HEIR TO DUKES GET GREAT CARE.

LONDON, Jan. 8.—The heirs to dukedoms in Great Britain are brought up as carefully as royal princes and are made to feel, even as small boys, the magnitude of the responsibility which will be theirs some day.

The gilded youth of the peerage, earls, viscounts, lords and baronets, can choose wives from the theatres and music halls should they feel so inclined. They lose caste somewhat, it is true, still they are rulers of their own matrimonial fates, whereas a duke is a mere pawn in the great game of heredity.

There are twenty-two English dukes of ancient titles and estates. Eight who are either royal or created dukes on marriage with royalty, two Irish and two Scottish dukes. All these have immense possessions and wealth. In fact, it is often stated that London is practically divided between three dukes—the Duke of Westminster, the Duke of Devonshire and the Duke of Portland, and that the rentals they receive from houses and stores constitute a large part of their enormous revenue.

A duke's marriage is arranged as carefully as that of royalty. It must be with some woman of aristocratic birth and breeding, or it would be needed to help keep up vast feudal estates then with a rich commoner, but preferably the commoner is an American.

King Edward encouraged his dukes to marry Americans, not only because he admired American women, but because he wanted a little wealth from the United States brought into old England, so there are three Yankee Duchesses—the Duchess of Marlborough, the Duchess of Roxburgh and the Duchess of Manchester.

Not only is a duke's marriage a matter carefully arranged for him, but should it turn out badly he has not the privilege of divorcing or being divorced. Not by any written law is this maintained, but simply by tradition, which seems to be so strong, no duke will thus risk his sovereign's displeasure.

CHICAGO, Jan. 8.—The American League brought out its heaviest batallions today, and captured Frank Chance. The former Chicago National team's manager was signed to manage the New York American League club at a salary and interest which amounts to \$120,000 for the three years for which he signed—the largest amount ever paid to a baseball player. Of this sum \$75,000 is salary and the remainder the estimated value of five per cent of the net earnings of the club.

Two days of negotiations between Chance and Frank Farrell, owner of the New York club, were brought to a climax this afternoon when the principals quietly visited the office of Ban Johnson, president of the league. There they came to three agreements: first, that a one-hour conference and, there the announcement that Chance had signed was made.

"Gentlemen, let me introduce you to the new manager of the New York Americans," said Mr. Farrell to the reporters, as he, Johnson and Manager Chance emerged from the conference.

Chance will assume active management of the team February 11 when he will reach New York to attend the American League meeting. He will then arrange the details for the "training trip." The New York club will have its spring workout in Bermuda, where Farrell has engaged a cricket field for the diamond practice.

Chance will assume active management of the team February 11 when he will reach New York to attend the American League meeting. He will then arrange the details for the "training trip." The New York club will have its spring workout in Bermuda, where Farrell has engaged a cricket field for the diamond practice.

NEW YORK, Jan. 11.—Favorable reports of a midnight reading of the whims of fate in a boiling pot of herbs, brought from a witch's cavern on an Island in the West Indies, induced Mrs. Isabelle V. Adams, widow of Al. Adams, "Polity King," to sign a note for \$30,000 in favor of Mrs. Marguerite Gilbert, a professional medium, according to testimony in a trial of unusual interest in the supreme court today. Mrs. Gilbert, recognized in her own world as "Mme. DeBran," is plaintiff against Mrs. Adams in a suit to recover the amount of the note.

ST. JOHN, Jan. 10.—Can Fred Logan come back? This is a question which the sporting public in the city will have a chance to consider, for after having spent a year or two in oblivion as far as sport is concerned, he is to don the blades again this winter and expects that with a little training he will be able to make the best of the speedy ones.

Fred Logan was the wonder of the skating fraternity and cleaned up all the honors that happened to be going in his time. He beat the world's best skaters at Montreal, Saranac Lake and other speed skating centers. After having gained all the laurels in sight, he retires, to make way for some of the youngsters, as he has been out of the game for some time. Notwithstanding this fact, however, he believes he can "come back" and for the last few weeks has been training diligently. He is gradually getting down to racing shape, and by the time that the big meets are called expects to be in the pink of condition.

It is expected that the championship meet will be held in Ottawa this season, some time during the early part of February, and ten chances to one Logan will be one of those who face the starter in all the principal events. His many St. John friends will wish him much success.

"The Only Cure for Piles"

Writes Mr. Taylor in Telling His Experience With Dr. Chase's Ointment.

Mr. M. Taylor. Because Dr. Chase's Ointment brings almost immediate relief from the dreadful itching, burning, stinging sensations of piles, it is well worth the attention of everyone suffering from this annoying disease.

In most cases, even after years of standing, Dr. Chase's Ointment makes a thorough and lasting cure of itching, bleeding and protruding piles.

