

REBELS CAPTURE STRATEGIC COASTAL CITY

BRITAIN AND U. S. IGNORE JAP WARNING

Franco's Legions Drive Loyalists From Castellon

Complete Occupation Of "Gateway To Valencia" After Hours Of Street-fighting.

By JEAN D'HOSPITAL
Copyright 1938 by the Havas News Agency
CASTELLON de la Plana, Spain, June 14—(Tuesday) (C.P.) Havas)—Insurgent General Franco's victorious legions today were complete masters of this strategic provincial capital, gateway to the Valencia plain.
After fighting their way for hours street by street and house by house into the heart of the town, the insurgents shattered the final remnants of resistance and announced total occupation by 7:15 o'clock last night.
The insurgents preceded capture of the town by taking Grao de Castellon, the Port of Castellon de la Plana. Formal entry into the town, with blaring bands and parades, was expected to take place later today.

Government Aid For Homeless

(C.P. By Guardian's Special Wire) QUEBEC, June 13—Settlers rendered homeless by devastating forest fires in the Gaspé region will receive government aid, it was announced today.
Forced to flee before the flames over the west-end, the colonists around the hamlets of Chertbourg East and Chertbourg West are being taken care of by inhabitants of nearby villages, and quick action is to be taken to rehouse the more than 30 families, government officials said.
Minister Ouesime Gagnon and J. E. Lafore, deputy minister of Colonization, are at the scene making a check of the loss, and on their return to Quebec, measures will be carried out to rehabilitate the homeless persons.
In the two villages, more than 30 settlers' cabins were laid ruin and two schools and a sawmill were destroyed.

Advice For Chamberlain

Accented with gestures, Prime Minister Neville Chamberlain recently received some advice from his sister-in-law, Lady Austen Chamberlain, as he left No. 10 Downing St. Mr. Chamberlain is now in the second year of his premiership.

BRITISH HOUSE WILL RESUME SESSION TODAY

Premier Chamberlain Prepares Statement On Spain For Commons.

LONDON, June 13—(C.P.)—Prime Minister Chamberlain prepared today to meet parliamentary opposition arising from the bombing of British ships in Spain. He conferred at length with Foreign Secretary Viscount Halifax and other aides.
With the reassembly of parliament tomorrow after a fortnight's Whitsuntide recess, there was every prospect of lengthy questioning about Spanish insurgent air bombardments of seven British vessels and the British-owned port of Gandia on the Mediterranean.
The government was expected to take no aggressive step against Insurgent General Franco because of the bombings last week, but an attempt may be made to work out a system of neutral zones for foreign shipping to Spanish government ports which do not handle war materials.

Committed To Trial In Alleged Attempt To Kidnap Viscount

OXFORD, England, June 13—(C.P.)—Trial of John Bruce Thornton on charges arising from an alleged attempt to kidnap Viscount Nutfield, automobile manufacturer and philanthropist, will be held during the Birmingham Autumn assizes.
He was committed for trial today after pleading not guilty to charges of inciting Major Arthur Ramsden to take part in a kidnap conspiracy and illegal possession of firearms. Major Ramsden is chief prosecution witness against the 50-year-old accused.
Defence counsel indicated the probable defence when they told the court of the scheme was "a mad-headed, laughable one" and suggested Thornton was merely boasting to Major Ramsden and urging him to make the attempt in hope of getting a reward from Lord Nutfield.
Major Ramsden, a former royal artillery officer, testified at a hearing last Thursday that Thornton planned to disguise himself, force the motion manufacturer on a yacht, and obtain a letter of credit for 100,000 pounds (\$500,000) through threats of a surgical operation.

WILL CONTINUE ACTIVITIES ON YANGTSE RIVER

Japanese Troops And Warships Drive Up-river Toward Hankow.

