NOTICEABLE success is marking the career of John Stevenson Smith, son of John Lewis Smith, New Glasgow. He graduated from the Prince of Wales College and after teaching for two years he entered upon his theological course at Hiram College, Ohio, President Garfield's Alma Mater. He preached for three years in large churches, and in the fall of 1893 entered the State University of Iowa where he took a two year's course. He then entered the University of Illinois from which he graduated on June 13th with the degree of L. L. B.

YESTERDAY, the regular annual series of Farmers' Institute meetings was begun at Eton, and at East Point. The meeting at Eton was addressed by Duncan Anderson of Rugby, Ont., who is so favorably known all over the province, and by Robert Agnew, of Wilnot. Mr. Anderson has had forty-eight years experience as a farmer, and has been eminently successful. In order that he might be free to devote his whole time to Institute work, he has disposed of his farm and is retiring to Orlino, At Eton he spoke on Soil Cultivation, while the rotation of crops was discussed by Mr. Agnew. Today they speak at Commercial Cross, tomorrow at Cardigan, Thursday at Bridgetown, Friday at New Perth, and Saturday at Millville. It was expected that T. H. Mason of Stratfordville, Ont., would have been the other foreign lecturer, but on account of illness he was unable to come. His place has been taken by D. Drummond of the Live Stock Department. Mr. Drummond is also well known on the Island as he has judged the dairy cattle for several years at the Provincial Exhibition. He and David Macdonald, of Glenfennan were the speakers yesterday at East Point. This week they will address meetings at Bay Fortune, Rollo Bay, St. Peters, Morell and Mt. Stewart.

The impressive service of ordination was held on June 10th at St. John's Church Truro, administered by Bishop Worrell. The Rev. G. Martell of Malton acted as Bishop's Chaplain and the aged Dean Gilpin also assisted.

The Archdeacon of Nova Scotia, Rector of St. John's Truro, preached the sermon from the text, "As My Father hath sent Me so send I you." It was one of the largest ordinations ever held in Nova Scotia, there being twelve candidates, five for the Priesthood, and seven—the historic number—for the Diaconate. Those admitted to the order were as follows—Rev. Alfred E. Rice, Burgh College England, Dominion, C. B., Rev. J. A. Weagle, King's College, Falmouth, Rev. C. R. Harris of Charlottetown, King's College, Margrave, Rev. D. V. Warner, King's College, Lockeport, Rev. G. W. H. Troop, Montreal, of the Diocesan College, St. Pauls, Halifax. The Deacons being Harry Cook, England; H. L. Haslam, Wycliffe College Toronto; A. E. Dentith, Harrietsfield; H. Lane England, C. M. Baird, Acadia College; W. T. Suckling now in Charlottetown King's College, Truro; R. T. Casson, Fredericton.

One name among the Deacons will be especially interesting to Prince Edward Islanders—that of Leonard H. Haslam of Springfield, whose family has already given one son Rev. R. H. A. Haslam to the Church. Although having had many drawbacks from ill health Rev. H. L. Haslam has passed his examinations very creditably. His field of labor lies in the important parish of St. John's Lunenburg under Rev. G. C. Wallis.

The meeting of Victoria Division of the Sons of Temperance, last evening was one of much interest. One new member was duly initiated. Letters were read from Brother S. Thompson and J. Chappell, of Toronto, two old members of Victoria. An excellent program was rendered, including a beautiful Scotch song by the Chaplain. Next Monday will be the election of new officers, when every member is expected to be present.

JOHN A. WICKHAM, who, according to the St. John papers is a Prince Edward Islander, was arrested a few days ago in St. John, on suspicion of obtaining money under false pretences. Wickham went into a drugstore and said that his little daughter had by mistake purchased a bottle of liniment there. The bottle was passed over and Wickham received the value. He tried this trick at a number of stores and finally the police gathered him in.

A good, honorable man, a worthy citizen, and a consistent Christian, passed out of this mortal life, when John Macpherson, died last night, at the home of his son-in-law, H. A. Houle, Trackmaster of the Prince Edward Island Railway. He was a well known man in this city and numbered friends in city and country, who all esteemed him for many admirable qualities. Mr. Macpherson had almost reached his 81st year, and maintained almost up to the last, the splendid health which had all his life supported an exceptionally fine physique. He was a true type of the "sturdy Scot", having emigrated from Renfrew, Scotland, in the year 1890, to New Brunswick, where for many years he was engaged in railway construction. In 1872 he came to Prince Edward Island to work on the construction of the Railway. On the completion of that work he was employed as track-master till the year 1891, since when he has occupied a position in the Freight Department. He has been a consistent member of his church and was an elder of St. James Kirk of this City. He is survived by four daughters—Mrs. Morrison and Mrs. Nettles in the United States, and Mrs. Houle and Mrs. McLeod, Charlottetown; and one son, John, also in Charlottetown. His wife died three years ago. He was a Free Mason and a member of the Railway Clerks' Brotherhood. In all his relations with his fellow men he was appreciated and liked; and his taking away, even although his life had overrun the allotted span, will be sincerely mourned.

THESE MEDICAL FACTS

You Can Study With Profit.

How few realize that twenty-five per cent of all diseases have their origin in some interference with the function of elimination.

The whole body exists by reason of the transmutation of fluids through its component parts.

Up to a certain point the body has power to object to destructive elements, but this power is limited.

When it happens that the body is loaded with wastes and poisons, which it cannot eliminate, fermentation, decay, and germ life run riot through the blood.

Serious illness is the result unless nature is assisted by a cleansing tonic like Dr. Hamilton's Pills, which are purely vegetable, contain no mercury, no opium, no injurious metallic ingredients of any kind.

Such a medicine is the greatest possible assurance to every man and woman of health, spirit and contentment.

Grand results are achieved, and famous cures made every day by Dr. Hamilton's Pills as this letter proves.

From Newfoundland, Miss Lillian Anthony, of Upper Gullies, Conception Bay, writes: "In praise of Dr. Hamilton's Pills, I must say that I have used them with grand success for three years. They never fail to cure me of indigestion or constipation. Formerly my face was full of pimples, but now my complexion is clear and ruddy in more ways than I care to mention. I have Dr. Hamilton's Pills helped me; they would be good for every woman to use."

Insist on having only Dr. Hamilton's Pills, 25c per box or five boxes for \$1.00 at all dealers, or by mail from N. C. Polson & Co., Hartford, Conn., U.S.A., of Kingston, Ont.
