Norman Brown has returned to his old home at Covehead after having spent many years as boss carpenter in the United States. His brother George leaves for the States on Monday next.

H. Stanway, city, while coming out of the Post Office yesterday was seized suddenly with an attack of illness and collapsed on the walk. He was driven to his home and medical attendance was procured. His condition was improved at a late hour last night.

One of the most successful concerts yet held in the Salvation Army Citadel in this city was held Thursday night. There was a particularly large attendance, the spacious hall being filled to the doors. The numbers, which included dialogues, recitations, character sketches, musical numbers by a stringed band and the Army Band, were most pleasingly rendered and reflected great credit on the performers. That they were pleasing to the audience was clearly evidenced in the hearty manner in which the audience received, every number being most enthusiastically applauded.

A Covehead Road correspondent says: "The farmers of Covehead are still taking advantage of the good sleighing to finish their winter hauling."—Norman Brown, late of Boston, Mass., has bought his brother George's property; and is beginning to make extensive improvements. He has torn down his old pigery and is going to put up a more modern one; he is going into hog raising even more extensively than his brother. Some of our popular young men are contemplating matrimony. The many friends of Mrs. P. Goodman are pleased to see her out again after her recent illness. Samuel Woodbridge is hauling mud from Winter River. Thomas Woodbridge intends building a hinery and pigery this coming summer. R. P. Lank intends building a new barn next summer.—Wallace McDonald is going in for extensive lumbering.—The Go Preachers are holding their Sunday meetings at the residence of William A. White. Covehead Road school is vacant; the late teacher had to resign owing to illness in her family.—Mrs. William Brown is soon to leave for Boston, Mass. She will be much missed in religious circles in Covehead where she has always been a leader. Norman Brown has just stored his summer supply of ice.

The Northern Institute meeting will be held in Cavendish hall on Monday, April 3rd at 2 o'clock. J. A. Clark of the Experimental Farm, Charlottetown, will address a meeting. Subject, seeds.

Mrs. L. G. Henry, city, retired last evening from Summerside where she had been attending the funeral of her uncle, the late Charles Morphy, which was held yesterday.

The Northern Institute meeting will be held in Cavendish hall on Monday, April 3rd at 2 o'clock. J. A. Clark of the Experimental Farm, Charlottetown, will address a meeting. Subject, seeds.

Miss Lottie E. Jenkins, who has been spending the winter in the city, has returned to her home in Mount Herbert, Lot 48. She was accompanied by her friend, Miss Agnes Gillespie, Sherwood.

The Nulife advertisement which appears on page seven of this issue should be read by all who need a good blood and nerve food. Nulife (Red Blood Tablets) will quickly restore the body to physical vigor and are famous as a spring tonic. All particulars can be read in ad.

The District Convention of the S. of T. met in Cornwall on Saturday afternoon last, quite a number of delegates from the different divisions of the district being present. The reports were encouraging and showed that a good deal of interest is being taken in temperance work by the young people. A public meeting was held in the evening, and was well attended. As usual with the Cornwall Division a good programme was well rendered.

Many friends in this Province will regret to hear of the sudden death of Dr. R. J. McCormack of Roxbury, Mass., on Wednesday, 29th. The deceased was one of the leading physicians of Roxbury and enjoyed a large practice. He was a native of this city and for a number of years he was a clerk at J. B. McDonald's dry goods store. He visited here four years ago and was a guest of the late Dr. F. F. Kelly. His nephew Charles J. McDonald of St. Dunstan's College, has gone to attend the funeral.

Franklin and Mrs. Boyer of Bumbury returned home yesterday from a three months' trip to the United States. They visited Washington, D. C.; St. Louis, Mo.; Pittsburg, Pa.; the State of Texas and several of the Southern States. At Washington they stayed with J. Walter Jones and Mrs. Jones (daughter of Mr. and Mrs. Boyer). Mr. Jones has an excellent position in the agricultural department of the Government. They attended various sessions of Congress and heard the debate on the reciprocity question.

The People's Theatre of this city has earned for itself an enviable reputation as an amusement resort. When a statement of this sort is made the factors which tend to such a result are often challenged, but in this case all claims are fully substantiated. A popular moving picture show must have good pictures, and those introduced in The People's are of the very latest and most up-to-date service obtainable. Their moral tone has a high standing; nothing in the least objectionable ever passing over the screen. The music must be of a high order. That the proprietress appreciates this fact is shown by her enterprise in securing Emory H. White, the noted New York tenor, as vocalist. Mr. White has a superb voice and has quite taken the patrons of The People's by storm, his clear enunciation and splendid stage bearing captivating his hearers. Mr. White is quite surprised with The People's Theatre, stating that he never sang in a more orderly or better managed house. Its cleanliness also commends it to those who appreciate the efforts of the management in this and all other respects, and such a general satisfaction at such a low price is well deserving of an even greater patronage than it now enjoys, if indeed that be possible.

If you need a good spring tonic take our Compound Syrup of Hypophosphites. There's nothing better for building up the nerves, improving the appetite and restoring the health in general. 75c. bottle. E. A. Foster, Central Drugstore, Sunnyside.
