Annual Meeting Of Curling Club

Most Enthusiastic Ever Held By the Association - May Enter Rinks For McLellan Cup This Coming Season - Strong Committees Appointed - Election of Officers.

The Charlottetown Curling Association held their annual meeting last evening in their Club Rooms. This was the most enthusiastic meeting ever held by this Association.

The meeting was called to order by President S. C. Moore with his able Secretary Treasurer C. M. Williams close at hand. After reading the minutes of last year's meeting the President gave his report which was concise and to the point and opened the way for many complimentary remarks. The Treasurer then brought in his report which showed that the funds of the Association are in excellent hands and every dollar spent to the very best advantage.

The election of officers for the coming season was then proceeded with and many there were that nearly lost their deposit, in fact one politician was heard to remark that he never ran a more closely contested election.

When the scrutineers had finished their arduous task, the results made known were as follows:

President: J. F. Wear.
Vice-President: C. G. Duffy.
Secretary Treasurer: C. M. Williams.

COMMITTEES

Membership: A. C. Sinclair, W. A. Stewart, Mark McGuigan, J. A. McKenzie, S. W. Wilkins, W. R. Lepage, Lee: J. A. Fraser, J. P. Simmonds, D. A. McKinnon.
Building: H. J. Phillips, Harry Winchester, E. E. Clawson.

Publicity—W. F. Taylor, S. C. Phipps, J. O. C. Campbell.
Entertainment: Dr. McGuigan, J. F. McLeod, G. Notting, R. G. Taylor, E. S. Coffin.
Games—M. F. Titus, C. H. Black, S. C. Moore, G. G. Hughes, Dr. Houston.
Chaplains: Rev. Father McInyre, Rev. W. Bruce Muir.

Discussion followed regarding different points of interest to the club including repairs to the roof, ventilators and general improvements to the building that might improve its possible ice conditions.

Mr. G. G. Hughes thought that it would stimulate interest if the club could enter one or more teams for the McLellan Cup and the Secretary was instructed to find what were the rules etc., necessary to enter.

It was also decided to commence the usual card games commencing next Friday night and continuing each Monday and Friday night until such time as the ice would be in shape and the curling season start.

Mr. W. A. Stewart kindly made the offer of a Biltmore Hat to be donated as a prize and several others suggested their willingness to help the good cause.

With such a good start all that is necessary is a continuance of good P. E. I. winter weather and these energetic committees will have all they can do to find accommodation for the throng of players that intend to follow the game that stimulates interest enough to bring teams from Scotland each year to tour Canada.

Major League Stars Bag Two Moose on Hunting Trip To New Brunswick Woods

FREDERICTON, Oct. 30. — Two long conditions because of much moose, one with antlers spreading 44 inches and having 20 points and confined to camp many days. Joe another with antlers spreading 44 inches and having 16 points as well delphia Athletics who has announced several deer are included in the ced his intention of blossoming trophies already taken by the party forth as an outfielder next season, of major league baseball players has proven the demon deer hunter headed by Eddie Collins, assistant of the party, two of the deer which manager of the Philadelphia Athletics have been killed falling before his letics, who are hunting big game in the New Brunswick woods with the Hopewell Lodge on Cain's river as their headquarters.

The moose with the largest spread of antlers was shot by "Sad Sam" Jones, leading pitcher of the Washington Senators during the past season, while "Mickey" Cochran, catcher of the Philadelphia Athletics and recipient of the American League's award as the MVP of the league of most value to his club in the 1928 campaign, shot the other moose. While Sam Jones has been hunting in New Brunswick several previous trips, this is his first big game hunting trip. He spent Thursday night at Doaktown, where he was entertained at a party at the Russell House. On Wednesday they will come to Fredericton and on Thursday evening all the members of the party will leave by Canadian Pacific Railway for Boston with the exception of Mickey Cochran, whose wife is motoring here from Boston so that he will drive home to Bridgewater, Mass., with her.

