—BIRTHDAY ANNIVERSARY.—Mrs. B. C. Allen celebrated her 75th anniversary at her home, St. Nicholas on Friday evening when a large number of friends gathered together at her home, where a very enjoyable evening was spent. The party dispersed shortly before midnight for their respective homes wishing Mrs. Allen many more years of pleasant life and enjoy many more birthdays.

—HOUSE DESTROYED.—The home of Mr. Malcolm Kelly, Sherbrook, was completely destroyed by fire about five o'clock Thursday evening. Mr. Kelly was away from home at the time, and Mrs. Kelly had been lying down. About four o'clock she discovered that fire had started between the floors in the bedroom over the kitchen and the blaze made such rapid headway that the whole house was shortly in a seething mass of flames. Neighbors turned out and saved some living room furniture, but other than a few pieces, the contents of the house were burned. Mr. Kelly's loss will be quite heavy as the house was a modern one and was well furnished. There was small insurance on the house and none on the furniture. A sum of money was also lost. There had been no fire in the house since early in the morning, and since the blaze started a distance away from any stove pipe, the origin of the fire is unknown.

IN MEMORIAM

In loving remembrance of Mrs. Thomas Clark, who departed from this life on June 15, 1919.
'Tis hard to break the tender cord
When love has bound the heart
'Tis hard so hard to speak the words
Must we forever part?
Dearest Mother we have laid thee
In the peaceful grave's embrace,
But thy memory will be cherished
'Till we seek thy Heavenly face.

THE RAISING OF SHEEP

In introducing the estimates for his department to the House of Commons the Hon. Dr. Tolmie, Dominion Minister of Agriculture, pointed to the fact that in Australia there are no fewer than 80,000,000 sheep, in the United States 40,000,000, in Great Britain 27,000,000, and in Canada only 3,500,000. As shown in The Agricultural Gazette of Canada for May, efforts are being made in all the provinces to remedy this state of things. That is to say encouragement is being given to the raising of sheep in a variety of ways,—by pure bred rams being distributed or sold on easy terms, by the holding

of competitions, at which generous prizes are given for the best ewes and for the best flocks by obtaining the highest price for wool through the Department, and through the Co-operative Wool Growers' Association or by organized sheep sales, and, as in Ontario in particular, by placing flocks on a share basis. Amended legislation has also been passed for the protection of sheep from dogs. As a sample of the good work that is being performed, it might be mentioned that in Saskatchewan in the last four years the amount of wool consigned to the co-operative branch of the Provincial Department of Agriculture increased from 179 consignments, weighing 69,404 pounds, for which the average price realized was 17 3/4 cts., to 916 consignments, weighing 394,068 pounds, at an average price of 61 1/2 cts. per pound. The articles in The Gazette would imply that what has been done in Saskatchewan is also being accomplished in the other provinces of the Dominion.

Won't Stain the Pockets

The younger men, and particularly the better dressed men, prefer STAG Chewing Tobacco because it is so clean to carry, as well as so rich and satisfying in flavor.

STAG may be carried in the pocket without the need of it being wrapped.
