

Hatched in Filth * * Reeking with Deadly Germs

THE FEARFUL

FLY-TOX KILLS THEM ALL

No home is safe from invasion. These poisonous, biting, stinging and destructive pests may appear at any time—summer or winter. Be prepared. Use FLY-TOX. Assure healthful cleanliness. Avoid contagion. Flies alone transmit thirty different diseases. Prevent contamination. Kill the Fearful Seven. FLY-TOX has pleasant fragrance. Will not stain. Refuse substitutes—insist on FLY-TOX. Accept no other. Sold everywhere.

FLY-TOX was developed at Mellon Institute of Industrial Research by Rex Research Fellowship.
 FLY-TOX is manufactured by Canada Rex Spray Co., Limited, Brighton, Ont.

ABSOLUTELY HARMLESS TO PEOPLE AND ANIMALS

Wool sold during the 1928-29 season in New Zealand totaled \$75,632,000 an increase of nearly \$2,000,000 over the previous season.

During a rope-jumping contest at Haltwhistle, England, recently nine-year-old Margaret Wilson won easily by skipping 1,000 times.

An American company is operating new boats on the Magdalena River in Columbia, specializing in transportation of automobiles and trucks.

Watch Your Foxes Summer Diet

The summer diet is a most important one, great care should be exercised in selecting the proper foods. Meat feeds should be reduced to a minimum and supplemented by cereals and vegetables. IMPERIAL FOX BISCUITS fed dry and IMPERIAL PUPPY FOOD with milk added make the ideal summer cereal ration for both adults and pups. These two highly nourishing foods ensure a balanced ration together with an abundance of minerals and most valuable Vitamins. IMPERIAL FOODS keep the foxes in good flesh and make them generally healthy and active. IMPERIAL eliminates premature shedding generally caused by excessive meat feeding or an unbalanced diet, and make for better pelts when prime.

Always keep a good supply of IMPERIALS on hand, feed them liberally and you will reap results in highest class foxes with highest-priced pelts.

For sale by leading dealers in all business centres or direct from factory.

Baptist Convention At Summerside

The Baptist Association opened their second day's program at Summerside Friday at 9.30 a. m. in the Baptist Church with a devotional period by Deacon A. D. Matheson, followed by a welcome to new pastors and their wives, and to visitors. The business of the Association was then taken up and officers for the ensuing year appointed as follows: Rev. James Wilson, of Summerside and Rev. J. A. Morgan of Dundas were appointed to represent the Island Baptist Association on the Boy's Work Board of P. E. Island. Other officers were Moderator, Rev. J. C. Peacock of O'Leary; Vice Moderator, Rev. A. C. Vincent, Charlottetown; Clerk, Rev. W. R. MacWalker, North River; Preacher of Association Sermon, Rev. Mr. Williams; Alternate, Rev. H. R. Bell; Eastern District, Moderator, Rev. H. R. Bell; Vice Moderator, Rev. J. A. Morgan; Clerk, Rev. Mr. Williams; Western District, Moderator, Rev. W. O. Brinton; Vice Moderator, Rev. Mr. Wilson; Clerk, Rev. Mr. MacWalker.

Members of Ordination Council, Rev. Dr. J. J. Sidey, Rev. D. A. C. Vincent; Mr. H. R. Jenkins.

Dr. J. J. Sidey lead a round table discussion on the Island problems in relation to the work of the denomination. He particularly stressed the necessity of better attendance by the members of the congregation at the quarterly gatherings.

Dr. McDonald of Acadia spoke in encouraging terms of the work done in raising allocations by the Island Churches. A very interesting paper was read by Rev. Mr. MacWalker, regarding the work done by the Fellow Institute College at Grand Tigue, Quebec, at the afternoon meeting. This college was founded by Madame Fellar, of Switzerland, over one hundred years ago for the French Protestants of Canada. There are at present 186 registered students. Graduates from this college go to all parts of the world to take up the ministry where there are French speaking peoples. Rev. H. Lancton of the college visits the lumber camps in Quebec.

Mr. MacWalker announced that this year's report on the work of the college was about the most successful since the college was opened.

The afternoon session opened with devotions by Mr. J. E. Chisholm, B.Th. This was followed by the report of the Annuity Board by Rev. Dr. H. R. Boyer, of which these are the main factors: The Annuity Board has three departments. First, the old annuity scheme in which each minister who has paid into the treasury of the Board \$200 receives an annuity of \$200 per year after sixty five years. This is made possible by the Board setting aside \$85,000 the interest of which is used for this purpose. Second, aged and sick ministers fund to aid aged ministers who are in need and widows. Third, the present retiring annuity scheme which provides an annuity for men at present in active ministry. Dr. Boyer concluded with a round table discussion on a four-fold missionary program. The salient feature of this discussion was the extensive work of the Canadian United Baptist in India and Bolivia. There are 100 missionaries and 1,050 native teachers and preachers, nearly 600 Sunday Schools and 200 churches; with 20,000, besides a hospital and orphanages. In Bolivia there are twenty missionaries and eight churches. The Association expended over \$25,000 per year on this work. Home missions, Western Mission and Grand Lique Mission were also emphasized. The report of the latter was given by Mr. MacWalker. Dr. Boyer was the speaker at the evening session and took for his subject the various phases of denominational work especially stressing the strategic importance of home missions in the Maritime Provinces, because of religious problems thrust upon the Church because of the serious exodus of our people to other lands during the last 25 years.