SHANGHAI, June 14—(Tuesday) (A.P.)—Japan pointed warships and troops from fallen Nanking today for a 215-mile drive up the Yangtse River against the Chinese provisional capital of Hankow.
In the path of the advance, at the upper limit of a "danger zone" foreign in a Japanese warning to foreign shipping, lay British and United States gunboats.
While Great Britain has not replied officially to a Japanese note asking that its naval vessels be removed from the path of the advance, it is understood Vice Admiral Sir Percy Noble, commander-in-chief, has taken the stand that Britain had no intention of restricting activities of its warships on the Yangtse. He is understood to have expressed belief it is Japan's responsibility to distinguish between neutral and Chinese shipping.
The United States Government Sunday rejected the warning by informing Japan it would not restrict its naval operations.
Nanking, capital of Anhwei Province, fell yesterday before combined Japanese naval and land forces and today the invaders prepared to push on against Hukow, 64 miles up the river.
Warships shelled Chinese positions upstream and troops drove along the banks of the Yangtse for a joint attack on Hukow.
On the north end of the curving front aimed at Hankow, flood waters of the Yellow River and Chinese counter attacks were reported capturing hourly to the handicaps against the Japanese efforts to capture Chengchow, junction of the Peiping-Hankow and Lunghai railway 300 miles north of Hankow.
Waters sweeping along the Lung-hai crossing were said to have surrounded Kaifeng, and other towns.

PURCHASE OF AIRPORT TO BE INVESTIGATED

Routine Business Transacted At Monthly Meeting Of Council.

Immediate investigation into the possibility of the City of Charlottetown acquiring a municipally owned airport will be undertaken, it was decided at the monthly meeting of the City Council last night. Purchase price of the present port would be ascertained and if not suitable a new site would be selected. Mayor E. A. Foster announced. Considerable money would be provided by the Dominion Government for improvement work as soon as an airport site was provided by the City, it was said.
Last night's meeting was confined mainly to routine business. Henry Laphorn was welcomed back after several months absence through illness. Reports were submitted by Coun. R. C. Chandler, fire; Coun. J. E. Hennessy, streets; Coun. Dr. J. E. Blanchard, public property; Coun. Dr. F. C. Dougan, tenders; Coun. Henry Laphorn, unemployment and relief; Coun. James T. McKee, fire and light; Coun. B. R. Holman, market. The police report was read by Dr. Blanchard in the absence of Health Commissioner. The health report was read by Dr. P. A. Creelman and the meat and milk report by Food Inspector Dr. I. E. Croken.
Tenders would be called for street paving, for both asphaltic and concrete base, it was decided. Streets to be paved would not be decided until next meeting. Meanwhile men would be put to work at once placing concrete on parking spaces in Queen Square.
Coun. Laphorn told the meeting 110 men, 28 married and 84 unmarried, who had been registered as unemployed had not yet been

COMING EVENTS

- **We expect to make a shipment of calves to Montreal during week of June 20th, and will load as follows: June 20, afternoon. Source and Charlottetown; June 21st, 12-3 p. m., Albany. Farmers having calves to offer, at intervening points, please list with local secretary at once. Will probably take a few old cows at same time. Livestock Marketing Board. L-1398-6-13-21.

Liberal Family Quarrel Aired In The Senate

Stormy Session Over Lunenburg Liberal Senator's Scathing Criticism Of Transport Minister Howe.

OTTAWA, June 13—(CP)—A violent hurricane lashed the senate tonight, blowing, appropriately enough, around ships and shipping. Its centre was Hon. William Duff (Lib., Lunenburg), and its cause some remarks he had made last Wednesday night about transport minister Howe.
Before it subsided the chamber was told the minister had on a past occasion called the senator "a damned big windbag."
"Instead of knocking him down as I should have," said Mr. Duff, "I just walked away."
The tempest developed when, on a question of privilege, government leader Dandurand drew the house's attention to "some disparaging remarks" made by Mr. Duff about the minister. Quoting from Hansard, the Government leader cited the senator's observation as follows:
"Much worse than the Chinese who are retreating day by day from the Japanese, much worse than the Spaniards who are retreating from the Insurgents, the minister of transport retreated all along the line this year and last year, because all he had in mind when he introduced the legislation was the protection of certain interests on the Great Lakes in which he was interested."
The legislation referred to was the government's transport bill. "As to the animus shown by the hon. gentlemen," Mr. Howe's letter said, "I may say that this is no surprise to me as in my ministerial capacity I have had occasion to differ with him in matters in which it was my duty to