Present plans of the baseball stars is to call for them to leave Hopewell Lodge tomorrow afternoon and to spend Thursday night at Doaktown, where they will be entertained at a party at the Russell House. On Wednesday they will come to Fredericton and on Thursday evening all the members of the party will leave by Canadian Pacific Railway for Boston with the exception of Mickey Cochran, whose wife is motoring here from Boston so that he will drive home to Bridgewater, Mass., with her.

Annual Meeting Victoria Club

Entry of "Blue and White" Into Senior Hockey Unanimously Adopted by Meeting - Address by President - May Stage Benefit Circus.

The annual meeting of the Victoria Hockey Club and other athletic organizations throughout the city was held last evening with a fairly large attendance. In the absence of Secretary C. Murley, Mr. T. B. Rogers read the minutes of the last annual meeting, which were adopted as read.

The financial report was then read by Secretary Treasurer, Dr. J. E. Blanchard, who during his report paid high tribute to Mr. T. B. Rogers and Mr. F. Kennedy for their magnificent assistance, financially and otherwise during the past hockey season.

The financial report which showed the club in good standing was also adopted as read.

Mr. Rogers, acting chairman of the meeting, addressed the members and urged that they be listened to with rapt attention.

During the course of his report he laid stress on the fact that the Victoria were put to considerable expense in what developed into a rather prolonged play-off series of games. The main thing, Mr. Rogers said, "we brought home the bacon anyway and that's the big thing."

President Dr. A. B. Reid's Report

Gentlemen:

I look back with pleasure on our last hockey season.

It is gratifying to know that the citizens who gave us their support are satisfied that they got their money's worth, and that the club members are well satisfied with the management and their team.

Every member of which did his full share towards bringing the intermediate championship to our city for the second year in succession. This was not an easy stunt as you all know.

This season we are forced into senior hockey, and we hope and expect to make as good a showing as in the past two years.

The reports of our secretary and treasurer will now be read, after which the election of officers for the ensuing year will take place.

I look forward to an excellent season of hockey, not only for our club but for the citizens as well.

Now, in closing these few remarks, I wish to thank all who helped us in the past to bring the young players out and give them a chance which they would never have had with one club in our city. Many of you will remember that during the years 1909 to 1912 we had 3 clubs and 6 teams in our city and during those years hockey was at its peak.

This coming year I sincerely hope that our entry into the senior ranks of hockey will be a stimulus and a help to the furthering of younger generation of hockey-ists who in the near future will add materially in keeping the Victoria in the forefront, as the Abegweit and Vics have done in the past, among the leading hockey organizations of the Maritime Provinces.

A. B. REID, President
Victoria Hockey Club

Mr. F. G. Kennedy, member of the Executive made a motion that the Victoria Club extend its appreciation to the citizens of Charlottetown and the rural districts for the many acts of co-operation and financial aid rendered during the past season. This was seconded by Mr. Frank Fraser and unanimously adopted by the meeting.

Mr. T. B. Rogers also added a few words of appreciation to the

WILL TRY TO BOOST MEETS

AMHERST, N. S., Oct. 30.—More track and field meets during the season of 1929 as a preparatory measure toward the Olympic sports to be held in Los Angeles in 1932 and will be the aim and object of D. W. Fraser, president of the M. P. B. A. U. of C., and his secretary, Charles D. Shipley. Mr. Fraser today stated that every effort would be put forth to arrange either sectional or provincial track meets in the summer of 1929 to culminate in the Maritime track and field championships.

He expressed confidence that in this way new talent that is now in the embryo, or entirely latent, would be unearthed. During the course of three years these athletes whose physical powers heretofore had not been known, could be developed.

Messrs. Fraser and Shipley in this connection gave their support to a belated report received from A. C. Pettipas of Halifax, N. S., Olympic committee. The report arrived in the M. P. B. meeting, but in its context Mr. Pettipas gave special accent to the necessity of getting the youngsters out and into action.