Saturday morning opened with a talk on our Island Problems by Dr. J. J. Sidey.

SECOND ANNUAL DISTRICT CONVENTION OF WOMEN'S INSTITUTES

Interesting as well as instructive was the Second Annual District Convention of Women's Institutes held at Springfield West on Thursday the 28th of June. This convention had been planned to include West Point, Dunblane, West Cape, Knutsford, Springfield and Unionvale. West Cape however was not represented at the afternoon session as their school examination had been planned for that day; Unionvale also was unrepresented. A splendid display of fancy work was shown at the afternoon meeting. Several beautiful rugs were included in this display their patterns varying from the "Boston Sidewalk" to pastoral scenes in natural colors. The needle work ranged from dainty boudoir pillows embroidered in sheer veil to a laundry bag in the form of a vividly colored chinaman which created much amusement. Between these extremes of articles intended for decoration and those designed to fulfill a utilitarian purpose were the usual range of bureau sets, runners, pillow cases, towels, cushions, etc. An antique butter knife which was more than one hundred years old was also on display.

The meeting was called to order by the president, Mrs. Robert L. England after which the Institute Carol was sung, followed by the creed in unison. Mrs. (Rev. W. S. Loring, President of Springfield Institute welcomed the visiting members. This address was replied to by Mrs. Andrew Stewart on behalf of Knutsford, and Mrs. Amos Gorill for Dunblane. The secretary of each individual Institute then gave a summary of the work done during the past year. Mrs. E. J. Sabine gave this report for West Point, Miss E. Currie for Springfield, Mrs. Thos. J. Harris for Knutsford, Mrs. Wm. A. Gilcash for Dunblane.

These reports showed that a creditable amount of work had been accomplished during the year. It was decided that next year the same grouping would be given the institutes and Springfield was decided upon as the most convenient meeting place. The President, Mrs. R. L. England and Secretary, Mrs. Wm. A. Gilcash were re-elected for next year. After the completion of the routine business, Miss McPhail, the supervisor, gave an interesting and instructive address and also gave replies to the questions handed in through the question-box. The Assistant Supervisor, Miss Hazard, then gave a demonstration on salads. This was a much appreciated

part of the programme as it included many practical salads suitable for every day use as well as particularly decorative ones for special occasions. After this session had closed with the singing of God Save the King, a dainty repast was served by the members of Knutsford and Springfield Institutes.

Following was the program of the evening session which was also largely attended.

Remarks by the president, Opening Chorus, Island Hymn; Reading, Mrs. Neil A. Boulter; Songs, Knutsford Institute; Reading, Mrs. Arthur Harris; Solo, Mrs. D. A. McPherson; Reading, Miss Verna Fritzell; Song, Messrs Burton Boates and Willard Casely; Reading, Miss Muriel Bowen; French Solo with ukulele accompaniment, Misses Mae and Jean Harris; Address by Rev. Mr. Harding; Song by the girls of Knutsford Institute.

Rev. Mr. Harding's address on "For Home and Country", the motto of the institute was a much appreciated part of the programme. Other speakers had been invited to attend were prevented by circumstances from doing so. At the close of the programme a vote of thanks was tendered all who had contributed toward the success of the Convention. The meeting closed by singing the National Anthem. O.

OLEARY AND VICINITY

Mr. Ernest Bradley, teacher in Dunblane, left on Sunday afternoon for his home in Charlottetown accompanied by his father, brother and Mr. Perry, who motored from Charlottetown in the morning.