Mr. Maxwell Taylor, Charlottetown, P. E. I., writes: "To all sufferers from piles in any form I would recommend Dr. Chase's Ointment as the only cure I ever used while in Boston. I became afflicted with a dreadful itching. I went to a doctor, who gave me some ointment, which made me no better. A friend advised the use of Dr. Chase's Ointment, and by the use of two boxes I was entirely cured. You may publish this statement in order that other sufferers may profit by my experience."

Dr. Chase's Ointment can better prove its value by the relief it affords than by all the words we could use in its praise. 50 cents a box, all dealers, or Edmanston, Bates & Co., Charlottetown, Toronto.

BORN

HOWARD—At Milton, on January 10, 1913, to D. W. and Mrs. Howard, a son.

DIED

MONTAGUE MARKETS

Corrected for every Wednesday and Saturday issue.

Table with 2 columns: Item Name and Price. Includes Potatoes, Beets, Lard, Beef, Pork, Lamb, Mutton, Butter, Eggs, Onions, Hay, Pork, Turnips, Carrots.

"In these days when the market is full of all sorts of dextrifiers it is well to know of one that stands out head and shoulders above the rest—and why Colgate's Dental Cream has peculiar merit in giving pearls like lustre to the teeth. As soon as you apply it you know it's cleansing. You will like it from the very first—it's so delightful, so refreshing. The Two Macs, 149 Great George St. METI

CANADIAN LANDS \$1000 PRIZE.

A prize of \$1000 has just been awarded to Albert H. Leake in the big essay contest conducted by Hart Schaffner & Marx. This gives to Canada a victory over many of the best students of economics in both the United States and Canada. Mr. Leake is inspector of technical education for Ontario. He wrote a paper entitled "Industrial Education."

Five hundred dollars, the second prize, went to Harry Edwin Smith, A. B., A. M., instructor of economics at Cornell University. He wrote about "The United States Federal Internal Tax History from 1861 to 1871."

These prizes are offered by the Chicago firm to arouse interest in the subject of topics relating to commerce and industry, and to encourage men who have college training to take up the problems of business. For a number of years collegians at various institutions in the United States have contended for these prizes. Men of the following universities have been successful: Harvard, Yale, Dartmouth, Chicago, Northwestern, Wisconsin, Michigan and others.

ANOTHER STRIKE ON EARL GREY

(Continued from page one.) be required to sign articles. This all the freemen, with one exception, refused to do and they were ordered to leave the ship. New men were engaged at Pictou and the steamer was brought to Georgetown.

The freemen who left the ship were given free passage to Georgetown but claim they were refused breakfast and dinner. They were also given free transportation from Georgetown to Charlottetown. At Georgetown two of the discharged freemen consented to remain and sign the required articles.

Space and time prevent an extended report of the representations made by the freemen and the matter will be taken up in another issue. In the meantime the sum total of the strike and the official investigation is that the Earl Grey has been taken off the Charlottetown-Pictou route, where it is quite possible she might have remained for days, perhaps weeks; that the Minto is being taken off the western route where, also, she might have remained indefinitely; that shippers and passengers are greatly inconvenienced and subjected to unnecessary expense and delay; that the mails are again thrown out of joint and that the laborers who would have been greatly benefited by the steamers being here are deprived of these benefits.

There are differences of opinion between the freemen and the officials which will be taken up later. At present, however, the matter in hand is not to emphasize differences but to seek for a remedy for what is undoubtedly a serious loss to Charlottetown and to the province.

Efforts will be made, and no doubt successfully—if weather conditions permit, to have the Earl Grey return to Charlottetown. Mr. Nicholson leaves this morning for Ottawa and will second the efforts of the Board of Trade and of all concerned in an endeavor to rectify matters.

HIGHWAYMEN'S CAREERS NIPPED.

TORONTO, Jan. 8.—As a result of their mania to roam around the country, holding up people at the point of a gun, robbing stores and post offices, Frank Brown, aged nineteen, and his brother, Albert, aged seventeen, will spend the next four years and three months respectively in Kingston penitentiary. This was the sentence they received from Magistrate W. H. Clay in the county court this afternoon, after being convicted on four charges.

SEATTLE, Wash., Jan. 10.—The fishing steamer Chicago, manned by eight strike-breaking fishermen, brought secretly to the Pacific coast from Boston, Gloucester and Portland, Me., arrived from South Eastern Alaska yesterday with 12,000 pounds of halibut which sold at thirteen cents a pound, seven cents above normal and the highest price paid in years.

For several months the Seattle halibut fleet has been tied up by a fishermen's strike and the only halibut here came from the small fishing boats operating out of the Alaska ports, which have been stormbound nearly two weeks. Unknown to the strikers, the Chicago slipped out of the harbor on her first trip on December 19.

The striking fishermen ask an increase of a cent a pound as their share of the catch.

SPECIAL LOCALS

One half cent per word each insertion in this column. Cash must accompany order and five per cent discount allowed. Minimum charge twenty-five cents.

"The Guardian prints all the HOME and other news, and has the SWEEPSTAKE honor and pleasure of being the HOME paper for Prince Edward Island."
