to arrange an exchange through the American Consul at Berlin. These

efforts were, however, up to the beginning of last year, attended with no success.  
 Finally Senator Dandurand took the matter up through the Interparliamentary Union, and in February the permanent secretary of the Union wrote from Norway that the secretary of the German branch of the Union had written intimating that Dr. Beland's exchange would be effected. About a month ago another communication from Norway stated that Dr. Beland's release might be expected shortly.  
 The news has now come that Dr. Beland is free. He will probably spend some time in Holland, where his wife has been seriously ill for some months. As soon as she is able to travel it is expected that Dr. Beland will return with her to Canada.

### Play Ball! Play the Game---

"Rattle" the Batter if you are able—catch him out if you can, but don't let him brush the home plate if it is humanly possible to prevent it. But what's the use—  
 If you haven't the proper outfit there is liable to be a "slip up" at the most critical period of the game—the ball goes bad, a glove may get lumpy and spoil a good catch, or some other part of the outfit may fail to perform its function at the very time when the game hangs in the balance.  
 Get your supplies at **HOLMAN'S**—the Sportsman's Outfitters, and be sure of getting the best that's going. **HOLMAN'S** have made a particular study of Baseball supplies and know the merits and demerits of the different makes. Special prices to Clubs.