At the same time the Olympic representative paid high praise to the performances of Leigh Miller at the Hamilton trials, as well as the splendid work of Silas MacLellan, of Noel, Hants county, who finished 26th in the Olympic Marathon. In this connection, Mr. Pettipas quelled all talk of favoritism being displayed to the detriment of the Maritimes. He stated that MacLellan did not compete in the official Marathon, but was given a chance to run upon the Canadian team. Mr. Fraser, in referring to the Pettipas report, today expressed regard that it had arrived too late for the M. P. B. meeting.

Making further reference to the track and field possibilities in the Maritimes, Mr. Fraser commented upon the wonderful meet held in the past season at Pictou, where Leigh Miller equalled the world record for 100 yards, and Hughie McLeod, the little Cape Breton runner under the tutelage of T. T. Trenholm, of Amherst, went out and defeated Hennigar and DeMar in a 10-mile race. As Mr. Fraser said, if there were more men like R. E. Mackenzie, president of the Pictou A. A. C., track and field meets would be real features in the east.

Rangers Have First Workout

SPRINGFIELD, Mass., Oct. 30.—Manager Lester Patrick, and his New York Ranger puckmen of the National Hockey League enjoyed their first actual practice of the season yesterday when they drilled for an hour on the west side arena surface.

Every member of the Ranger squad except John Ross Roach and Myles Lane took part in the workout. Roach, new goalie from Toronto, has not reported here yet, Lane, former Dartmouth star, is due today.

Coach Frank Carroll and his champion Springfield Indians of the Canadian American League, also held their first ice drill of the season yesterday, with every man present.

Both the Rangers and Indians will hold sessions from now until their respective schedules begin.

Stars Cautioed

MONTREAL, Oct. 30.—A caution has come out from National Hockey League headquarters here to all players holding out that unless they come to terms by Thursday, November 1, they will be suspended by the league.

According to latest information, the hold-outs are confined largely to Pittsburgh Pirates and New York Ranger clubs, with Dolly Dolson, former Stratford goalie, on the outs with Detroit over terms and not yet reported.

The Rangers have "Dutch" Keeling and Thompson as hold-outs, with Frank Boucher sort of half and half, though his case may be regarded as settled. The Pittsburgh situation appears to be in a merry tangle, reports indicating that all from Manager Odie Cleghorn down, are seeking more than the owners are prepared to give.

Will Race Ouafi

PHILADELPHIA, Oct. 30. — Ken Milua, Philadelphia marathon and cross country runner, turned professional Saturday and will race against El Ouafi, the Franco-Algerian Olympic marathon champion and Jole Ray, American distance king, in a fifteen-mile race at the Arena here next Tuesday night.

Stomach Signals; Read Them Right

PROBABLY that belching after eating is nothing more than the sign of excessive gastric acid. It is well to know how easily this may always be remedied. Quick and complete relief can be obtained by taking a little "Pape's Diapepsin" after eating or when pain is felt. So remember this for your comfort, and that constant gas on the stomach does not drip into gastritis!

"Pape's Diapepsin" instantly neutralizes the excess stomach acid and soothes, heals and strengthens the inflamed stomach lining, promoting normal, painless digestion and thus helping to prevent future trouble.

For many years millions have used and recommended "Pape's Diapepsin" for the speedy and sure relief of indigestion and allied stomach troubles. Follow their example! Get a 40-cent package of "Pape's Diapepsin" from any druggist; no matter how severe your stomach troubles you will get relief.

FOOTBALL

This afternoon at 3:30 on the Abegweit Grounds, the Prince of Wales and Second Saint Dunstan's will clash for the third time this season.

The game today promises to be full of thrills, as both teams are out to win, and the spectators will be given lots of action from start to finish.

The first game played between these teams was a draw, and the second one was taken by the Prince of Wales.

Both teams put up great football, and today's fixture should be the best yet.

"Sore Healed Quickly—Have you a persistent sore that refuses to heal? Then, try Dr. Thomas' Electric Oil in the dressing. It will stop stinging carry away the proud flesh, draw out the pus and prepare a clean way for the skin. It is recognized healer among oils and numbers of people can certify that it healed where properly applied.

