Impossible to be Well

It is impossible to be well, simply impossible, if the bowels are constipated. Waste products, poisonous substances, must be removed from the body at least once each day, or there will be trouble. Ask your doctor about Ayer's Pills, gently laxative, all vegetable. He knows why they act directly on the liver. J. C. Ayer Co., Lowell, Mass.

THE QUEEN'S COUNTY GUARDIAN

Head Offices in New Prowse Block---Charlottetown

The latest news, first of all.

Everyone should remember that Mr. Bartlett lectures tonight in Grace Church.

Frank Koughan, City who is ill of pneumonia, was reported very ill yesterday.

Alex. Martin has returned to the City after spending his vacation with Dr. and Mrs. Martin, Grand View.

Thankfully received at Falconwood Hospital from F. D. Hale, American Consul, also from Prof. W. A. Hawley, several packages of magazines and papers.

Carvell Bros., City, are advised that the steamer City of Ghent will leave Halifax for this port for the first trip of this season on Tuesday morning the 27th inst.

The highest temperature registered yesterday was forty six degrees above. At nine a.m. the temperature stood at thirty nine above and at nine p.m., at thirty four above.

Any person who intends going to Boston or New York, should consult W. K. Rogers Company, Limited, the representatives of the popular Dominion Atlantic Railway. A very reasonable rate is offered at the present time.

Any reader who receives a dirty or badly printed, or badly folded edition of The Guardian will confer a favor on the management by forwarding same promptly to the subscription department, when a well printed paper will be sent by return mail.

An interesting game of base-ball was played in the field behind the condensed milk factory, City, on Tuesday afternoon. The game was played between the junior Orlebars and Mic Macs and ended in a victory for the Orlebars. Score 27—5.

Carvell Bros, City, received a wire from Hawkesbury yesterday from Capt. Miller of the schooner Helen announcing his safe arrival from the Barbadoes to that port on his way to Charlottetown. The telegram read "arrived all well, wire ice conditions."

All "the boys" and the girls too were delighted at the manner in which Mr. Babbage acted his part in the Odd Fellows play two years ago. Everybody should go and see this same gentleman in "The Galley Slave" but it is not necessary to take vegetables.

There are several schooners at present in port here ready to sail, but owing to unfavorable winds and ice are afraid to leave port. As soon as conditions improve the schooner Daisy, Capt. Moran will leave here for Sydney, and Schr. M. Thorburn, Capt. Lord, will sail for Pictou for coal and then go to Victoria to load produce for Sydney.

The steamer Empress left Point du Chene about 6.30 yesterday morning, arriving at Summerside about 11.3. The Captain reported the ice in the straits very heavy, it taking him about two hours to work out of a jam between Cape Egmont and Cape Traverse, which will require a change of wind to cross again. The Empress brought over three cars flour, one car mixed freight and twenty passengers.

The mail service today will continue the same as yesterday. The Northumberland and Minto will leave this port at the usual hours, the Northumberland making the round trip and bringing the Nova Scotia mails. The Stanley will leave Pictou for this port at seven o'clock bringing the foreign mail and passengers. The Empress will not leave Summerside for Pt. du Chene unless the wind changes.

A meeting of the City Council was held last evening to hear and consider a report in regard to the proposed park in the east end of the City. F. H. Beer reported the terms on which Mr. Warburton would sell the lands required to the city for the purpose, the price being $1400 net. A number of citizens and Councillors spoke in favor of accepting this proposal and in support of establishing the Park. The matter will be further considered at an adjourned meeting of the Council.

The Black Diamond Line steamer Bonavista, Capt. D. C. Fraser, sailed from Louisburg last Friday morning with a cargo of coal for Montreal. This is the first trip up the St. Lawrence this season of any of the Dominion Coal Company's steamers, and marks the opening of the St. Lawrence summer shipments. The Bonavista will load a general cargo of freight at Montreal for Charlottetown, the Sydney's and St. John's, Nfld. The passenger accommodation of the Bonavista is equal to any of the larger passenger steamers, and the trip to St. John's and other points on the route is one of the most delightful summer excursions in the Provinces.

The remains of John A. Campbell of Suffolk, who died in Boston a few days ago arrived by the Minto yesterday and were forwarded to his former home.

A five o'clock tea was served in the parlor of First Methodist Church, city, yesterday afternoon by the young ladies of the Twentieth Century Mission Circle.

Guardian readers are reminded that the plans for the Odd Fellows play "The Galley Slave" opens this morning at 9 o'clock at Jamieson's and Rankin's drugstores. Every seat in the Opera House is a good one, but no necessary delay should be made in securing tickets.

