A complete house furnishing catalogue has just been issued by the Montague Furnishing Co. Ltd. of Montague of which D.L. McKinnon is president and L. M. McKinnon secretary-treasurer. The catalogue contains no less than sixty pages, enclosed in an attractive cover and shows illustrations of the immense variety of furniture kept in stock from beautifully upholstered parlor suits to children's chairs etc. Pianos, organs, sewing machines, phonographs, carpets, rugs, wall paper, curtains etc. are also shown and described. Altogether the catalogue is more than creditable to the firm. Their store would be a credit to any town, being one of the largest in the province. The managers are also qualified embalmers and carry the full equipment necessary for conducting an up-to-date funeral directing business. "There are eleven electrical weighing and packing machines in the "Salada" Tea Company's Toronto warehouse. A single one of these machines, that packs pound packages exclusively, turned out last year considerably more than 1 million pounds of "Salada." This single machine therefore, packs sufficient tea to supply each family in Canada with one pound annually. The space it occupies is only six cubic feet.