Inventors of a device to arrange colors in a sort of musical scale claim that the colors cannot be successfully blended unless their component parts harmonize.

Joe Brown Will Come To Halifax

Frankie Burns, the well known boxing promoter and manager has completed arrangements to bring Joe Brown of Detroit, to Halifax, so that he may train for three weeks with Roy Mitchell. The latter has an offer to go to Chicago to fight one of the best light heavyweight fighters of the world.

Joe Brown is declared by Burns to be one of the cleverest welterweights ever to visit these parts. He has the same style as Jack Malone. Brown got one decision over Jack McKenna and was also awarded a close decision over Louis Nemis.

Street car lines of two Swiss cities are experimenting with emergency air brakes that apply carbon dioxide faced shoes to the rails instead of the wheels.

A motor operated crane, capable of lifting heavy loads, that can be mounted on a tractor has been invented by Germans.

BRIDAL SHOWER

Mrs. Percy Proud and Mrs. Beagh Horne were joint hostesses at the former's home in this city Monday night, when a kitchen shower was tendered. Mrs. Walter Heartz, nee Miss Della Mathieson, who recently returned from her honeymoon trip, Mrs. Heartz received a large number of useful gifts. The humorous verses attached to each were read by Miss Eva Beer. Refreshments were served during the evening and a very enjoyable time was spent.

"PEERLESS" English Fox Netting. Every roll guaranteed perfect. Sold only by THE ROGERS HARDWARE CO., LIMITED.

A NEW INSTITUTE

A new institute was organized at Stanhope by the Supervisor, Miss Schurman on October 5th in the schoolhouse. The following were the officers elected: — President, Mrs. Rupert Ross; Vice President, Mrs. Annes Macdonald; Secretary Treasurer, Miss Dora Doyle; Directors, Mrs. Jan. McLaughlin, Mrs. Theas. Morgan, Mrs. Geo. Ross; Auditors, Mrs. L. Marshall, Mrs. Percy Doyle. The regular day of meeting is the first Wednesday of every month, the first meeting is to be held at the home of Mrs. James McCabe when Roll Call is to be answered by Christmas suggestions.

COLD SNAP

"Jack Frost" made himself felt throughout the province on Monday night and Tuesday morning last, but reports coming in from various points state that as yet he hasn't got in any damaging work with reference to vegetables and other farm products yet in the ground. This time last year weather conditions were much the same as is now being experienced. On October 28th, 1927, the weather was clear and cold with a slight change in the atmosphere toward night when it rained heavily. The following day was much the same. On the 30th considerable hail fell, later developing into a light snow fall, turning colder towards night. The maximum and minimum temperatures on the 28th and 29th, 1927 were 46-35; 44-35; comparing favorably with Sunday and Monday of this year, when the temperatures read, 46-34; 50-36 respectively.

SPLENDID CONCERT

The pupils of grades five and six of Rochford Square School gave a very delightful Halloween concert in the Music Room yesterday afternoon and was attended by a large number of boys from Queen Square School and parents of the children. The programme which was well balanced and was carried out in a praiseworthy manner and elicited hearty applause and many complimentary remarks from those present.

The good Sisters of grades five and six are to be commended for the splendid way in which the children are being trained. The following was the programme: March, Nan Lightizer; "A Song of Cheer", Grades five and six; "A Little Quaker Sinner", Beatrice Green; "Pat in Trouble", Annie Lappin; Genevieve Harley, Gene DeRoches, Beatrice Egan; "The Witch's Message", Margaret Purser; "Their Golden Wedding Day", Annie Mullen, Margaret Prowse; Orchestra Selection, grades five and six; "The Good Sisters", "The Witch's Message", "Pat in Trouble", "The Wind and the Crooks", Grades five and six. The majority of the numbers were staged in appropriate and very pretty costumes.