Austrian Debt Issue

A statement was awaited also regarding Germany's refusal to assume responsibility for Austria's external debts following the Austro-German union of March 13. Germany was understood to have sent London a memorandum on this subject but not closing the door to conversations about the loans.
(Representatives of eight nations which in 1923 guaranteed bonds for a \$50,000,000 Austrian loan, voted Saturday to protest unanimously against Germany's stand that she was under "no legal obligation" to assume the debts.)
The Times, independent, said editorially a cabinet reshuffle was needed because "there is widespread feeling that more will have to be made in the end of available talents and that the cohesion and strength of the government rest too much on the shoulders of Mr. Chamberlain."
Informed sources stated a new British protest on the ship bonds was handed to insurgent authorities during the week end by Sir Robert Hodgson, British agent at Burgos.
In a verbal reply, it was understood the Insurgents declared the vessels concerned had "usurped" British nationality and had flown the Union Jack to benefit from its privileges. The Insurgents were understood to have given Sir Robert a list of the bombed vessels, with the nature of their cargoes and the reported non-British origin of the ships.

NORTH RIVER BRIDGE IS DISCUSSED

Bonshaw Meeting Endorses Project And Circulates Petitions.

A largely attended meeting at Bonshaw Court House last night endorsed a resolution advocating building a bridge across North River near the ferry road at York Point to Brighton Shore at Charlottetown. The resolution was moved by Mr. E. J. MacMillan, York Point, and seconded by Mr. T. Beaton, Bonshaw. Speakers included: Messrs. Gordon, MacMillan, Cornwall, W. R. Shaw, deputy minister of agriculture, J. H. Myers, Hampton, J. C. Brudenor, Charlottetown, Daniel Taylor, Nine Mile Creek, Hon. T. W. L. Prowse, Charlottetown, Charles Chandler, Charlottetown, Angus McPhee, M. L. A. New Haven, E. J. MacMillan, York Point, J. Walter Jones, Bonshaw, L. A. Bunbury, L. L. Jenkins, Charlottetown, Chester Shaw, Charlottetown, W. A. Gaudet, Charlottetown, Malcolm MacKinnon, Churchill, Mr. P. Alan Stewart, M.L.A., Strathgarny, was chairman. All speakers endorsed the project.
At the meeting petitions were distributed to be circulated in each school district in the territory interested in the bridge. Future meetings are contemplated when a delegation will be appointed to wait on the government.
It was mentioned by some speakers that the present North River Bridge is becoming unsuitable for the heavy traffic it is being called on to carry and that its rebuilding will soon be necessary. The advantages to both city and country of constructing the bridge further down the river was stressed.
The court house was filled to capacity, many being unable to obtain seats. Representatives were principally from Rocky Point, York Point and the territory between there and as far west as Tryon

QUADRUPLETS DOING WELL

Multiple Birth At Liverpool, England.

LIVERPOOL, England, June 13—Three baby boys and a girl—total weight 16 pounds 10 ounces—were born today to Mrs. Esther Taylor at five-minute intervals. Tonight the babies were declared to have good expectations of life.
Physicians stated the quadruplets were about one month premature but that they and their 29-year-old mother are doing "very well." They were both in Walton Hospital where ample preparations had been made following an X-ray examination several weeks ago which showed Mrs. Taylor was carrying four infants.

Cadet Succumbs To Gunshot Wound

KINGSTON, Ont., June 13—(CP)—Brooding over the recent death of a chum after a friendly scuffle, Cadet H. G. Campbell of Port Arthur was found dying in his dormitory at Royal Military College today of what authorities said was a self-inflicted gunshot wound. He died in hospital a few hours after.
Hon. Ian Mackenzie, minister of national defence, cut short his address at the presentation ceremony in Sir Arthur Currie Hall. The cadet company had just come off parade to enter the hall when the discovery was made.

