TOM MEDIUM JR.

Tom Medium, Jr., will be seven years old next July. He is a beautiful seal brown, with a glossy coat. Stands 16 hands high and weighs 1300 lbs. He has never been trained but promises to have as much speed as his sire Tom Medium (2.16 1-4). He is admired by all horsemen and has no equal on P. E. I. for style, bone and size. He enjoys the distinction of having the fastest inheritence as he possesses to a marked degree the blood of the world's champions. His sire, Tom Medium, (2.16 1-4), grand sire Riley Medium (2.10 1-4), great-grand sire Happy Medium. Tom's dam was Dolly B, sired by Neptune Lee (2.21). He by All Right, grand dam Bush Messenger. Tom Medium Jr's., half sister Lettie Lee sold for $300.00. Thus it will be seen Tom Medium Jr. could not be more suitably breed for stud services as in him are so perfectly blended the desirable strains which he so typifies in his commanding appearance.

Breeders it will pay you to inspect this horse before breeding your mares. You will conclude with the host who have visited him that he is a perfect beauty, just what has been wanted here for years. All breeders wishing to breed high-class harness horses should not fail to see this grand young stallion before breeding their mares. Tom Medium Jr. colts are to be found with first class breeders of Prince and Queen Counties and we will give a few of the names of men that have colts of Tom Medium: S. Mc. Kenna, Geo. McFarlane, A. McFarlane, Herbert Leard, A. Anderson, Bedeque; J. McKinnon, N. J. McNeill, J. Hagerty, New Annan; John E. McDonald, M. Croken Clermont; T. Deagan, B. Croken, F. Curley, N. Croken, Freetown; A. Shreean, T. L. Shreean, Kinkora; J. Croken, Emerald, J. Tearney, G. Muttart, Albany; W. Bell, Cape Traverse, Dr Flemings, Stanley; W. Jewell, Water Works, Ch'town; P. Dickson, New Glasgow.

Those are a few of the owners of Tom Medium Jr's colts and will kindly ask you to write those men if you have any doubt of Tom's colts or of him not being a sure foal getter. 80 per cent of the mares were in foal last year.

EXPECT TROUBLE OVER PRECEDENCE.

LONDON, June 2—The Daily Chronicle says in connection with the political wrangle:—"When Parliament meets a fortnight hence we are likely to hear bitter complaints of the treatment of Privy Councillors and members of Parliament at the funeral of King Edward. It is an open secret that some of the distinguished foreigners present at the funeral were displeased with the order of precedence assigned to them.

"The representative of one great European power left London post-haste as soon as the funeral was over as a protest against the place given to him in the procession, after the kings of some of the smaller states.

"Mons. Pinchon, The French Foreign Minister, was also profoundly dissatisfied with the position assigned to him in a carriage almost at the end of the funeral cortege—in fact, behind the representative of China. He was consoled, however, by the companionship of Mr. Roosevent, the representative of another great republic.

"Court functionaries do not yet realize the place of republics in the scheme of things. Every little foreign princelet was given precedence over the representatives of the United States and France, two of the greatest powers in the world."

JUMPING STARS.

"One of the most interesting things appearing in the telescope when the instrument is pointing heavenward is the appearance of jumping stars. Of course we can see stars twinkle without a telescope; but with a telescope they may be seen to jump, and actually to dance. The cause is the same—mixing currents of light and heavy air causing refraction or bending of the rays of light coming from the star. We can see the same phenomenon by looking at a small object in a room through air directly over a hot radiator. The object seems to jump and dance as if playing hide and seek with itself.

The jumping in the telescope or twinkling to the naked eye has also been explained by what is called interference. If two sources of light are placed close to each other, then on a screen placed properly we can catch an alternative band of white and dark lines. Of course if the eye be placed at a dark line it can see neither source of light. The production of these dark lines is accomplished by different light waves reaching the screen in opposite phases so as to blot out or cancel the effect due to each. In like manner it can be shown that if the star has polychromatic light, it can, and has actually been observed to change color from this effect alone.

The best time to observe this effect of star dancing is on a cold, crisp night. The telescope should be pointed to a twinkling star as near the horizon as can be found, as to see a star on the horizon we have to look through much more atmosphere than to see one in the zenith and there is consequently more chance for varied currents."

Gentlemen,—In January last, Francis Leclare, one of the men employed by me working in the lumber woods, had a tree fall on him, crushing him fearfully. He was, when found, placed on a sled and taken home, where grave fears were entertained for his recovery, his hips being badly bruised and his body turned black from his ribs to his feet. We used MINARD'S LINIMENT on him freely to deaden the pain and with the use of three bottles he was completely cured and able to return to his work.

Was Weak and Nervous.

Heart Would Stop Beating.

Mr. Paul Poul Cascapedia, Que writes:—"About five years ago gave up all hope of getting better of heart trouble. would nearly choke, and then my hear would stop beating. I could not lie on my left side, and became so nervous and weak I could not work. A friend told me to try Milburn's Heart and Nerve Pills and before the first box was taken I was almost well, and the second box completed the cure. I have advised many others to try them, and they have all been cured of the same trouble. I have offered to pay for a box for anybody they do not cure."

Milburn's Heart and Nerve Pills are a specific for all diseases or disorders arising from the heart or nerve system. They make the weak heart strong and the shaky nerves firm by imparting a strengthening and restorative influence to every organ, and tissue of the body and curing palpitation of the heart, dizziness, sleeplessness, anæmia, twitching of the muscles, sensation of "pins and needles," general debility, lack of vitality, etc.

Price, 50 cents per box or 3 boxes for $1.25 at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

THE PRINCE AND THE HOUSEMAIDS.

(Paris Letter to London Truth.)

The late King when Prince of Wales arrived at Cannes on a Sunday, and for some reason best known to himself went straight from the station where he alighted to St. Paul's English Church. The service had begun before he arrived, and, declining with a little sign of the hand to be shown to a forward place, he slipped into the place near the door and set apart for domestics and sat among them. A housemaid who had seen him as a guest of Lord Derby near Liverpool offered him the half of her hymn and prayer book, and he accepted her civility. She marked the chair on which he sat when he rose to leave at the close of the service, and told the wife of some great provincial mayor about the incident. This lady at once went to the woman who managed the church sittings and asked to have the chair—of course at a reasonable price it was a deal, with a rush seat, like the chairs one sees in Catholic churches, and might have cost three francs 50 centimes. The woman answered that it was not to be appraised as a piece of furniture, but as a highly interesting relic of royalty and as a memento (the words are hers) of how a future king sat among the servants. She had already had offers of very high prices. Finally the mayor's wife beat her down to £15.

"KISS NOT" BUTTON THE LATEST FAD

CHICAGO, June 2—Don't lose your head or temper, if the next time you bid your sweetheart a fond farewell, she proudly displays a glaring button with the words "Kiss Not" emblazoned thereon.

It merely means that she has become a member of the World's Health Organization and has signed the following pledge:

"In order to encourage good health and lessen the spread of consumption I desire to join the World's Health Organization, and hereby pledge myself to discourage the custom of kissing on the lips whenever it is in my power."

"Why not stop kissing?" is the question asked in a circular issued by this latest of health fad organizations. "It is a time honored custom and one person cannot stop it. It is only in unity that sufficient strength can be obtained to convince the civilized world that kissing is pernicious and unhealthful."

The rumor that a campaign was to be issued in the public schools of Chicago to enroll pupils and teachers in the new organization was met with a denial by Superintendent Ella Flagg Young.