A meeting of the farmers of Rollo Bay and vicinity was held on April 15th, for the purpose of organizing a Farmers Institute. A. McEwen was appointed Chairman. Professor Ross spoke on the good work done by the Institutes throughout the Island. After a few remarks the institute was organized with the following Directors: Wm. Howlett, Louis Deagle, John McKinnon, Edward Whelan, Joseph Deagle, Etherbert Perry, Wm. Mullaly, A. J. McDonald and Peter Vineau. The first mentioned was appointed president and Peter Vineau, Secretary. After a few remarks Prof. Ross spoke on the importance of good seed. Remarks were also made by James Howlett, A. J. McDonald and others. Before the meeting closed the following resolution was moved by A. J. McDonald of Souris West and seconded by James Howlett of Gowan Brae: "That a petition be sent to the Government to have Professor Ross devote his time to addressing the Institute meetings. After tendering a vote of thanks the meeting adjourned.

The funeral of the late Rev. Dr. C. A. Campbell, which took place Tuesday at Corran Ban was attended by an immense concourse of people who came from far and near to pay their last tribute of respect to the deceased. The church was crowded while the Solemn High Mass of Requiem was being celebrated. The celebrant was Rev. Terence Campbell with Rev. J. C. McLean as deacon, and Rev. J. J. McDonald sub-deacon. Rev. A. J. Cuntyre was Master of Ceremonies. His Lordship the Bishop assisted in the Sanctuary and after Mass pronounced the last absolutions in the church and at the grave. A special sermon for the occasion was preached by Rev. Dr. Foley, Rector of St. Mary's Cathedral, Halifax, with whom deceased had been for some time associated. The preacher paid a most feeling tribute to the departed priest, referring to his work, his self-sacrifice, untiring zeal and his fearless defence of the doctrines of the Catholic religion. His blameless life, he pointed out was an inspiration to all and was indeed worthy of imitation. In his death the Church and the country has suffered a distinct loss.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

The Minto arrived here from Pictou yesterday morning at 10.05, with thirty seven passengers, the mails, two cart flour, one car machinery, one car cornmeal, one car bags. The Stanley left this port at seven in the morning for Pictou and arrived shortly after ten.

Mr. Gravenstock, of Pictou, arrived in Charlottetown yesterday to arrange for a concert to be given in this city by the Pictou Orchestra Company. The company are most desirous of giving a performance in this city and as they are of high merit it is likely a subscription list will be opened in the near future.

There was lots of mirth at the Opera House last night when "The Hustler" by Morris Fealy, was presented. It was a clever farce throughout, well staged and supported by a good company. Jack C. Vernon, the Hustler, was intensely funny and was ably supported by C. W. Boyer, as the country constable and Randolph Deaborn, (Robt. H. Meredith,) who was in love with the rich Gen. Boomer's daughter, Flora, (Miss Lafleur.) The plot was an amusing one, in which "The Hustler" in endeavoring to secure the rich Flora for himself, marries her to her original lover, amid the brightest sallies from the different members of the company including the girl's father who first opposed the match in favor of "The Hustler". The Rev. Ezra Stiggins, Guy McGuffin and General Boomer, each took their characters in fine style, while Birdie Sweetlove, as the housekepper, brought down the house in her Irish song, and Miss Lucretia Spriggins, a schoolma'm, was most winsome. The bright songs, good dancing and witty local hits were much enjoyed, and the company should they again come to this City will no doubt be liberally patronized.

A considerable quantity of potatoes are being shipped from Charlottetown for the American market, McQuillan & Co., sending away fifteen hundred bags recently to Boston. Advices from New York state that new American potatoes are beginning to crowd the old stock and the foreign importations. The result is a decline in price which promises to move rapidly downward. The metropolis now has the first of the new Florida crop, which shows well for early digging, though a little green, and which is meeting a good demand. Dealers were paying $5 a barrel for the best of them, and the sales of undergrade were made as low as three dollars. Prices on other foreign tulers have also suffered a decline, English, Irish and Scotch potatoes in bags of 168 pounds, are selling from two dollars and forty cents to two dollars and fifty cents. Those from Belgium and Germany run from ten to fifteen cents less for the same weight. Recent importations lack in firmness and are in less demand than a week ago. Most of the old potatoes now in the shops are of the old Maine crop and dealers are paying three dollars for 180 pounds. Those coming in standard bags are selling at from two dollars and seventy cents to two dollars and eighty cents. The retail shops will sell these today at from ninety cents to one dollar ten a bushel, and in small quantities at the rate of about one dollar sixty a bushel.