HASTY TRIP AWAY

Miss Thankful Newson, Cornwall was called to take a hasty trip to Boston, Oct. 1st, being requested to go to see her brother James Newson, who was ill, living alone in his home at 85 Tuttle St., Dorchester Mass. Mr. Newson's health failed early last summer, obliging him to resign a responsible position that he held, he being the faithful sexton of the First Baptist Church of Boston, Mass., for over sixteen years. He visited his Island home last summer and while on a vacation here was so ill as to need the

Roach Is Traded Cochet and Wills Picked as Best of Tennis Stars

NEW YORK, Oct. 30.—Realizing that the slow but effective playing of his wing man, Babe Dye and Punch Broadbent, must be balanced by speed and youth on the reserve line, Tommy Gorman, manager of the New York Americans, has traded the popular veteran "Mickey" Roach to Niagara Falls of the Canadian Professional Hockey League, for the speedy, hardhitting Billy Holmes.

| Joseph Berrigan | 93 |
| Cecil May | 91 |
| Harold Cudmore | 90 |
| Ira C. Auld | 90 |
| Leith McKinnon | 87 |
| Clayton Matthew | 87 |
| Frank Hughes | 86 |
| Roland Bearstro | 85 |
| Miller Bearstro | 85 |

The annual prize shoot will be held Thursday, Nov. 1st. If not fine following day. Shoot starts at 9 o'clock a. m.

THE HALLOWEEN APPLE

The consumption of apples in Canada is not heavy, considering the health giving properties of the fruit, and I certainly think if parents would make a point of seeing that the kiddies have a good supply of Canadian Halloween apples the children and the industry would benefit.

This is a statement made by the Dominion Fruit Commissioner, Mr. G. E. McIntosh, when interviewed regarding our 1928 apple crop. A ribbon of apples forty three inches wide, stretching from coast to coast could be made with this crop. This would require approximately one billion, eight hundred million apples or the October 1st, Department of Agriculture estimate of 2,958,360 barrels.

The apple is of particular and peculiar significance to the children at this time of the year. On October 31st a large proportion of the children in Canada look forward to their Halloween apples, and there are approximately 2,000,000 of these children ranging from five to fourteen years of age inclusive. Placed in a line across Canada there would be one child every three and a half yards, and placed alongside the ribbon of apples, each child would have as its share nearly nine hundred apples.

Canada has sufficient home-grown apples to satisfy the demand of her children for Halloween apples. A great many children will make house to house visits on the night of October 31st. Most households make provision in some way or another to send the kiddies away happy. Apples are good for children. Canadian apples are particularly good for children because they are good apples. What better could be stocked to meet this special demand than our home grown fruit.

Exports of apples for the fiscal year, ending March 31st, last, amounted to 884,389 barrels, or about 33 per cent of the total crop. Imports of apples for the same period amounted to 199,233 barrels. Based on that year's production of 2,811,100 barrels we have a consumption of 2,078,924 barrels of apples of commercial production which does not include many grown and consumed by the grower or sold privately. Based on these figures the per capita consumption of apples is approximately 132, only a long way off the "apple a day" necessary to keep the doctor away.

PERSONALS

Capt. T. G. Taylor, has arrived in the city from a visit to Montreal.

Mr. P. E. Murray, Station Agent, Bradshaw, left by yesterday morning's train on a well earned holiday, for Montreal and Boston.

The many friends of Mrs. J. H. Woods, of this City, will be pleased to learn of her rapid convalescence after her recent serious illness.

Miss Dorothy Cox, of Summerside, now training as a nurse in a Boston Hospital and who came home recently to attend the funeral of her father, the late Mr. Russell Cox, left on return Friday last.

Dr. Gordon of Montreal is in the city, having been called here for consultation regarding the condition of Mr. John T. McKenna.

Miller's Worm Powders will purify the stomach and intestines of worms so effectively and so easily, and peacefully that the most delicate stomach will not feel any inconvenience from their action. They recommended themselves to mothers as a preparation that will restore strength and vigor to their children and protect them from the debilitating effects which result from the depredations of worms.

Minard's Eucalypt for Asthma.

Minard's Eucalypt for Asthma.