Moncton Girl In Critical Condition

MONCTON, N. B., June 13—Ruth LeBlanc, 13, remained in a critical and precarious condition tonight. Her father, Claude LeBlanc, 40, was remanded today to Friday on an assault charge. The girl suffered a skull fracture when struck with an iron bar Saturday.

FIND WRECKAGE OF AIRLINER

Nine Died In Crash Of Big Airship.

YOSEMITE, Calif., June 13—Guided by a young mining prospector, a party of more than 50 persons, travelling by horseback and skis, reported late today it was nearing snow-blanketed Buena Vista Park, where a wrecked \$85,000 trans-continental Western Airliner, missing with nine persons aboard since March 1 was found yesterday.
H. O. Collier, 24, a gold hunter who stumbled upon the scattered wreckage, and five park guides hoped to reach the disaster scene before nightfall and make camp, preparatory to returning with the bodies tomorrow.
The shattered plane and bodies of the nine crew members and passengers were found by Collier near the summit of the 9,777-foot peak.
The region in which the airliner crashed on a flight from San Francisco to Winslow, Ariz., when adverse flying conditions developed, is one of the wildest in the Sierra Nevada.

Aberhart Planning Autumn Session?

(C. P. by Guardian's Special Wire) EDMONTON, June 13—Calling of a special session of the Alberta Legislature in the autumn was reported today to be slated for discussion when Social Credit members of the Alberta Legislature meet in caucus here June 27 and 28.
Premier Aberhart was not prepared to say whether a special session would be called but when the regular session of the legislature closed April 8 it was rumored a summer session might be called to consider undisclosed legislation.
A special session may be necessary in view of Federal housing legislation which, in order to permit British Columbia to take advantage of the Dominion loans, requires provincial cooperation; enabling legislation may have to be passed to authorize co-operation. It was mentioned by some speakers by the Alberta Government from Ottawa regarding the scheme.

Father And Son Trapped In Cave-in

(A.P. by Guardian's Special Wire) ASHLAND, Pa., June 13—Two anthracite miners, a father and son, were trapped tonight behind a 25 foot wall of rock after a cave-in at their coal hole.
John Craney, mine foreman for the Centralia Collieries Company, who organized a rescue squad, said he was contacted with the father, Peter Sinkoski, 6, through the wall, and that he learned both were safe. His son, Peter, Jr., 2, he said was "very well."
The men were working 5 feet below the surface when a makeshift device used for lifting coal from the hole broke and took out mine props. The rock fell blocking the

FORECAST

Maritime Provinces: Moderate to fresh northerly to westerly winds; fair and moderately warm. High tide this morning at 11.01 and tonight at 12.
Sun sets this evening at 7:47 and rises tomorrow morning at 4:12.
Last quarter moon June 20, 9:52 P. M.
Summerside tide eighteen minutes later than Charlottetown.

Institute For Blind In Annual Session

(C.P. By Guardian's Special Wire) TORONTO, June 13—L. M. Wood of Toronto today was elected president of the Canadian National Institute for the Blind at the annual meeting here. New members named honorary vice presidents were: Hon. Robert Irwin, Lieutenant Governor of Nova Scotia; Hon. George DeLoach, Lieutenant Governor of Prince Edward Island; and Hon. Murray MacLennan, Lieutenant Governor of New Brunswick.

Tea for every Taste

"SALUDA" TEA

RETURN SUICIDE VERDICT

(A.P. By Guardian's Special Wire) GENEVA, Ill., June 13—Mrs. George C. Moseley, 44, former sister-in-law of the Duchess of Windsor and socially prominent in Chicago, was found dead in her garage today with the engine of her automobile running. A coroner's jury returned a verdict of suicide by carbon monoxide poisoning.