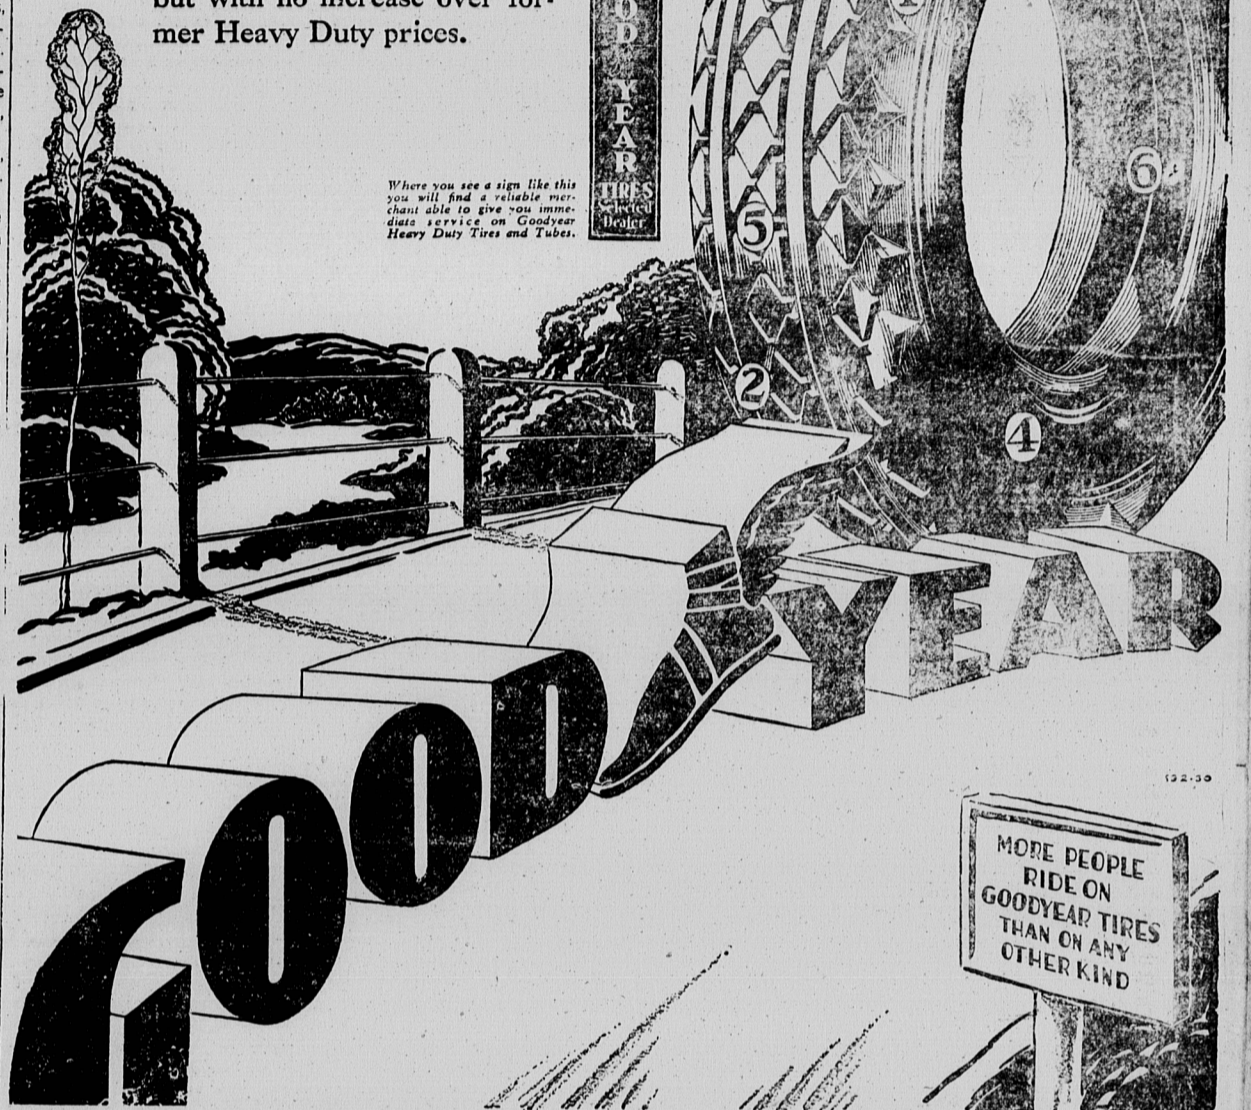

Miss Lillian Hickey, Mrs. Charles McDonald and son Roy, accompanied by Mr. John Watt, recently motored from Boston, Mass., and will spend a holiday with their mother, Mrs. Alice Hickey, of Dunblane.

Mr. and Mrs. E. L. McDougall, of Glenwood, were recent visitors in Springfield, the guests of Mr. and Mrs. Jas. McDougall.—Q.

IT will be many, many months before even the first of the new Goodyear Heavy Duty Tires will have run their total mileage.

In fact most cars on which they are used will have changed ownership long before the tires are worn out. Again Goodyear offers you still greater mileage but with no increase over former Heavy Duty prices.

1. Tread design carried down sidewall giving greater protection against wear.
2. Heavier tread, giving longer life and greater freedom from puncture.
3. New tread design, giving greater traction in the centre of the tire and giving this traction throughout the life of the tire. The All-Weather Tread Goodyears have traction in the centre of the tread where it belongs.
4. Thicker sidewalls for longer life. Ribs on sidewall add further protection against curbs and ruts.
5. Tread design spreads road shocks over the carcass.
6. Specially built, stronger, heavier Super-twee carcass to stand up under high speeds or heavy loads.

Where you see a sign like this you will find a reliable merchant able to give you immediate service on Goodyear Heavy Duty Tires and Tubes.
